Association of Mathematics Teacher Educators 2015 – Present

Kansas Association of Teachers of Mathematics 2015 – Present

Association for Career and Technical Education 2008 – 2012

D. Staff Development Leadership Activities

USD 443 District-Wide Monthly Twitter Chat Fall 2014-Present

Co-Creator and Moderator for #DCHSchat: Believing that the best way to learn social media is to use social media, I created a Twitter hashtag for the purpose of forming a community of connected educators working together toward a common goal. A colleague and I moderate the

monthly Twitter chat, introducing topics that range from classroom management to implementing new technology into the classroom. Teachers from all levels of the district are invited to collaborate, share ideas, or simply “listen” to conversations about becoming more effective educators. The chat is announced each month using Facebook, Twitter, posters, and even by wearing a specially designed shirt with the chat hashtag printed all over it. The Twitter chat is open to anyone and attracts 15 to 20 educators from around the state who join our conversation for an hour each month to connect and disseminate new teaching strategies. To add variety and different levels of expertise, I have also invited education consultants to guest moderate the chat.

Session Presenter at Podstock Educational Conference

July 17, 2015

Podstock is a national education conference focusing on technology and classroom innovation. My breakout session, “Powering the STEAM Engine: PBL in Secondary Math,” centered on helping math teachers develop a project they could take home and use in their classroom.

USD 443 District-Wide Technology In-Service

November 3, 2014

Breakout Session Presenter: “Creating a Flipped Classroom and a Blended Learning Environment”

During a district-wide technology focused in-service, I was asked to create and moderate a breakout session addressing flipped and blended classrooms. During the session, we discussed the reasons for flipping a classroom; the techniques I use to flip my classroom; the success I have found; the pit-falls I have encountered through my experience; and a question-and-answer session.

Building Leadership Team

2014 –Present

The Dodge City High School Building Leadership Team meets monthly to address, discuss, and solve school-wide problems and issues. I volunteered to represent the math department on the team.

Cross-Curricular Professional Learning Community

2011-2014

I was invited to join a group of educators from different departments who met every two weeks with instructional coaches to discuss various topics and to share ideas to improve instruction for our students. This transitioned into the current Twitter chat that I created in 2015.

Business Department Professional Learning Community

2011-2012

Facilitated Professional Learning Community meetings to address curricular issues and teaching strategies.

E. Awards and Recognition of Teaching

2016 Kansas Teacher of the Year (Fall 2015)
