

## **Kansas Department of Credit Unions 2015 Annual Operating Fee Schedule**

### **Fee Basis**

The agency collects fees from state chartered credit unions at the beginning of each fiscal year. Fees are allocated based on the credit union's total assets at the previous year end.

Fees are also collected from foreign state chartered credit unions with Kansas branches.

### **Fee Formula**

Credit unions with assets of above \$1,000,000 are assessed a base fee plus an additional fee calculated by applying a specified index/factor to all assets over the base amount of assets depending on the credit union asset range.

The index/factor begins at \$.43/\$1000 in assets for smaller asset size credit unions and declines to \$.15/\$1000 for the largest asset size credit unions.

### **Fee Categories for Assets**

Seven categories are used to determine the annual operating fee paid by a credit union:

<b>CU Asset Range</b>	<b>Range of Fees</b>
\$1,000,000 or less	-0-
\$1,000,000 - \$5,000,000	\$816 - \$2,890
