

MEMORANDUM

FROM: Research Department, Kansas Legislative Council

TO: Joint Committee on Legislative Facilities July 9, 1968

COMMITTEE WORKSHEET

Suggestions made by the Legislative Facilities Committee at its last meeting concerning committee combinations are listed herein. Based on these suggestions, one of several possible schedules for committee meetings and room assignments is shown. The number of committee assignments per legislator and the recommended size of the committees will affect committee schedules.

The schedule shows all legislative committees with specific room assignments and meeting times. The Committee might want to consider scheduling certain committees to meet only two or three days per week, or other committees, Employees for example, might meet on call of the chairman.

This schedule makes no change in the present Ways and Means Committee room assignments. The only standing committee assigned to Room 529 is the House Judiciary Committee. Room 529 would be available for hearings and other meetings on the same basis as in the past.

SENATE COMMITTEES

<u>Proposed</u>	<u>Eliminated By Name (Functions Assigned to Appropriate Proposed Standing Committee)</u>
1. Agriculture and Livestock	1. Banks and Banking
2. Assessment and Taxation	2. Corporations
