MINUTES OF THE HOUSE COMMITTEE ON PUBLIC HEALTH AND WELFARE

The meeting was called to order by MARVIN L. LITTLEJOHN at
Chairperson

1:30 ~~a.m.~~ p.m. on January 11, 1983 in room 423-S of the Capitol.

All members were present except: Kenneth King, excused
Henry Helgerson, excused

Committee staff present: Emalene Correll, Legislative Research Department
Bill Wolff, Legislative Research Department
Bruce Hurd, Revisor of Statutes Office

Conferees appearing before the committee:

Visitors present: (See attachment No. 1.)

The meeting was called to order by Chairman Marvin Littlejohn. He asked that each committee member introduce themselves and give a bit of their background. The committee membership has a varied background and many having experience and background related to this committee's work.

Chairman commented there are 9 bills already in this committee and one more to be asked to be re-assigned to us.

There will be few rules to help the committee run smoothly this year. Meetings to begin at 1:30 p.m. promptly, and adjourn at 3:15 p.m. This will allow time for members to be on time for later committee commitments. Persons wishing to speak, to be recognized by the chair. When large groups wish to be heard, we may have to ask them to designate a spokesperson so that we don't have comments repeated over and over.

We will ask for a copy of written testimony by conferees at all times. We hope to give as full a hearing as possible to all, tho time will be limited.

Formal approval of minutes will be once a week, on Thursdays.

No Friday committee meetings unless an emergency.

Next week's agenda was tentatively announced as having briefings from Department of Health and Environment, Department on Aging, and Department of Social Rehabilitation Services.

Membership was urged to please read the Annual Report of Social and Rehabilitation Services, and the report on Kansas Legislative Interim Studies on Hospital Laws for the County, City, and Districts.

Policy to be remembered; shall we table a bill, it will take two-thirds majority to remove it. Or, if tabled to a date certain, then it will be brought up just in general course of events.

Lobbyists were introduced.

Meeting was adjourned by Chairman and next scheduled meeting is Monday, January 17, 1983, at 1:30 p.m.
