9
10 AN ACT concerning agriculture; creating a biological and industrial
11 value-added facility at Kansas state university.

12
13 *Be it enacted by the Legislature of the State of Kansas:*

14 Section 1. There is hereby established at Kansas state university a
15 biological and industrial value-added facility. Such facility would be de-
16 signed to provide opportunities to discover new and added ways to further
17 the university's speciality educational and research programs in process-
18 ing and creating value-added products for wheat and food grains. **In iden-**
19 **tifying projects and opportunities to be pursued at such facility,**
20 **priority and emphasis shall be given to such projects and oppor-**
21 **tunities that provide the most potential for increasing profitability**
22 **of Kansas producers.** The facility shall include food and feed processing
23 pilot plants, a value-added pilot plant, applied research, processing and
24 testing laboratories, a controlled environment area, the ability to retrieve,
25 store, use and strip ingredients, equipment and finished goods, the use
26 of equipment and systems to conduct its activities and needed research
27 and other activities necessary to carry out the provisions of this act.

28 Sec. 2. This act shall take effect and be in force from and after its
29 publication in the statute book.
