Re: HB 2296-Public Building Commission

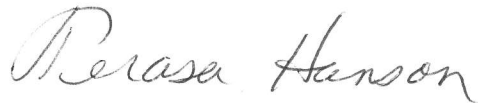

To whom it may concern:

I am a Clay County business owner and also own a few properties in Clay Center, Kansas. I would like to take this opportunity to voice my strong opinion of passing the Bill #2296 allowing all residents the privilege to vote on issues regarding the "PBC".

I do believe it is important for a community of small stature to stay informed of issues that effect their personal taxes. It is a constant battle to keep the small communities alive and thriving and one of the debates always centers back to taxes. With the privilege of voting as an individual it allows each person a contribution to the future.

I believe it is detrimental for decisions that effects entire communities to be determined by a distinct and small group.

I appreciate the consideration each of you give this important matter and I urge you to please keep in the forefront the value of small communities in Kansas.

A handwritten signature in cursive script that reads "Terasa Hanson". The ink is dark and the signature is fluid, with the first name being more prominent than the last.

Terasa Hanson
