Not more than 40% of the total of credits allowed under this section shall be allocated to any one postsecondary educational institution unless all such postsecondary educational institutions approve an allocation to any one such postsecondary educational institution which exceeds 40% of the total of such credits allowed under this section.

Such credit shall be deemed to be allowed and earned by any such taxpayer which is only disqualified therefrom by reason of not being subject to such Kansas taxes. The taxpayer acquiring earned credits, hereinafter designated the transferee, may use the amount of the acquired credits to offset up to 100% of the taxpayer's income, privilege or premiums tax liability for the taxable year in which such acquisition was made. Such credits may be sold or transferred only one time and, if sold or transferred, shall be transferred in the tax year such credit is earned or the two successive tax years. A transferred credit shall be claimed in the year purchased. The transferor shall enter into a written agreement with the transferee establishing the terms and conditions of the sale or transfer and shall perfect such transfer by notifying the secretary of revenue in writing within 30 calendar days following the effective date of the transfer, subject to the review and approval or denial of such transfer by the secretary of revenue. The transferor and transferee shall provide any information pertaining to the sale or transfer as may be required by the secretary of revenue to administer and carry out the provisions of this section. The amount received by the transferor of such tax credit shall be taxable as income of the transferor, and the excess of the value of such credit over the amount paid by the transferee for such credit shall be taxable as income of the transferee.

(f) The secretary of revenue shall submit an annual report to the legislature to assist the legislature in the evaluation of the utilization of any credits claimed pursuant to this act, including information specific as to each community college, technical college or postsecondary educational institution.
