Be it enacted by the Legislature of the State of Kansas:

New Section 1. (a) Sections 1 through 9, and amendments thereto, shall be known and may be cited as the Kansas real time motor vehicle insurance verification act.

(b) As used in this act:

(1) "Act" means the Kansas real time motor vehicle act.

(2) "Commercial vehicle coverage" means any coverage provided to an insured, regardless of number of vehicles covered, under a commercial coverage form and rated from a commercial manual approved by the department.

(3) "Commissioner" means the commissioner of insurance.

(4) "Department" means the Kansas insurance department.

(5) "Insurance verification system" means the web-based system for online verification of motor vehicle liability insurance.

(6) "KDOR" means the Kansas department of revenue.

New Sec. 2. (a) The commissioner shall establish a web-based system for online verification of motor vehicle insurance and require motor vehicle insurers to establish functionality for such system, as specified in this act. Implementation of the insurance verification system, including any exceptions as provided for in this act, supersedes any existing motor vehicle liability insurance verification system requirements and shall be the sole electronic system used for the purpose of verifying motor vehicle liability insurance as required by the laws of Kansas.

(b) The commissioner shall adopt such reasonable rules and regulations as are necessary to effectuate the provisions of this act.

New Sec. 3. (a) The insurance verification system shall:

(1) (A) Transmit requests to insurers for verification of motor vehicle liability insurance via web services established by the insurers in compliance with specifications and standards prescribed by the commissioner in rules and regulations; and

(B) insurance company systems shall respond to each request for verification of motor vehicle liability insurance with a prescribed response upon evaluation of the data provided in such request;

(2) include appropriate provisions to secure its data against unauthorized access in accordance with applicable data privacy protection laws;

(3) be used for verification of motor vehicle liability insurance as prescribed by the laws of Kansas and shall be accessible to authorized personnel of the department, KDOR division of vehicles, the courts, law enforcement agencies and other entities authorized by state or federal privacy laws;

(4) be interfaced, wherever appropriate, with existing state systems; and

(5) include information that shall enable authorized personnel to make inquiries of insurers of motor vehicle liability insurance by using multiple data elements for greater matching accuracy, including, but not limited to:

(A) Insurer national association of insurance commissioners company code number;

(B) vehicle identification number;

(C) policy number;

(D) verification date; or

(E) any other information required by the commissioner or KDOR to operate the insurance verification system.

New Sec. 4. The commissioner may conduct a competitive bid and contract with a private service provider that has successfully implemented similar systems in other states to assist in establishing, implementing and maintaining the insurance verification system.

New Sec. 5. The department shall provide funding for the implementation, ongoing maintenance and enhancement of the insurance verification system created by this act from the insurance department regulation service fund, established under K.S.A. 40-112, and amendments thereto.

New Sec. 6. (a) Insurers shall cooperate with the commissioner and KDOR in establishing and maintaining the insurance verification system and provide motor vehicle insurance policy status information as provided in rules and regulations established by the commissioner.

(b) Insurer systems shall be permitted reasonable system downtime for maintenance and other work with advance notice to KDOR. Insurers shall not be subject to enforcement fees or other penalties under such circumstances or when systems are unavailable because of emergency, outside attack or other unexpected outages not planned by the insurer and that are reasonably outside its control as determined by KDOR.

(c) Each property and casualty insurance company that is licensed to issue motor vehicle liability insurance or is authorized to do business in Kansas shall provide verification of liability insurance for every motor vehicle insured in Kansas by such company as required by this act.

(d) This act shall not apply to vehicles insured under commercial motor vehicle coverage, except that insurers of such vehicles may participate on a voluntary basis.

(e) Insurers shall not be required to verify evidence of insurance for vehicles registered in other jurisdictions.

(f) Insurers shall be immune from civil and administrative liability for good faith efforts to comply with the terms of this act.

(g) Nothing in this section shall prohibit an insurer from using the services of a third-party vendor to facilitate the insurance verification program required by this act.

New Sec. 7. The commissioner may establish, through rules and regulations, an alternative method for verifying motor vehicle liability insurance for insurers that insure 1,000 or fewer vehicles within Kansas.

New Sec. 8. All information and data provided by insurance companies to the insurance verification system, and all reports, responses or other information generated for the purposes of the insurance verification system shall be confidential by law and privileged, shall not be subject to the open records act, K.S.A. 45-215, and amendments thereto, and shall not be subject to discovery or admissible as evidence in any private civil action.

New Sec. 9. The insurance verification system shall be fully operational not later than July 1, 2026, following an appropriate testing period of not less than nine months. No enforcement action shall be taken based on information obtained from the insurance verification system until such system has successfully completed the testing period.

New Sec. 10. Establishing compliance with the provisions of K.S.A. 40-3104, and amendments thereto, through the insurance verification system shall not be the primary cause for law enforcement to stop a vehicle.
