Conferees appearing before the committee:

Chair called meeting to order when quorum was present, drawing attention to SB 182.

Chair explained the amendment, (Attachment No. 1) would allow those persons taking the Flex Exam to continue in practice (under supervision) until the Flex Exam is graded and results determined, rather than have that transition time be wasted.

Discussion held in regard to what Flex Exam contains, i.e., it is progression of education; physicians would supervise these students and, no, there would be no risk to patients during this waiting time period.

Rep. Reinert moved to amend SB 182 as indicated in Attachment No. 1, by adding language, "The temporary permit may be extended until the results of the basic and clinical examination taken during the permit period and required for a temporary permit under paragraph (2) of subsection (a) are issued." Motion seconded by Rep. Buehler, motion carried.

On the bill as a whole, Rep. Reinert moved to pass SB 182 out favorably as amended, seconded by Rep. Buehler, motion carried.
