Shari Feist Albrecht, Chair
Jay Scott Emler, Commissioner
Pat Apple, Commissioner

Sam Brownback, Governor

Joint Committee on State Building Construction
Kansas Corporation Commission
October 20, 2015 9:00 A.M.
Room 159S

Chair Brunk, Vice Chair Wolf and members of the Committee:

The Kansas Corporation Commission through the Conservation Division regulates, enforces laws and supervises activities associated with the exploration and production of oil and gas to prevent degradation of land and water resources, prevent waste of crude oil and natural gas resources, and protect correlative rights of mineral owners and royalty interests.

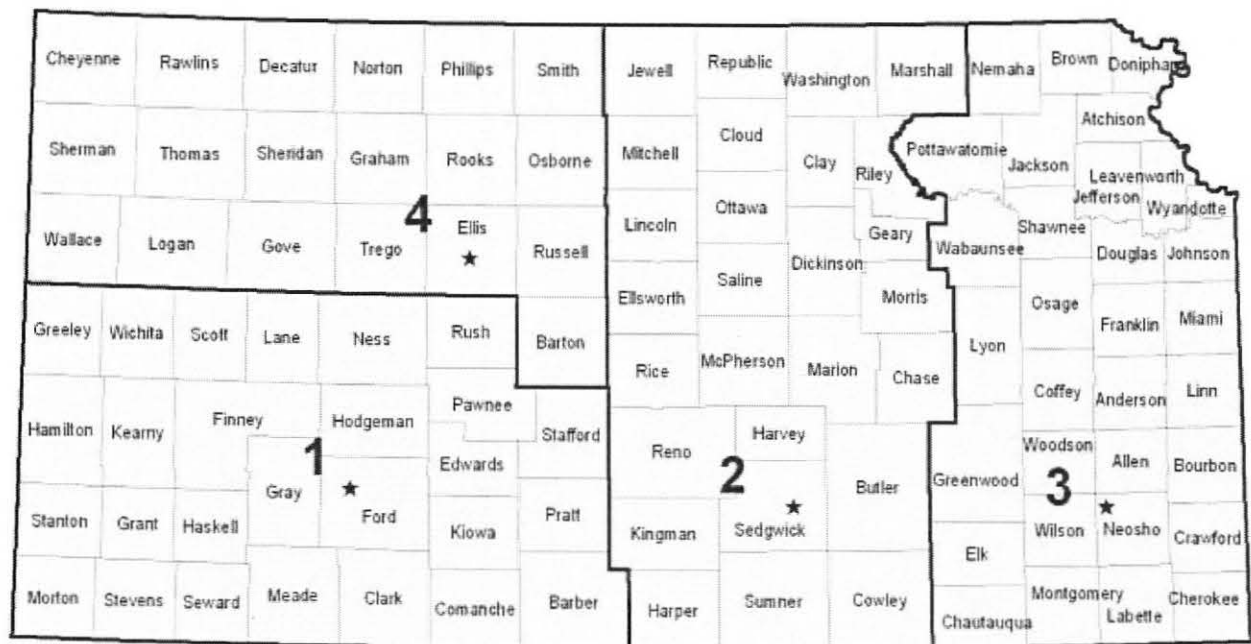

The Conservation Division is divided into four districts as shown on the attachment. The Chanute district office currently leases space from the Kansas Department of Children and Families. There are thirteen staff members that work out of this office.

The current lease for our district 3 facility in Chanute is for 2,464 square feet of office space at a rate of \$8.50 per square foot. This lease is paid from the Conservation Fee Fund. The new lease will not impact the State General Fund.

The KCC anticipates we will have similar space requirements for a new location. We are willing to co-locate with the Kansas Department of Wildlife, Parks and Tourism and the Kansas Department of Aging and Disabilities because there are operational efficiencies to be gained by co-location of the agencies.

Thank you for considering our agency's needs and please let us know if we can provide additional information.
