MINUTES OF THE HOUSE COMMITTEE ON FEDERAL AND STATE AFFAIRS

The meeting was called to order by Representative Kathleen Sebelius at  
Chairperson

1:30 ~~xxx~~/p.m. on Wednesday, January 23, 1991 in room 526-S of the Capitol.

All members were present except:

Representative Bill Roy - Excused  
Representative Clyde Graeber - Excused

Committee staff present:

Mary Torrence - Revisor of Statutes Office  
Lynne Holt - Kansas Dept. of Legislative Research  
Mary Galligan - Kansas Dept. of Legislative Research  
Connie Craig - Secretary to the Committee

Conferees appearing before the committee:

Rebecca Rice, Kansas Retail Liquor Dealers Association  
Michael Donnelly, Chairman, Kansas Commission on Disability Concerns  
Jerry Donaldson, Kansas Dept. of Legislative Research  
Robert Harder, Acting Secretary, SRS

Chair Kathleen Sebelius called the meeting to order.

The proposed Committee Rules passed out to each member are informal rules according to House rules, generated from and used for the last 6 years by the House Energy Committee, Attachment #1. Chair Sebelius explained that it was suggested to all committee chairs by the Majority Leader that it might be helpful to have some written rules in all the committees.

Committee Discussion:

1. The "simple majority" is a quorum of those present.
2. The "Chair's agenda" and the "public agenda" are one in the same. Rule #1, Attachment #1.
3. As to the use of the word "contrariness" and its definition (Rule #2, Attachment #1, Chair Sebelius explained that the intent of this rule is to eliminate motions which are directly opposite to the original motion, so that a substitute motion to amend, or a substitute motion to table, or a substitute motion to do something other than directly opposite the original motion is allowable. House rules prohibit substitute motions on the floor, but Committee rules would allow substitute motions except a motion directly opposite the original motion. The determination of "contrariness" would be made by the Chair.

Representative Sprague pointed out that in Robert's Rules, Section 23, substitute motions could be directly contrary.

4. Questions were asked about Rule #4, Attachment #1, on motions to adjourn. When committee members expressed concern about the exclusive use of the motion to adjourn, the Chair suggested that the language did not limit the use of the motion. The Chair will rule on the "question" of adjournment, relying on House rules and Robert's Rules of Order.

Representative Sprague moved to amend the proposed rules by striking the language in Rule #4, Attachment #1, and substituting language from House Rule #2302, which addresses motion to adjourn. Representative Baker seconded that motion. The motion failed on a voice vote.

Representative Krehbiel moved that the Proposed Committee Rules, Attachment #1, be adopted. Representative Rock seconded the motion, which carried on a voice vote. Representative Sprague abstained from voting.

CONTINUATION SHEET

MINUTES OF THE HOUSE COMMITTEE ON FEDERAL AND STATE AFFAIRS

room 526-S, Statehouse, at 1:30 a.m./~~p.m.~~ on Wednesday, January 23, 1991

Introduction of Bills:

Rebecca Rice, J.D. on behalf of the Kansas Retail Liquor Dealers Association, asked the committee to introduce three separate bills as outlined in Attachment #2.

Representative Roper moved that the Committee introduce the three items outlined in Attachment #2 as bills, Representative Jones seconded the motion which was carried on a voice vote.

Michael Donnelly, Chairman, Kansas Commission on Disability Concerns, asked the Committee to introduce legislation that would modify the Kansas Act Against Discrimination, complying with the new federal laws as set out in his handout, Attachment #3.

Representative Long moved that the Committee introduce the legislation requested by Mr. Donnelly on behalf of the Kansas Commission on Disability Concerns as set out in Attachment #3. Representative Smith seconded the motions which carried on a voice vote. Other materials were handed to committee members by Mr. Donnelly are on file with House Federal and State Affairs Committee office.

Committee Discussion centered briefly on a memo passed to each member of the Committee from Research Dept. in response to questions asked on Gaming Revenue Funds at the January 16th meeting of Federal and State Affairs. Attachment #4.

HB 2010

Jerry Donaldson, Kansas Legislative Research Dept., gave background and briefed the committee on the bill which was referred to the committee from the Interim Committee on Judiciary dealing with the creation of the Kansas children's services planning commission.

Committee Discussion:

1. The appointment of an executive director and necessary staff as set out in Sec. 3, HB 2010, was modeled after the Kansas Sentencing Commission.
2. Size and appointments of members on the Commission will be a key issue.
3. Whether or not the Commission would be attached to a certain agency or whether The Commission would be a free-standing entity with its own director and staff.
4. Fragmentation of services and children getting lost in the cracks was a motivating factor for the creation of the Commission, rather than establishing a Governor's task force.
5. There was discussion in the Interim Committee on expenses and reimbursement of expenses incurred; that there is no fiscal note available. One point made by the Chair was that staff could be borrowed, or appropriated staff from agencies who would deal in these matters as opposed to creating new full-time employees, which is not mandated by HB 2010.

Chair Sebelius then introduced Acting Secretary Robert Harder who came before the committee with a proposal from Governor Finney's office creating a Commission on Children, Youth, and Families, as outlined in Attachment #5. Representative Wagnon moved that this proposal be introduced as a bill. Representative Empson seconded the motion, which passed on a voice vote. Secretary Harder pointed out that this proposal differs from HB 2010 in that designees cannot sit in on the commission except that the Chief Justice could send his judicial administrator as a designee.

Committee Discussion:

1. The Committee will receive a third piece of legislation coming out of the SRS commission dealing with local youth authorities.
2. HB 2010, the legislation introduced by Acting Secretary Robert Harder, and the above mentioned legislation from SRS dealing with local youth authorities should all be worked by one committee.

The Committee was adjourned at 2:40 p.m..

PROPOSED COMMITTEE RULES  
 HOUSE FEDERAL AND STATE AFFAIRS COMMITTEE

CHAIR: FEDERAL & STATE AFFAIRS  
 MAJORITY PARTY CAUCUS  
 MEMBER: ARTS & CULTURAL RESOURCES  
 JUDICIARY  
 SENTENCING COMMISSION

The purpose of these rules is to facilitate the process with the understanding of the committee members and the public in reviewing the flow of legislation through this committee. Unless stated to the contrary herein, the rules of the House or Robert's Rules of Order will apply.

1. Items listed on the agenda must be brought before the committee in the order as they appear on the Chairman's agenda. However, if the agenda states that any items previously heard may be brought before the committee, the chair may bring to a vote any bill previously heard.
2. Original motions and substitute motions shall be in order when a bill is pending for consideration. A substitute motion may not be made which is contrary to the original motion. The Chair will rule on the question of contrariness of motions. All motions require a second.
3. An amendment to a bill must be "germane" to the area of law that is being proposed or changed. Questions of germaness will be ruled on by the Chair. Simple majority votes will be required for passage of motions.
4. The question of adjournment shall be reserved to the Chair and no motion to adjourn shall be entertained unless recognized as in order by the Chair.
5. A motion to "lay on the table" shall be in order at any time a question or series of questions (including an original motion and a substitute motion) are pending. The motion is non-debatable and requires a majority vote to pass. Motions to lay on the table may be either for an indefinite period or until a time certain.
6. A motion to "take from the table" shall be in order when such item is on the agenda or is taken up by the Chair. The motion requires a simple majority and is debatable.
7. When time is separately reserved in the agenda for proponents and opponents of an issue and the time expires for either side, the testimony shall cease. The Chair may set either individual time limits on speakers or for each side in presenting testimony.
8. All conferees are asked to provide written testimony and shall provide 30 copies to the committee secretary at the time of presenting testimony.
9. At the option of the Chair, all who are scheduled to testify on a bill may be required to submit written testimony 24 hours in advance of the hearing for distribution to committee members.
10. Those persons wishing to testify on a bill should contact the Chairman's office prior to committee hearing. A 24 hour prior pronouncement of such intention is desired.

COMMITTEE BILL REQUESTS OF  
HOUSE COMMITTEE ON FEDERAL  
AND STATE AFFAIRS  
01/23/91

by: Rebecca Rice  
on behalf of the Kansas Retail Liquor Dealers Assoc.

Madame Chairman and members of the committee, I appear before you today to request the introduction by this committee of three separate bills. All members of this committee should have received a letter from KRLDA regarding the legislation which we are requesting this committee to introduce. The letter gave a brief background of the reasons for this request for legislation. Therefore, for brevity purposes, I will not address the reasons why we are requesting this legislation but would certainly attempt to answer questions following this brief presentation.

The bill requests are as follows:

1. Amend K.S.A. 41-714(b) to eliminate the sign limitation language. This would eliminate a restriction which has little to no effect due to the passage of price and brand legislation.
2. Amend K.S.A. 41-717 to insert an exception to the credit prohibition to allow the acceptance of credit cards.
3. Amend K.S.A. 41-712 to allow for the sale of alcohol on the non-religious holidays of Memorial Day, Independence Day and Labor Day. As you are aware, cereal malt beverages and liquor by the drink is allowed to be sold on those days. Liquor retailers would like the option of being open on those days also.

Thank you for your consideration of this request.

**Testimony: Introduction of Proposed Changes to the  
Kansas Act Against Discrimination**

Presented to House Committee on Federal and State Affairs  
Honorable Representative Kathleen Sebelius, Chairwoman  
January 23, 1991

I would like to introduce myself. I am Michael Donnelly, Chairman, Kansas Commission on Disability Concerns. The Kansas Commission on Disability Concerns is a statutorily mandated 30 member commission composed of a majority of persons with disabilities and is appointed by the Secretary of Human Resources. The primary responsibility of the commission is to "carry on a continuing program to promote a higher quality of life for people with disabilities."

In keeping with this purpose, commission members actively support various legislative initiatives, both state and federal, including the passage of the Fair Housing Amendments of 1989 and the Americans with Disabilities Act of 1990 on the federal level. The Commission on Disability Concerns now desires to see the Kansas Act Against Discrimination, Kansas' anti-discrimination law, come into line with these new federal laws. The Kansas Act Against Discrimination in its' current form does not offer full protection of individuals who happen to have a disability. In short, the Kansas Act Against Discrimination must include all persons with disabilities under all sections. We propose that the definition of a person with a disability be now defined as "a physical or mental impairment that substantially limits one or more of the major life activities of such individual; a record of such an impairment; or being regarded as having such an impairment." This same definition is used in The Americans with Disabilities Act of 1990.

I do not need to exhort you today on the merits of discrimination protection for people in Kansas who experience a disability. I will however state that these changes have already been made by an aware and progressive Congress and that Kansas now has the opportunity to take the lead and produce a law that mirrors this progressive attitude. An attitude that believes in the dignity of all persons and holds the belief that all people, including those with disabilities, have the right to be involved in the whole community.

We offer the assistance of the disability community as you strive to provide equal protection to all.

I thank you for the opportunity to provide this proposal and ask that you introduce it for consideration by the 1991 Kansas Legislature.

Re: Gambling Revenue

In response to the Committee's request for information about the disposition of revenue from the Lottery and from parimutuel gambling, the attached tables have been assembled.

The first table, entitled "State Gaming Revenues Fund," displays actual revenue to and transfers from the Gaming Revenue Fund for fiscal years 1988 through 1990 and the approved revenue and transfers for FY 1991. Fiscal year 1988 was the first year during which the Lottery operated and therefore was the first year revenue was realized by the Gaming Fund. That table also displays the four-year total of revenue to and transfers from the Gaming Revenue Fund. Please note that transfers from the Fund are based on the statutory formula. For fiscal years 1988 through 1990 that formula was 60 percent for economic development, 30 percent for reappraisal, and 10 percent for construction of correctional institutions. Beginning in FY 1991, the portion that previously went for reappraisal is shifted to economic development.

The next four tables display approved allocations from the Economic Development Initiatives Fund for each of the same four fiscal years. Please note that in any given year the amount approved for expenditure may exceed receipts because of accumulation of unexpended moneys from the previous year.

The final table is from the report of the Joint Committee on Economic Development. That table displays the FY 1991 allocation for selected projects and the FY 1992 budget request for those projects. The three levels of the 1992 request are an artifact of the budget format state agencies are required to use. Typically, agencies structure their requests to be lowest at the "A" level and highest at the "C" level.

We hope this information is useful to you. If you have any additional questions, please let us know.
