

2LT Justin Sisson was an outstanding Soldier to serve with. At the time that I served with him he was enlisted into the 779th EN BN in Tallahassee, Florida. He always had a positive outlook on life and in the Unit. He was a great person to be around and to talk to you. He strived to do the very best he could at any task and or job that was given to him and never complained when he had to do it. It would be a great honor to see a part of the Highway named after him as he was a true leader and would have become much more. For me this would mean more than anything in the world to see him recognized for paying the ultimate sacrifice for our freedom. He is a true Hero in the eyes of my family and I as my husband and I served with him. He is gone but not forgotten.
