

HOUSE BILL No. 2408

By Joint Committee on Information Technology

12-17

9 AN ACT concerning information technology; requiring state agencies to
10 perform periodic reviews of network security.

11

12 *Be it enacted by the Legislature of the State of Kansas:*

13 Section 1. Pursuant to a schedule established by the chief informa-
14 tion technology officer of the branch of government of which the state
15 agency is a part, each state agency shall conduct from time to time in the
16 most cost effective manner possible a vulnerability scan of the agency's
17 computer networks. The vulnerability scan shall be conducted in accord-
18 ance with policies adopted by the chief information technology officer for
19 the branch of government in which the agency is located, in consultation
20 with the enterprise security office of the division of information systems
21 and communications, and on a schedule for each state agency established
22 by the chief information technology officer of that branch of government.
23 The schedule shall require that the state agency conduct a vulnerability
24 scan at least once each year.

25 Sec. 2. This act shall take effect and be in force from and after its
26 publication in the statute book.
