Dear Members of the Committee:

It has been brought to the attention of the Rush County Commission that Senate Bill 98 has been re-introduced this session and is subject to hearing on Tuesday, February 10, 2015.

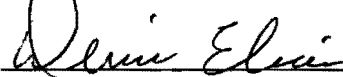

It is the position of this commission that the bill should be opposed. The concern is this is an attempt to micromanage the counties and clearly deprives the commission of its authority to make policy.

The Rush County Commission would appreciate you conveying our position to the Committee on Federal and State Affairs at the upcoming hearing.

Thank you,

Chairman
