

STATE AFFAIRS COMMITTEE

January 29, 1962

The meeting was called to order by the Chairman and Mr. Fribley was asked to discuss Senate Bill 19. Mr. Fribley stated that this was a measure to take care of something forgotten at the last session; i.e. to establish a revolving fee fund for the purpose of collecting from the sale of meals, etc. from visitors and employees at the diagnostic center. He states that this will be exactly like the funds already established at all the other institutions. Further, it seeks to remove the limitation on residency requirements for the superintendent, otherwise we would not necessarily be able to secure the proper personnel.

Various members of the committee made inquiry as to the intent and impact of the measure, and after considerable discussion it was moved by Mr. Ford and seconded by Miss Jacquart that Senate Bill 19 be passed out favorably. Upon vote, motion carried unanimously.

Thereupon, Mr. Fribley discussed Senate Bill No. 20, which is a measure to make the appropriation for the revolving fund mentioned in Senate Bill 19; that the only change in Section 76-2601 of the General Statutes, is the addition of "Kansas state reception and diagnostic center, \$1,000"; that the other appropriations have nothing to do with State Affairs Committee, and the bill was sent to us only because the bill establishing the Center came through the Committee last year.

It was moved by Mr. Gardner and seconded by Mr. Johnson that this measure be recommended favorably. Upon vote, motion carried unanimously.

The Chairman announced that another meeting would be held on January 30th to consider HCR 20 and Senate Bills 21 and 28.

Meeting was adjourned.
