Senator Ross Doyen, Chairman
Legislative Coordinating Council
State Capitol Building
Topeka, Kansas 66612

Dear Senator Doyen:

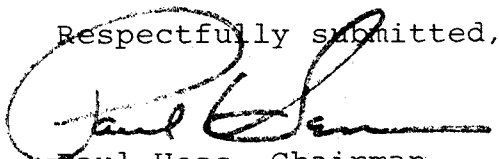

The Senate Ways and Means Committee has adopted a motion directing me to request the Legislative Coordinating Council to designate a special committee to study the possibility of expanding coverage of the KP&F retirement system to include additional employee classes.

Bills were introduced during the 1983 Session of the Legislature to provide inclusion in KP&F of alcoholic beverage control enforcement officers (SB 158); emergency medical technicians (SB 242); and state game protectors under the Kansas Fish and Game Commission (HB 2272). It is noted that other employee classes have been considered for inclusion in KP&F or special provisions similar to those for correctional employees (involving the dates for normal and early retirement and KP&F disability coverage). In addition to those mentioned, such classes have included:

Capitol Area Security Patrol officers and communications operators in the Highway Patrol, security personnel for Schools for the Deaf and Visually Handicapped, park managers and patrol officers under the State Park and Resources Authority, security personnel at institutions under the State Board of Regents, instructional staff of KU's Fire Service Training Program and Law Enforcement Training Center, security personnel at institutions under the Department of Social and Rehabilitation Services, personnel of Legal Services for Prisoners, and securities investigator/auditors in the Office of the Securities Commissioner.

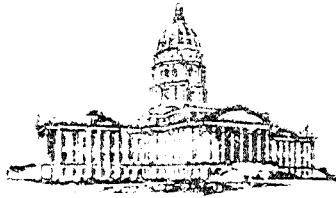

It is suggested that the study might involve which agencies should be included in KP&F; what type of provisions should be made for those agencies; and the fiscal impact of including additional agencies.

It is further requested that the special committee make its report and recommendations to the 1984 session of the Legislature.

Respectfully submitted,

Paul Hess, Chairman
Senate Ways and Means Committee

OFFICE

SENATE CHAMBER

April 23, 1983

Senator Ross Doyen, Chairman
Legislative Coordinating Council
State Capitol Building
Topeka, Kansas 66612

Dear Senator Doyen:

The Senate Ways and Means Committee has adopted a motion directing me to request the Legislative Coordinating Council to designate at least two members of the Legislature to join the Insurance Commissioner and representatives of health care and insurance providers to make a study concerning the viability and actuarial soundness of the Health Care Providers Stabilization Fund.

Suggestions for this study include a special emphasis on peer review, discipline, insurability of practitioners and availability of insurance coverage.

This request resulted from consideration of Senate Bills 41, 283 and 284 during the 1983 Session of the Legislature.

It is requested that the special committee complete its study and prepare its report and recommendations before the 1984 session of the Legislature convenes.

Respectfully submitted,

Paul Hess, Chairman
Senate Ways and Means Committee

H:f

CC: Members of Committee
Richard Ryan, Director, Legislative Research Department
Insurance Commissioner

SENATOR PAUL HESS
SENATE DISTRICT 36 (SEDGWICK COUNTY)
THE OLLIE BENT
105 S. BENT
WICHITA, KANSAS 67216

TOPEKA

SENATE CHAMBER
April 23, 1983

Senator Ross Doyen, Chairman
Legislative Coordinating Council
State Capitol Building
Topeka, Kansas 66612

Dear Senator Doyen:

The Senate Ways and Means Committee has adopted a motion directing me to request the Legislative Coordinating Council to designate a special committee to study higher education in Kansas. It is suggested that the study include governing structure; duplication of institutions and programs; financing; and budget oversight of institutions receiving state financial assistance.

This request was precipitated by hearings in the Senate Ways and Means Committee concerning Senate Bill No. 266, a measure providing transfer of administration of community colleges to the State Board of Regents. However, the Committee believes that included in the study should be all public and private post-secondary educational institutions in Kansas.

It is further requested that the special committee make its report and recommendations to the 1984 session of the Legislature.

Respectfully Submitted,

Paul Hess, Chairman
Senate Ways and Means Committee

H:f

CC: Members of the Committee
Richard Ryan, Director, Legislative Research Department
