

SENATE BILL No. 83

AN ACT concerning the employment security law; relating to contribution rates; eligibility for benefits; amending K.S.A. 2006 Supp. 44-703, 44-705 and 44-710a and repealing the existing sections.

Be it enacted by the Legislature of the State of Kansas:

Section 1. On the effective date of this act, K.S.A. 2006 Supp. 44-703 is hereby amended to read as follows: 44-703. As used in this act, unless the context clearly requires otherwise:

(a) (1) "Annual payroll" means the total amount of wages paid or payable by an employer during the calendar year.

(2) "Average annual payroll" means the average of the annual payrolls of any employer for the last three calendar years immediately preceding the computation date as hereinafter defined if the employer has been continuously subject to contributions during those three calendar years and has paid some wages for employment during each of such years. In determining contribution rates for the calendar year, if an employer has not been continuously subject to contribution for the three calendar years immediately preceding the computation date but has paid wages subject to contributions during only the two calendar years immediately preceding the computation date, such employer's "average annual payroll" shall be the average of the payrolls for those two calendar years.

(3) "Total wages" means the total amount of wages paid or payable by an employer during the calendar year, including that part of remuneration in excess of the limitation prescribed as provided in subsection (o)(1) of this section.

(b) "Base period" means the first four of the last five completed calendar quarters immediately preceding the first day of an individual's benefit year, except that the base period in respect to combined wage claims means the base period as defined in the law of the paying state.

(1) If an individual lacks sufficient base period wages in order to establish a benefit year in the matter set forth above and satisfies the requirements of subsection (g) of K.S.A. 44-705 and subsection (hh) of K.S.A. 44-703, and amendments thereto, the claimant shall have an alternative base period substituted for the current base period so as not to prevent establishment of a valid claim. For the purposes of this subsection, "alternative base period" means the last four completed quarters immediately preceding the date the qualifying injury occurred. In the event the wages in the alternative base period have been used on a prior claim, then they shall be excluded from the new alternative base period.

(2) For the purposes of this chapter, the term "base period" includes the alternative base period.

(c) (1) "Benefits" means the money payments payable to an individual, as provided in this act, with respect to such individual's unemployment.

(2) "Regular benefits" means benefits payable to an individual under this act or under any other state law, including benefits payable to federal civilian employees and to ex-servicemen pursuant to 5 U.S.C. chapter 85, other than extended benefits.

(d) "Benefit year" with respect to any individual, means the period beginning with the first day of the first week for which such individual files a valid claim for benefits, and such benefit year shall continue for one full year. In the case of a combined wage claim, the benefit year shall be the benefit year of the paying state. Following the termination of a benefit year, a subsequent benefit year shall commence on the first day of the first week with respect to which an individual next files a claim for benefits. When such filing occurs with respect to a week which overlaps the preceding benefit year, the subsequent benefit year shall commence on the first day immediately following the expiration date of the preceding benefit year. Any claim for benefits made in accordance with subsection (a) of K.S.A. 44-709, and amendments thereto, shall be deemed to be a "valid claim" for the purposes of this subsection if the individual has been paid wages for insured work as required under subsection (e) of K.S.A. 44-705 and amendments thereto. Whenever a week of unemployment overlaps two benefit years, such week shall, for the purpose of granting waiting-period credit or benefit payment with respect thereto, be deemed to be a week of unemployment within that benefit year in which the greater part of such week occurs.

(e) "Commissioner" or "secretary" means the secretary of labor.

(f) (1) "Contributions" means the money payments to the state em-

ployment security fund which are required to be made by employers on account of employment under K.S.A. 44-710, and amendments thereto, and voluntary payments made by employers pursuant to such statute.

(2) “Payments in lieu of contributions” means the money payments to the state employment security fund from employers which are required to make or which elect to make such payments under subsection (e) of K.S.A. 44-710 and amendments thereto.

All individuals performing services within this state for any employing unit which maintains two or more separate establishments within this state shall be deemed to be employed by a single employing unit for all the purposes of this act. Each individual employed to perform or to assist in performing the work of any agent or employee of an employing unit shall be deemed to be employed by such employing unit for all the purposes of this act, whether such individual was hired or paid directly by such employing unit or by such agent or employee, provided the employing unit had actual or constructive knowledge of the employment.

Except as provided by K.S.A. 44-757 and amendments thereto, an unemployed individual shall be eligible to receive benefits with respect to any week only if the secretary, or a person or persons designated by the secretary, finds that:

(a) The claimant has registered for work at and thereafter continued to report at an employment office in accordance with rules and regulations adopted by the secretary, except that, subject to the provisions of subsection (a) of K.S.A. 44-704 and amendments thereto, the secretary may adopt rules and regulations which waive or alter either or both of the requirements of this subsection (a).

(b) The claimant has made a claim for benefits with respect to such week in accordance with rules and regulations adopted by the secretary.

(c) The claimant is able to perform the duties of such claimant's customary occupation or the duties of other occupations for which the claimant is reasonably fitted by training or experience, and is available for work, as demonstrated by the claimant's pursuit of the full course of action most reasonably calculated to result in the claimant's reemployment except that, notwithstanding any other provisions of this section, an unemployed claimant otherwise eligible for benefits shall not become ineligible for benefits because of the claimant's enrollment in and satisfactory pursuit of approved training, including training approved under section 236(a)(1) of the trade act of 1974.

For the purposes of this subsection, an inmate of a custodial or correctional institution shall be deemed to be unavailable for work and not eligible to receive unemployment compensation while incarcerated.

(d) (1) *Except as provided further*, the claimant has been unemployed for a waiting period of one week or the claimant is unemployed and has satisfied the requirement for a waiting period of one week under the shared work unemployment compensation program as provided in subsection (k)(4) of K.S.A. 44-757 and amendments thereto, which period of one week, in either case, occurs within the benefit year which includes the week for which the claimant is claiming benefits. No week shall be counted as a week of unemployment for the purposes of this subsection (d):

- (A) If benefits have been paid for such week;
- (B) if the individual fails to meet with the other eligibility requirements of this section; or
- (C) if an individual is seeking unemployment benefits under the unemployment compensation law of any other state or of the United

States, except that if the appropriate agency of such state or of the United States finally determines that the claimant is not entitled to unemployment benefits under such other law, this subsection (d)(3) shall not apply.

(2) *The waiting week requirement of paragraph (1) shall not apply to new claims, filed on or after July 1, 2007, by claimants who become unemployed as a result of an employer terminating business operations within this state, declaring bankruptcy or initiating a work force reduction pursuant to public law 100-379, the federal worker adjustment and retraining notification act (29 U.S.C. 2101 through 2109), as amended. The secretary shall adopt rules and regulations to administer the provisions of this paragraph.*

(3) *A claimant shall become eligible to receive compensation for the waiting period of one week, pursuant to paragraph (1), upon completion of three weeks of unemployment consecutive to such waiting period.*

(e) For benefit years established on and after the effective date of this act, the claimant has been paid total wages for insured work in the claimant's base period of not less than 30 times the claimant's weekly benefit amount and has been paid wages in more than one quarter of the claimant's base period, except that the wage credits of an individual earned during the period commencing with the end of a prior base period and ending on the date on which such individual filed a valid initial claim shall not be available for benefit purposes in a subsequent benefit year unless, in addition thereto, such individual has returned to work and subsequently earned wages for insured work in an amount equal to at least eight times the claimant's current weekly benefit amount.

(f) The claimant participates in reemployment services, such as job search assistance services, if the individual has been determined to be likely to exhaust regular benefits and needs reemployment services pursuant to a profiling system established by the secretary, unless the secretary determines that: (1) The individual has completed such services; or (2) there is justifiable cause for the claimant's failure to participate in such services.

(g) The claimant is returning to work after a qualifying injury and has been paid total wages for insured work in the claimant's alternative base period of not less than 30 times the claimant's weekly benefit amount and has been paid wages in more than one quarter of the claimant's alternative base period if:

(2) The claimant files for benefits within 24 months of the date the qualifying injury occurred.

(3) The claimant attempted to return to work with the employer where the qualifying injury occurred, but the individual's regular work or comparable and suitable work was not available.

Sec. 3. On the effective date of this act, K.S.A. 2006 Supp. 44-710a is hereby amended to read as follows: 44-710a. (a) *Classification of employers by the secretary.* The term "employer" as used in this section refers to contributing employers. The secretary shall classify employers in accordance with their actual experience in the payment of contributions on their own behalf and with respect to benefits charged against their accounts with a view of fixing such contribution rates as will reflect such experience. If, as of the date such classification of employers is made, the secretary finds that any employing unit has failed to file any report required in connection therewith, or has filed a report which the secretary finds incorrect or insufficient, the secretary shall make an estimate of the information required from such employing unit on the basis of the best evidence reasonably available to the secretary at the time, and notify the employing unit thereof by mail addressed to its last known address. Unless such employing unit shall file the report or a corrected or sufficient report as the case may be, within 15 days after the mailing of such notice, the secretary shall compute such employing unit's rate of contributions on the basis of such estimates, and the rate as so determined shall be subject to increase but not to reduction on the basis of subsequently ascertained information. The secretary shall determine the contribution rate of each employer in accordance with the requirements of this section.

(1) *New employers.* (A) No employer will be eligible for a rate com-

putation until there have been 24 consecutive calendar months immediately preceding the computation date throughout which benefits could have been charged against such employer's account.

(B) (i) *For the rate year 2007 and each rate year thereafter, each employer who is not eligible for a rate contribution shall pay contributions equal to 4% of wages paid during each calendar year with regard to employment except such employers engaged in the construction industry shall pay a rate equal to 6%.*

(ii) *For rate years prior to 2007, employers who are not eligible for a rate computation shall pay contributions at an assigned rate equal to the sum of 1% plus the greater of the average rate assigned in the preceding calendar year to all employers in such industry sector or the average rate assigned to all covered employers during the preceding calendar year, except that in no instance shall any such assigned rate be less than 2%. Employers engaged in more than one type of industrial activity shall be classified by principal activity. All rates assigned will remain in effect for a complete calendar year. If the sale or acquisition of a new establishment would require reclassification of the employer to a different industry sector, the employer would be promptly notified, and the contribution rate applicable to the new industry sector would become effective the following January 1.*

~~(ii)~~ (iii) *For purposes of this subsection (a), employers shall be classified by industrial activity in accordance with standard procedures as set forth in rules and regulations adopted by the secretary.*

(C) "Computation date" means June 30 of each calendar year with respect to rates of contribution applicable to the calendar year beginning with the following January 1. In arriving at contribution rates for each calendar year, contributions paid on or before July 31 following the computation date for employment occurring on or prior to the computation date shall be considered for each contributing employer who has been subject to this act for a sufficient period of time to have such employer's rate computed under this subsection (a).

(2) *Eligible employers.* (A) A reserve ratio shall be computed for each eligible employer by the following method: Total benefits charged to the employer's account for all past years shall be deducted from all contributions paid by such employer for all such years. The balance, positive or negative, shall be divided by the employer's average annual payroll, and the result shall constitute the employer reserve ratio.

(B) Negative account balance employers as defined in subsection (d) shall pay contributions at the rate of 5.4% for each calendar year.

(C) Eligible employers, other than negative account balance employers, who do not meet the average annual payroll requirements as stated in subsection (a)(2) of K.S.A. 44-703, and amendments thereto, will be issued the maximum rate indicated in subsection (a)(3)(C) of this section until such employer establishes a new period of 24 consecutive calendar months immediately preceding the computation date throughout which benefits could have been charged against such employer's account by resuming the payment of wages. Contribution rates effective for each calendar year thereafter shall be determined as prescribed below.

(D) As of each computation date, the total of the taxable wages paid during the 12-month period prior to the computation date by all employers eligible for rate computation, except negative account balance employers, shall be divided into 51 approximately equal parts designated in column A of schedule I as "rate groups," except, with regard to a year in which the taxable wage base changes. The taxable wages used in the calculation for such a year and the following year shall be an estimate of what the taxable wages would have been if the new taxable wage base had been in effect during the entire twelve-month period prior to the computation date. The lowest numbered of such rate groups shall consist of the employers with the most favorable reserve ratios, as defined in this section, whose combined taxable wages paid are less than 1.96% of all taxable wages paid by all eligible employers. Each succeeding higher numbered rate group shall consist of employers with reserve ratios that are less favorable than those of employers in the preceding lower numbered rate groups and whose taxable wages when combined with the taxable wages of employers in all lower numbered rate groups equal the appropriate percentage of total taxable wages designated in column B of schedule I. Each eligible employer, other than a negative account balance

employer, shall be assigned an experience factor designated under column C of schedule I in accordance with the rate group to which the employer is assigned on the basis of the employer's reserve ratio and taxable payroll. If an employer's taxable payroll falls into more than one rate group the employer shall be assigned the experience factor of the lower numbered rate group. If one or more employers have reserve ratios identical to that of the last employer included in the next lower numbered rate group, all such employers shall be assigned the experience factor designated to such last employer, notwithstanding the position of their taxable payroll in column B of schedule I.

(B) *Adjustment to taxable wages.* The planned yield as a percent of total wages, as determined in this subsection (a)(3), shall be adjusted to taxable wages by multiplying by the ratio of total wages to taxable wages for all contributing employers for the preceding fiscal year ending June 30, except, with regard to a year in which the taxable wage base changes. The taxable wages used in the calculation for such a year and the following year shall be an estimate of what the taxable wages would have been if the new taxable wage base had been in effect during all of the preceding fiscal year ending June 30.

(C) *Effective rates.* (i) Except with regard to rates for negative account balance employers, employer contribution rates to be effective for the ensuing calendar year shall be computed by adjusting proportionately the experience factors from schedule I of this section to the required yield on taxable wages. For the purposes of this subsection (a)(3), all rates computed shall be rounded to the nearest .01% and for calendar year

1983 and ensuing calendar years, the maximum effective contribution rate shall not exceed 5.4%.

(ii) *For rate year 2007 and subsequent rate years, employers who are current in filing quarterly wage reports and in payment of all contributions due and owing, shall be issued a contribution rate based upon the following reduction: for rate groups 1 through 5, the rates would be reduced to 0.00%; for rate groups 6 through 28, the rates would be reduced by 50%; for rate groups 29 through 51, the rates would be reduced by 40%.*

(iii) *In order to be eligible for the reduced rates for rate year 2007, the employer must file all late reports and pay all contributions due and owing within a 30-day period following the date of mailing of the amended rate notice.*

(iv) *In order to be eligible for the reduced rates for rate year 2008 and subsequent rate years, employers must file all reports due and pay all contributions due and owing on or before January 31 of the applicable year, except that the reduced rates for otherwise eligible employers shall not be effective for any rate year if the average high cost multiple of the employment security trust fund balance falls below 1.2 as of the computation date of that year's rates. For the purposes of this provision, the average high cost multiple is the reserve fund ratio, as defined by subsection (a)(3)(A), divided by the average high benefit cost rate. The average high benefit cost rate shall be determined by averaging the three highest benefit cost rates over the last 20 years from the preceding fiscal year which ended June 30. The high benefit cost rate is defined by dividing total benefits paid in the fiscal year by total payrolls for covered employers in the fiscal year.*

(b) *Successor classification.* (1) (A) For the purposes of this subsection (b), whenever an employing unit, whether or not it is an “employing unit” within the meaning of subsection (g) of K.S.A. 44-703, and amendments thereto, becomes an employer pursuant to subsection (h)(4) of K.S.A. 44-703, and amendments thereto, or is an employer at the time of acquisition and meets the definition of a “successor employer” as defined by subsection (dd) of K.S.A. 44-703, and amendments thereto, and thereafter transfers its trade or business, or any portion thereof, to another employer and, at the time of the transfer, there is substantially common ownership, management or control of the two employers, then the unemployment experience attributable to the transferred trade or business shall be transferred to the employer to whom such business is so transferred. These experience factors consist of all contributions paid, benefit experience and annual payrolls of the predecessor employer. The transfer of some or all of an employer's workforce to another employer shall be considered a transfer of trade or business when, as the result of such transfer, the transferring employer no longer performs trade or business with respect to the transferred workforce, and such trade or business is performed by the employer to whom the workforce is transferred.

(B) If, following a transfer of experience under subparagraph (A), the secretary determines that a substantial purpose of the transfer or business was to obtain a reduced liability for contributions, then the experience rating accounts of the employers involved shall be combined into a single account and a single rate assigned to such account.

(2) A successor employer as defined by subsection (h)(4) or subsection (dd) of K.S.A. 44-703, and amendments thereto, may receive the experience rating factors of the predecessor employer if an application is made to the secretary or the secretary's designee in writing within 120 days of the date of the transfer.

(3) Whenever an employing unit, whether or not it is an “employing unit” within the meaning of subsection (g) of K.S.A. 44-703, and amendments thereto, acquires or in any manner succeeds to a percentage of an employer's annual payroll which is less than 100% and intends to continue the acquired percentage as a going business, the employing unit may acquire the same percentage of the predecessor's experience factors if: (A) The predecessor employer and successor employing unit make an application in writing on the form prescribed by the secretary, (B) the application is submitted within 120 days of the date of the transfer, (C) the successor employing unit is or becomes an employer subject to this act immediately after the transfer, (D) the percentage of the experience rating factors transferred shall not be thereafter used in computing the

contribution rate for the predecessor employer, and (E) the secretary finds that such transfer will not tend to defeat or obstruct the object and purposes of this act.

(4) (A) The rate of both employers in a full or partial successorship under paragraph (1) of this subsection shall be recalculated and made effective on the first day of the next calendar quarter following the date of transfer of trade or business.

(B) If a successor employer is determined to be qualified under paragraph (2) or (3) of this subsection to receive the experience rating factors of the predecessor employer, the rate assigned to the successor employer for the remainder of the contributions year shall be determined by the following:

(i) If the acquiring employing unit was an employer subject to this act prior to the date of the transfer, the rate of contribution shall be the same as the contribution rate of the acquiring employer on the date of the transfer.

(ii) If the acquiring employing unit was not an employer subject to this act prior to the date of the transfer, the successor employer shall have a newly computed rate for the remainder of the contribution year which shall be based on the transferred experience rating factors as they existed on the most recent computation date immediately preceding the date of acquisition. These experience rating factors consist of all contributions paid, benefit experience and annual payrolls.

(5) Whenever an employing unit is not an employer at the time it acquires the trade or business of an employer, the unemployment experience factors of the acquired business shall not be transferred to such employing unit if the secretary finds that such employing unit acquired the business solely or primarily for the purpose of obtaining a lower rate of contributions. Instead, such employing unit shall be assigned the applicable industry rate for a “new employer” as described in subsection (a)(1) of this section. In determining whether the business was acquired solely or primarily for the purpose of obtaining a lower rate of contributions, the secretary shall use objective factors which may include the cost of acquiring the business, whether the employer continued the business enterprise of the acquired business, how long such business enterprise was continued, or whether a substantial number of new employees were hired for performance of duties unrelated to the business activity conducted prior to acquisition.

(6) Whenever an employer’s account has been terminated as provided in subsections (d) and (e) of K.S.A. 44-711, and amendments thereto, and the employer continues with employment to liquidate the business operations, that employer shall continue to be an “employer” subject to the employment security law as provided in subsection (h)(8) of K.S.A. 44-703 and amendments thereto. The rate of contribution from the date of transfer to the end of the then current calendar year shall be the same as the contribution rate prior to the date of the transfer. At the completion of the then current calendar year, the rate of contribution shall be that of a “new employer” as described in subsection (a)(1) of this section.

(7) No rate computation will be permitted an employing unit succeeding to the experience of another employing unit pursuant to this section for any period subsequent to such succession except in accordance with rules and regulations adopted by the secretary. Any such regulations shall be consistent with federal requirements for additional credit allowance in section 3303 of the federal internal revenue code of 1986, and consistent with the provisions of this act.

(c) *Voluntary contributions.* Notwithstanding any other provision of the employment security law, any employer may make voluntary payments for the purpose of reducing or maintaining a reduced rate in addition to the contributions required under this section. Such voluntary payments may be made only during the thirty-day period immediately following the date of mailing of experience rating notices for a calendar year. All such voluntary contribution payments shall be paid prior to the expiration of 120 days after the beginning of the year for which such rates are effective. The amount of voluntary contributions shall be credited to the employer’s account as of the next preceding computation date and the employer’s rate shall be computed accordingly, except that no employer’s rate shall be reduced more than five rate groups as provided in

schedule I of this section as the result of a voluntary payment. An employer not having a negative account balance may have such employer's rate reduced not more than five rate groups as provided in schedule I of this section as a result of a voluntary payment. An employer having a negative account balance may have such employer's rate reduced to that prescribed for rate group 51 of schedule I of this section by making a voluntary payment in the amount of such negative account balance or to that rate prescribed for rate groups 50 through 47 of schedule I of this section by making an additional voluntary payment that would increase such employer's reserve ratio to the lower limit required for such rate groups 50 through 47. Under no circumstances shall voluntary payments be refunded in whole or in part.

(d) As used in this section, "negative account balance employer" means an eligible employer whose total benefits charged to such employer's account for all past years have exceeded all contributions paid by such employer for all such years.

(e) The secretary of labor shall annually prepare and submit a certification as to the solvency and adequacy of the amount credited to the state of Kansas' account in the federal employment security trust fund to the governor and the employment security advisory council. The certification shall be submitted on or before December 1 of each calendar year and shall be for the 12-month period ending on June 30 of that calendar year. In arriving at the certification contributions paid on or before July 31 following the 12-month period ending date of June 30 shall be considered. Each certification shall be used to determine the need for any adjustment to schedule III in subsection (a)(3)(A) and to assist in preparing legislation to accomplish any such adjustment.

Sec. 4. On the effective date of this act, K.S.A. 2006 Supp. 44-703 and 44-710a are hereby repealed.

Sec. 5. On July 1, 2007, K.S.A. 2006 Supp. 44-705 is hereby repealed.
