RE: House Committee on Federal and State Affairs  
House Bill No. 2087 Hearing

Dear Chairman Brunk and Honorable Members of the Committee:

I am a Federal Licensed Firearms holder and would like to ask you to support HB 2087. This bill will correct the current language in Kansas Statutes to reflect the intent of the law prior to July 1, 2014, specifically as it relates to protecting businesses such as mine from local overreach.

My business is a mail order style firearms business and I would like to have the protection from being restricted by local ordinances. I do not have a store front business and do not keep inventory at my current place of business. I process individual firearm transfers for clients. However with the current language that was changed in a bill last session I am unable to move my FFL licenses from its current location to a new location. Our local governments' interpretation of this new language has caused them to believe they are able to restrict such activity on the basis of specific zoning for business commerce.

The state of Kansas had protected my business until last year when new language gave unintended authority to local jurisdictions who want to prohibit FFL's outside of predetermined zoned areas.

Mr. Chairman and members of the Committee, thank you for considering this bill. I respectfully ask for your support of HB 2087 and request that you pass it favorably out of the committee.

Sincerely

A handwritten signature in dark ink, appearing to read 'KB Arnold', with a stylized, flowing script.
