CONTINUATION SHEET

MINUTES OF THE Senate COMMITTEE ON Ways and Means,
room 123-S, Statehouse, at 11:00 a.m./~~p.m.~~ on April 1, 1987.

Mr. Jim Friesen, Director of Operational Affairs, Kansas Technical Institute, spoke in favor of SB 392 following staff review. Mr. Friesen pointed out that KTI is unique in that they are the only state agency which purchases aircraft for renovation and use in their aeronautical technology program. The difficulty they experience in purchasing this aircraft is that the vendors selling the aircraft do not wish to wait the 45 days for receipt of their money. If someone else offers funds during this period of time, the vendor will sell the aircraft to that purchaser. He cited examples and noted he had documentation. Senator Feleciano moved, Senator Johnston seconded, reporting SB 392 favorably for passage. On a roll call vote, the motion carried.

Senator Doyen moved, Senator Werts seconded, the introduction of bill draft RS 1412, an act relating to state tax levies for institutions; prescribing certain accounting procedures therefor. The motion carried on a voice vote.

The meeting was recessed until after Session.
