Members of the committee were given the opportunity to question Senator Doyen following his review of the subcommittee report.

HB 2758 - Section 3 - Highway Patrol

Senator Doyen reviewed the subcommittee report on this section. Senator Kerr asked if there is a problem regarding patrol of Kansas highways during the night. Senator Doyen said it is a problem, particularly in more populated areas. He noted that, in some areas, the state has city police backup. Members of the subcommittee agreed that there is need for more troopers, and explained that there has been a net gain of one trooper since FY 1985. They further agreed that troopers need to be added each year.

Senator Gaines observed that perhaps the Superintendent of the Highway Patrol needs to look at a redistribution of troopers across the state. He suggested that metropolitan areas, such as Kansas City, and Interstate 70 need more patrol people.

Senator Bogina stated that the City of Kansas City has issued a letter to the Highway Patrol that the city will not be responsible to patrol interstates within Wyandotte County. He added that Sedgwick County has never assumed that responsibility.

Col. Moomau said that, in some isolated areas, there are people patrolling until 3:00 a.m.. He said that, in order to have patrolmen on duty 24 hours a day, it would be necessary to rob day shifts.

Unless specifically noted, the individual remarks recorded herein have not been transcribed verbatim. Individual remarks as reported herein have not been submitted to the individuals appearing before the committee for editing or corrections.

There is now agreement on the bill, with the deletion of certain language in New Section 1, as follows:

Delete all language in line 24 after the word "Kansas" and in line 25 before "shall"; and the word "not" in line 25. (See Attachment A)

26 March 1986

The Honorable August Bogina
Chairman, Senate Committee
on Ways and Means
State House, Room 123 South
Topeka, KS

Dear Senator Bogina:

At the conclusion of the 5 March hearing on Senate Bill No. 643, you urged me to meet with Nicholas B. Roach, Director of Purchases, to discuss how the Division of Purchases might accommodate our unmet purchasing needs. Accordingly we met in Topeka on the 14th of March, and yesterday I received a letter confirming our discussion. Hence, I am pleased to state that the University Press of Kansas no longer seeks a statutory exemption from the competitive bid requirement (K.S.A. 75-3739). With Mr. Roach's cooperation, the proposed changes in purchasing procedures, if satisfactorily implemented, should correct the deficiencies that have made our operation less economical, less efficient, and less effective than it could have been.

Consequently, I am requesting that Senate Bill No. 643 be amended (as indicated on the attached copy) to provide an exemption only from K.S.A. 75-1005. Since the 5 March hearing, I have spoken twice to Secretary Alden K. Shields about the proposed statutory exemption. In light of my requested amendment and with the understanding that we will give KU's Printing Service the opportunity to bid on appropriate work, Secretary Shields has indicated his support for the amended Senate Bill No. 643. I believe that he will affirm this to you directly.

Accordingly, I hope that the Senate Committee on Ways and Means is able to reconsider the amended Senate Bill No. 643 at its earliest opportunity and to take favorable action. Of course I plan to be at any hearing to answer questions that may arise.

Sincerely,

Fred M. Woodward
Director
