RE: Senate Bill 790

Senate Bill 790 is the result of an Immigration and Naturalization Service request to curtail the problem of illegal aliens obtaining Kansas drivers' licenses or identification cards.

This bill would require an applicant for an original drivers' license or ID card to furnish the same forms of proof of identify as is currently required to obtain a duplicate license or ID card.

The bill further sets out the types of birth certificates acceptable as proof of identity.

The bill also defines "resident" for purposes of obtaining an ID card and specifies that only one card may be issued.
