Re: HB #2697

Mr. Chairman, members of the committee:

Thank you for the opportunity to appear before you today on HB 2697. The bill has only 1 purpose, that being to afford the same privilege to townships, as cities and counties now enjoy concerning permanent tags. The sponsors of the bill have townships that are active and own vehicles. We would urge favorable consideration on the bill.

MEMORANDUM TO: The House Transportation Committee
FROM: The Kansas Department of Transportation
REGARDING: Agency Bill Requests

Thank you Mr. Chairman, members of the Committee for the opportunity to appear before this Committee. I appear before you today to present the legislative requests of the Department. The Department requests the introduction of legislation in the following areas:

- + Utility Relocations
- + Airport Zoning Regulations

I will briefly review each of these proposals for the Committee.

Att. 2

Utility Relocations

The Department requests legislation to authorize the Secretary of Transportation to: 1) advance funds to public utilities or entities whose structures are being affected by a highway project, and 2) acquire easements or fee simple title through purchase, dedication, trade or eminent domain for public utilities or entities and to grant, exchange, sell, or transfer such title to public utilities or entities. Funds advanced would be repaid with interest.

Airport Zoning Regulations

The Department requests legislation establishing that the Secretary of Transportation is a party of interest in regulatory actions by political subdivisions in matters affecting airport zoning. Under the proposal, the Secretary of Transportation would be required to be notified 15 days prior to any hearing on a proposed regulation and be permitted to comment orally and in writing at such meeting on the proposed action.
