SUB-COMMITTEE REPORT
ON
THE ADJUTANT GENERAL'S DEPARTMENT

By Senators Sanborn and Van Sickle

Mr. Chairman:

Your sub-committee has examined the budget of the Adjutant General's Department for fiscal year 1962 and recommend that the Governor's Recommendation as prepared in the Governor's Budget Report be adopted with two exceptions:

- 1) The capital improvement item in the amount of \$265,000 for a new State Department of Defense Building. On this item we prefer the entire committee to discuss the merits of the proposal and make no recommendation at this time.
- 2) Since the preparation of the Governor's Budget Report, additional Federal funds have been allocated for Civil Defense, both for State operations and for aid to local units of government, and it is necessary to amend the budget for fiscal years 1961 and 1962.

The total expenditures for fiscal year 1961 are anticipated to be increased from \$856,175 to \$909,297. For fiscal year 1962 the anticipated increase is estimated from \$892,667 to \$999,668. No additional State funds are involved and the entire amount of the increase is from the additional Federal funds. This new Federal program is for personnel both in the State Civil Defense Agency and local Civil Defense Agencies. The program is similar to that on the local level for welfare workers whereby they must be under a merit system.

The State Office of Civil Defense will act as the clearing agency for disbursement of the funds to local units.

Your sub-committee recommends this amendment to the Governor's Budget Report.

SENATE WAYS AND MEANS COMMITTEE

Subcommittee Report
 ANTIDISCRIMINATION COMMISSION
 For Fiscal Year 1962

Mr. Chairman:

The Antidiscrimination Commission requested for fiscal year 1962 \$62,810. The Governor's recommended budget for fiscal year 1962 reduced this request to \$32,988. The requested fiscal year 1962 budget was based on the supposition that this Legislature would enact an employment law with enforceable provisions to be administered by the Commission. While such a law may be enacted, this subcommittee felt that the budget should not be expanded until such a law has in fact been enacted. The Governor's recommended budget for fiscal year 1962 would have enlarged the staff of the Commission to include an additional clerical employee. This subcommittee felt that additions to the Commission's present staff should be made only if the workload of the Commission warrants it. According to the 1960 report of progress submitted by the Antidiscrimination Commission, the two professional employees of the Commission received during fiscal year 1960 fifteen complaints. Of this number, only four complaints were settled; the remaining eleven were still being processed. The following chart gives the details of this workload:

Disposition of Formal Complaints Received
 July 1, 1953, through June 30, 1959

	Satisfactory adjustment	No probable cause	Open-respondent Unco-operative	Withdrawn by complainant	Withdrawn by commission	In process	Total complaints

Disposition of Formal Complaints Received
 July 1, 1959, through June 30, 1960**

Cumulative totals	<u>16</u>	<u>6</u>	<u>21</u>	<u>0</u>	<u>2</u>	<u>12</u>	<u>57</u>

* Commission withdrew from complaint process when complainant instituted other legal action.

** Actually, all complaints filed in 1959-1960 were filed after December 30, 1959.

This subcommittee recommends that no additional staff be added to the Commission at this time. This committee felt that the recommended budget of the subcommittee would provide a continuation of the Commission's consulting with interested groups and processing formal complaints.

In the chart below, the estimated fiscal year 1961 expenditures, the requested fiscal year 1962 expenditures, the Governor's recommendation for fiscal year 1962 and this subcommittee's recommendation are outlined:

This subcommittee recommends that the Commission be provided funds for expenditures during fiscal year 1962 of \$26,451. Should this session of the Legislature enact laws which would increase the scope activity of the Commission, these recommendations should be reviewed.

Senator F.O. Doty

Senator Howard W. Harper

Senator Wm. H. Ward

In my opinion the Anti-Discrimination Commission serves no useful purpose. I know of no complaints along this line against Kansas business men, neither have I heard of any such complaints, excepting only the few mentioned by the Director of this agency. There are many agencies rendering a real service to Kansas people who are desperately in need of more money than the present budget permits. We can better use this money in aiding other agencies which need the help. Further, the life of the Anti-Discrimination Commission is not justified on the suspicion that Kansas business men are unjust, unfair and prejudiced against minority groups.

Howard Harper, Senator.
