12  
13 *Be it resolved by the House of Representatives of the State of Kan-*  
14 *sas:* That the State Corporation Commission (“KCC”) is requested to:  
15 (a) Request each provider of service for the transmission of two-way video  
16 or data messages (including any incumbent local exchange carrier, tele-  
17 communications carrier, cable provider, wireless provider or other carrier  
18 or provider) to provide the KCC with maps depicting those areas of the  
19 state where such provider provides, or will provide by January 1, 2006,  
20 Internet service with both upstream transmission, from customer to pro-  
21 vider, and downstream transmission, from provider to customer, of at  
22 least 200 kilobits per second (“high speed Internet service”). Any such  
23 provider which provided maps to the Special Committee on Utilities in

25 if available; (b) request that the providers provide information regarding  
26 the technology or technologies (i.e., DSL, cable modems, wireless tech-  
27 nologies) used to provide high speed Internet service; (c) encourage each  
28 provider to submit information regarding those areas of the state where  
29 the provider provides, or will provide by January 1, 2006, Internet service  
30 with both upstream and downstream transmission of more than 200 kil-

34 may provide maps and information that identify only areas being provided  
35 with high speed Internet service, but not the identity of the provider; and  
36 *Be it further resolved:* That the Chief Clerk of the House of Repre-  
37 sentatives provide an enrolled copy of this resolution to each member of  
38 the State Corporation Commission.
