

KANSAS BOARD OF REGENTS

HOUSE EDUCATION COMMITTEE FEBRUARY 4, 2016

Presentation on Kansas DegreeStats

Blake Flanders, Ph.D. President and CEO Kansas Board of Regents

Good afternoon Chairman Highland and Members of the Committee. I appreciate the invitation to update you on the work we have done over the past eight months to provide information to students about the degree programs offered at Kansas public universities.

When I stood before you in May of last year, I suggested that a templated format to collect information about each degree program offered at a public university in Kansas could be created, if the legislature would graciously allow the system time to coordinate the effort with each institution. Following the legislative session, we got to work honoring that recommendation and I am here today to show you “Kansas DegreeStats” – an interactive online tool which reviews cost and earnings data from real graduates for each undergraduate degree program offered at a public university in Kansas.

The attached presentation deck will facilitate. Thank you for your time.

Kansas DegreeStats

Cost and Earnings Data by Degree
from real Kansas graduates

Degree: Business

Required Hours: 120

Definition: A program that focuses on the general study of business, including the processes of interchanging goods and services (buying, selling and producing), business organization, and accounting as used in profit-making and nonprofit public and private institutions and agencies. The programs may prepare individuals to apply business principles and techniques in various occupational settings.
