Be it enacted by the Legislature of the State of Kansas:

Section 1. This section shall be known and may be cited as the respiratory care interstate compact.

ARTICLE 1 – TITLE AND PURPOSE

(a) The purpose of this compact is to facilitate the interstate practice of respiratory therapy with the goal of improving public access to respiratory therapy services by providing respiratory therapists licensed in a member state the ability to practice in other member states. The compact preserves the regulatory authority of states to protect public health and safety through the current system of state licensure.

(b) This compact is designed to achieve the following objectives:

(1) Increase public access to respiratory therapy services by creating a responsible, streamlined pathway for licensees to practice in member states with the goal of improving outcomes for patients;

(2) enhance states' ability to protect the public's health and safety;

(3) promote the cooperation of member states in regulating the practice of respiratory therapy within those member states;

(4) ease administrative burdens on states by encouraging the cooperation of member states in regulating multi-state respiratory therapy practice;

(5) support relocating active military members and their spouses; and

(6) promote mobility and address workforce shortages.

(c) "Alternative program" means a non-disciplinary monitoring or practice remediation process applicable to a respiratory therapist approved by any state authority with regulatory authority over respiratory therapists. The absence of such a federal law as described in this subsection shall not prevent or preclude such authorization if it may be derived or granted through means other than the enactment of this compact.

(b) Nothing in this compact prohibits a member state from charging a fee for granting and renewing the compact privilege.

ARTICLE 4 – COMPACT PRIVILEGE

(a) To exercise the compact privilege under the terms and provisions of the compact, the licensee shall:

(1) Hold and maintain an active home state license as a respiratory therapist;

(b) The compact privilege is valid until the expiration date or revocation of the home state license unless terminated pursuant to adverse action. The licensee shall comply with all of the requirements of subsection (a) to maintain the compact privilege in a remote state. If such requirements are met, no adverse actions are taken and the licensee has paid any applicable compact privilege renewal fees, then the licensee shall maintain the licensee's compact privilege.

(c) A licensee providing respiratory therapy in a remote state under the compact privilege shall function within the scope of practice authorized by the remote state for the type of respiratory therapist license the licensee holds. Such procedures, actions, processes and the circumstances under which they may be undertaken may be established through means, including, but not limited to, statute, regulations, case law and other processes available to the state respiratory therapy licensing authority or other government agency.

(d) If a licensee's compact privilege in a remote state is removed by the remote state, the individual shall lose or be ineligible for the compact privilege in that remote state until the compact privilege is no longer limited or restricted by that state.

(b) An active military member and their spouse shall not be required to pay to the commission for a compact privilege any fee that may otherwise be charged by the commission. If a remote state chooses to charge a fee for a compact privilege, such state may choose to charge a reduced fee or no fee to an active military member and their spouse for a compact privilege.

ARTICLE 6 – ADVERSE ACTIONS

(a) A member state where a licensee is licensed shall have authority to impose adverse action against the license issued by that member state.

(b) A member state may take adverse action based on significant investigative information of a remote state or the home state, so long as the member state follows its own procedures for imposing adverse action.

(c) Nothing in this compact shall override a member state's decision that participation in an alternative program may be used in lieu of adverse action and that such participation shall remain nonpublic if required by the member state's laws.

(C) Subpoenas issued by a respiratory therapy licensing authority in a

member state for production of evidence from another member state shall be enforced in the latter state, according to the practice and procedure of that court applicable to subpoenas issued in the proceedings pending before it.

(4) notwithstanding subsection (d)(2), a member state shall not issue a subpoena to gather evidence of conduct in another member state that is lawful in such other member state for the purpose of taking adverse action against a licensee's compact privilege or application for a compact privilege in that member state; and

(5) nothing in this compact authorizes a member state to impose discipline against a respiratory therapist's compact privilege in that member state for the individual's otherwise lawful practice in another state.

(e) Joint investigations:

(1) In addition to the authority granted to a member state by its respective respiratory therapy practice act or other applicable state law, a member state may participate with other member states in joint investigations of licensees, except that a member state receiving such a request has no obligation to respond to any subpoena issued regarding an investigation of conduct or practice that was lawful in a member state at the time it was undertaken.

(2) Member states shall share any significant investigative information, litigation or compliance materials in furtherance of any joint or individual investigation initiated under the compact. In sharing such information among member state respiratory therapy licensing authorities, all information obtained shall be kept confidential, except as otherwise mutually agreed upon by the sharing and receiving member ~~state~~ **states**.

ARTICLE 9 – RULEMAKING

(a) The commission shall promulgate reasonable rules in order to effectively and efficiently implement and administer the purposes and provisions of the compact. A rule shall be invalid and have no force and effect only if a court of competent jurisdiction holds that the rule is invalid because the commission exercised its rulemaking authority in a manner that is beyond the scope and purposes of the compact or the powers granted hereunder or based upon another applicable standard of review.

(b) For purposes of the compact, the rules of the commission shall have the force of law in each member state.

(c) The commission shall exercise its rulemaking powers pursuant to the criteria set forth in this section and the rules adopted thereunder. Rules shall become binding as of the date specified in each rule.

(d) If a majority of the legislatures of the member states rejects a rule or portion of a rule, by enactment of a statute or resolution in the same manner used to adopt the compact within four years of the date of adoption

of the rule, then such rule shall have no further force and effect in any member state.

(3) in such other ways as the commission may specify by rule.

(h) The notice of proposed rulemaking shall include:

(1) The time, date and location of the public hearing where the commission will hear public comments on the proposed rule and, if different, the time, date and location of the meeting where the commission will consider and vote on the proposed rule;

(i) All hearings will be recorded. A copy of the recording and all written comments and documents received by the commission in response to the proposed rule shall be available to the public.

(j) Nothing in this section shall be construed as requiring a separate hearing on each rule. Rules may be grouped for the convenience of the commission at hearings required by this section.

(k) The commission shall, by majority vote of all commissioners, take final action on the proposed rule based on the rulemaking record and the full text of the rule.

(1) The commission may adopt changes to the proposed rule if the changes are consistent with the original purpose of the proposed rule.

(2) The commission shall provide an explanation of the reasons for substantive changes made to the proposed rule as well as reasons for substantive changes not made that were recommended by commenters.

(3) The commission shall determine a reasonable effective date for the rule. Except for an emergency as provided in subsection (l), the effective date of the rule shall be not earlier than 30 days after issuing the notice that it adopted or amended the rule.

(l) Upon determination that an emergency exists, the commission may consider and adopt an emergency rule with 24 hours' notice and an opportunity to comment, ~~except~~ **provided** that the usual rulemaking procedures provided in the compact and in this section shall be retroactively applied to the rule as soon as reasonably possible but in no event later than 90 days after the effective date of the rule. For the purposes of this provision, an emergency rule is one that shall be adopted immediately in order to:

(1) Meet an imminent threat to public health, safety or welfare;

(2) prevent a loss of commission or member state funds;

(3) meet a deadline for the promulgation of a rule that is established by federal law or rule; ~~and~~ **or**

(4) protect public health and safety.

(m) The commission or an authorized committee of the commission may direct revisions to a previously adopted rule for purposes of correcting typographical errors, errors in format, errors in consistency or grammatical errors. Public notice of any revisions shall be posted on the website of the commission. The revision shall be subject to challenge by any person for a period of 30 days after posting. The revision may be challenged only on grounds that the revision results in a material change to a rule. A challenge shall be made in writing and delivered to the commission prior to the end of the notice period. If no challenge is made, the revision shall take effect without further action. If the revision is challenged, the revision may not take effect without the approval of the commission.

(n) A member state's rulemaking process or procedural requirements shall not apply to the commission. The commission shall have no authority over any member state's rulemaking process or procedural requirements that do not pertain to the compact.

(o) The provisions of this compact and any rule or regulation of the commission shall not be construed to limit, restrict or in any way reduce the ability of a member state to enact and enforce laws, regulations or other rules related to the practice of respiratory therapy in that state, where those laws, regulations or other rules are not inconsistent with the provisions of this compact.

ARTICLE 10 – OVERSIGHT, DISPUTE RESOLUTION AND ENFORCEMENT

(a) Oversight:

(1) The executive and judicial branches of state government in each

member state shall enforce this compact and take all actions necessary and appropriate to implement the compact.

(2) Venue is proper, and judicial proceedings by or against the commission shall be brought solely and exclusively in a court of competent jurisdiction where the principal office of the commission is located. The commission may waive venue and jurisdictional defenses to the extent it adopts or consents to participate in alternative dispute resolution proceedings. The provisions of this compact shall not affect or limit the selection or propriety of venue in any action against a licensee for professional malpractice, misconduct or any such similar matter.

(3) The commission shall be entitled to receive service of process in any proceeding regarding the enforcement or interpretation of the compact and have standing to intervene in such a proceeding for all purposes. Failure to provide the commission service of process shall render a judgment or order void as to the commission, this compact or promulgated rules.

(b) Default, technical assistance and termination.

(1) If the commission determines that a member state has defaulted in the performance of its obligations or responsibilities under this compact or the promulgated rules, the commission shall provide written notice to the defaulting state. The notice of default shall describe the default, the proposed means of curing the default and any other action that the commission may take and shall offer training and specific technical assistance regarding the default.

(2) The commission shall provide a copy of the notice of default to the other member states.

(c) If a state in default fails to cure the default, the defaulting state may be terminated from the compact upon an affirmative vote of a majority of the commissioners of the member states and all rights, privileges and benefits conferred on that state by this compact may be terminated on the effective date of termination. A cure of the default shall not relieve the offending state of obligations or liabilities incurred during the period of default.

(d) Termination of membership in the compact shall be imposed only after all other means of securing compliance have been exhausted. Notice of intent to suspend or terminate shall be given by the commission to the governor, the majority and minority leaders of the defaulting state's legislature, the defaulting state's respiratory therapy licensing authority and each of the member states' respiratory therapy licensing authorities.

(e) A state that has been terminated shall be responsible for all assessments, obligations and liabilities incurred through the effective date of termination, including obligations that extend beyond the effective date of termination, if necessary.

(f) Upon the termination of a state's membership from this compact, that state shall immediately provide notice of such termination to all licensees and compact privilege holders, of which the commission has a record, within that state. The terminated state shall continue to recognize all licenses granted pursuant to this compact for a minimum of 180 days after the date of such notice of termination.

(g) The commission shall not bear any costs related to a state that is found to be in default or that has been terminated from the compact unless agreed upon in writing between the commission and the defaulting state.

(h) The defaulting state may appeal the action of the commission by petitioning the United States district court for the District of Columbia or the federal district where the commission has its principal offices. The prevailing party shall be awarded all costs of such litigation, including reasonable attorney fees.

(i) Dispute resolution:

(1) Upon request by a member state, the commission shall attempt to resolve disputes related to the compact that arise among member states and between member and nonmember states.

(2) The commission shall promulgate a rule providing for both mediation and binding dispute resolution for disputes, as appropriate.

(j) Enforcement:

(1) By majority vote, as may be further provided by rule, the commission may initiate legal action against a member state in default in the United States district court for the District of Columbia or the federal district where the commission has its principal offices to enforce compliance with the provisions of the compact and its promulgated rules. A member state by enactment of this compact consents to venue and jurisdiction in such court for the purposes set forth in this compact. The relief sought may include both injunctive relief and damages. In the event that judicial enforcement is necessary, the prevailing party shall be awarded all costs of such litigation, including reasonable attorney fees. The remedies in this compact shall not be the exclusive remedies of the commission. The commission may pursue any other remedies available under federal or the defaulting member state's law.

(2) A member state may initiate legal action against the commission in the United States district court for the District of Columbia or the federal district where the commission has its principal offices to enforce compliance with the provisions of the compact and its promulgated rules. The relief sought may include both injunctive relief and damages. In the event that judicial enforcement is necessary, the prevailing party shall be awarded all costs of such litigation, including reasonable attorney fees.

(3) No person other than a member state shall enforce this compact against the commission.

ARTICLE 11 – EFFECTIVE DATE,
WITHDRAWAL AND AMENDMENT

(a) ~~The compact shall come into effect on~~ ***Effective date means*** the date that the compact statute is enacted into law in the seventh member state. ***The compact shall come into effect on the effective date.***

(1) On or after the effective date of the compact, the commission shall convene and review the enactment of each of the first seven member states, charter member states, to determine if the statute enacted by each such charter member state is materially different than the model compact.

(A) A charter member state whose enactment is found to be materially different from the model compact shall be entitled to the default process set forth in article 10.

(B) If any member state is later found to be in default or is terminated or withdraws from the compact, the commission shall remain in existence and the compact shall remain in effect even if the number of member states should be fewer than seven.

(2) Member states enacting the compact subsequent to the seven initial charter member states shall be subject to the process set forth in this compact and commission rule to determine if such ~~states~~ **states'** enactments are materially different from the model compact and whether such states qualify for participation in the compact.

(3) All actions taken for the benefit of the commission or in furtherance of the purposes of the administration of the compact prior to the effective date of the compact or the commission coming into existence shall be considered to be actions of the commission unless specifically repudiated by the commission. The commission shall own and have all rights to any intellectual property developed on behalf or in furtherance of the commission by individuals or entities involved in organizing or establishing the commission, as may be further set forth in rules of the commission.

(4) Any state that joins the compact subsequent to the commission's initial adoption of the rules and bylaws shall be subject to the rules and bylaws as they exist on the date that the compact becomes law in that state. Any rule that has been previously adopted by the commission shall have the full force and effect of law on the date that the compact becomes law in that state.

(b) Any member state may withdraw from such compact by enacting a statute repealing the same.

(1) A member state's withdrawal shall not take effect until 180 days after enactment of the repealing statute.

(2) Withdrawal shall not affect the continuing requirement of the withdrawing state's respiratory therapy licensing authority to comply with the investigative and adverse action reporting requirements of this compact

prior to the effective date of withdrawal.

(3) Upon the enactment of a statute withdrawing from this compact, a state shall immediately provide notice of such withdrawal to all licensees and compact privilege holders, of which the commission has a record, within that state. Notwithstanding any subsequent statutory enactment to the contrary, such withdrawing state shall continue to recognize all licenses granted pursuant to this compact for a minimum of 180 days after the date of such notice of withdrawal.

(c) The provisions of this compact shall not be construed to invalidate or prevent any licensure agreement or other cooperative arrangement between a member state and a nonmember state that does not conflict with the provisions of this compact.

(d) This compact may be amended by the member states. No amendment to this compact shall become effective and binding upon any member state until it is enacted into the laws of all member states.

ARTICLE 12 – CONSTRUCTION AND SEVERABILITY

(a) This compact and the commission's rulemaking authority shall be liberally construed so as to effectuate the purposes and the implementation and administration of the compact. Provisions of the compact expressly authorizing or requiring the promulgation of rules shall not be construed to limit the commission's rulemaking authority solely for those purposes.

(b) The provisions of this compact shall be severable, and if any phrase, clause, sentence or provision of this compact is held by a court of competent jurisdiction to be contrary to the constitution of any member state, a state seeking participation in the compact or of the United States or the applicability thereof to any government, agency, person or circumstance is held to be unconstitutional by a court of competent jurisdiction, the validity of the remainder of this compact and the applicability thereof to any other government, agency, person or circumstance shall not be affected thereby.

(c) Notwithstanding subsection (b), the commission may deny a state's participation in the compact or, in accordance with the requirements of article 10, terminate a member state's participation in the compact if the commission determines that a constitutional requirement of a member state is a material departure from the compact. If this compact shall be held to be contrary to the constitution of any member state, the compact shall remain in full force and effect as to the remaining member states and in full force and effect as to the member state affected as to all severable matters.

ARTICLE 13 – CONSISTENT EFFECT AND
CONFLICT WITH OTHER STATE LAWS

(a) Nothing in this compact shall prevent or inhibit the enforcement of any other law of a member state that is not inconsistent with the

compact.

(b) Any laws, statutes, regulations or other legal requirements in a member state in conflict with the compact are superseded to the extent of the conflict, including any subsequently enacted state laws.

(c) All permissible agreements between the commission and the member states shall be binding in accordance with their terms.

(d) Except as expressly set forth in this compact, nothing in this compact shall impact initial licensure.

Sec. 2. This act shall take effect and be in force from and after its publication in the statute book.
