Dear Committee Members,

On behalf of the Quinter Ambulance Service I am writing today to support the Airport Project in Quinter, under the Gove County Healthcare Endowment Foundation..

As the provider for Emergency Medical Services in Gove County, our organization directly is affected by an airport in our community.

Patients can reach their much needed emergent care far more quickly through the air then they can on land. Additionally, medical professionals can be flown in and out for consults, satellite clinics, relief pharmacy, surgery...etc.

Having an airport in Quinter will directly impact the quality of emergency care delivered to the residents in our County and Northwest Kansas.

Sincerely,
