Date

MINUTES OF THE SENATE COMMITTEE ON PUBLIC HEALTH AND WELFARE

The meeting was called to order by SENATOR ROY M. EHRLICH at
Chairperson

10:00 a.m./^{XX}p.m. on March 25, 1992 in room 526-S of the Capitol.

All members were present except:

Committee staff present:

Emalene Correll, Legislative Research
Bill Wolff, Legislative Research
Norman Furse, Revisor's Office
Jo Ann Bunten, Committee Secretary

Conferees appearing before the committee:

Representative Gene Amos
Mack Smith, State Board of Mortuary Arts

Chairman Ehrlich called the meeting to order at 10:00 a.m.

Hearing on HB 2757 - State board of mortuary arts authorized to issue temporary embalming permits and **HB 2760** - Regulation of branch funeral establishments; grounds for discipline of mortuary arts licensees.

Representative Gene Amos and Mack Smith submitted written testimony in support of **HB 2757** - that would provide for the issuance of a temporary embalming permit to be issued by the Board of Mortuary Arts to an out-of-state licensed embalmer for a maximum of 30 days for teaching purposes involving continuing education and in an emergency or disaster purposes, and **HB 2760** - clean-up legislation that would define a funeral and branch establishment and the personal supervision and responsibility of a licensed funeral director. (Attachment 1 and 2)

The Chairman asked for wishes of the Committee on the following -

Action on HB 2757 and HB 2760:

Senator Salisbury made a motion to recommend **HB 2757 and HB 2760** favorably for passage and placed on the consent calendar, seconded by Senator Ward. No discussion followed. The motion carried.

Action on HB 2796 - Tanning facility regulation.

Senator Salisbury made a motion to adopt amendments offered by the Kansas Medical Society that would add language on page 4, (f), line 35, after the period insert, "In addition to the fee for renewal of a license, the Board may establish a fee not to exceed \$150 for delinquent renewal of a license and a fee not to exceed \$200 for reinstatement of a license." The motion was seconded by Senator Hayden. No discussion followed. The motion carried. Senator Salisbury made a motion to recommend **HB 2796 as amended** favorably for passage, seconded by Senator Walker. No discussion carried. The motion carried. Senator Walker will carry the bill.

Action on HB 2759 - Early intervention for infants and toddlers with disabilities.

Information was submitted to the Committee from Azzie Young, Secretary, Health and Environment, clarifying questions arising at the March 24, 1992, hearing on the bill. (Attachment 3) After Committee discussion on the fiscal impact of the bill and implementation of the program, Senator Walker made a motion to recommend **HB 2759** favorably for passage, seconded by Senator Burke. No discussion followed. The motion carried. Senator Walker will carry the bill.

CONTINUATION SHEET

MINUTES OF THE SENATE COMMITTEE ON PUBLIC HEALTH AND WELFARE,
room 526-S, Statehouse, at 10:00 a.m.~~p~~.m. on March 25, 1992.

Action on SB 672 - Jury trial, rehearing and appeal procedure prior to termination of parental rights under code for care of children.

Senator Kanan made a motion to recommend **SB 672** favorably for passage, seconded by Senator Strick. Committee discussion related to what the bill does, how to require courts to justify their action and the possibility of a post audit of SRS Child Protective Services. It was agreed upon by Senator Kanan and Senator Burke to work out those problems as related in their discussion of the bill. No action was taken on the bill at this time.

Action on HB 2710 - Creating a rural health network.

Committee discussion related to the proposed amendment offered by Brad Smoot representing Blue Cross/Blue Shield, the proposed amendments offered by the EACH Technical Advisory Group (KDHE, KHA, and EMS), and the federal 72 hour law. Senator Burke made a motion to adopt the amendment offered by Blue Cross/Blue Shield that would replace New Sec. 7, page 4, line 14, "Each individual and group policy of accident and sickness insurance, each contract issued by health maintenance organizations, and all coverage maintained by an entity authorized under K.S.A. 40-2222 or by a municipal group funded pool authorized under K.S.A. 12-2618 shall provide benefits for services when performed by an essential access community hospital, a rural primary care hospital or a supporting hospital if such services would be covered under such policies or contracts if performed by a general hospital." The motion was seconded by Senator Langworthy. After clarification of the amendment by staff, the motion carried.

Senator Salisbury made a motion to adopt the balloon copy of the amendments offered by the EACH Technical Advisory Group, seconded by Senator Langworthy. No discussion followed. The motion carried.

Senator Walker made a motion to recommend **HB 2710 as amended** favorably for passage, seconded by Senator Burke. No discussion followed. The motion carried. Senator Hayden requested his vote be recorded as "No."

Discussion/Action on HB 2695 - Health assessment required for admission to school.

Staff explained the possibility of substantial fiscal impact of **HB 2695 as amended** in the House Committee of the Whole on page 2, line 37, which also passed out of Senate Public Health and Welfare Committee with additional amendments on March 17, 1992. Committee discussion related to who would be responsible for funding of these assessments, the possibility of a means test, and the need to define public monies, i.e. federal, state, county, local. Senator Ward made a conceptual motion that a balloon be provided for the Committee that would define public monies and access to such funds, and a means test for eligibility be established for low income children, seconded by Senator Burke. It was the consensus of the Committee that staff draft a balloon of the bill for review and consideration by the Committee.

The meeting was adjourned at 11:00 a.m. The next meeting of the Committee is scheduled for March 26, 1992, 10:00 a.m.

SENATE COMMITTEE ON PUBLIC HEALTH & WELFARE
HOUSE BILLS - 2757 & 2760

by Representative Gene Amos

Senator Roy Ehrlich and Committee Members:

Thank you for this opportunity to make brief comments on
HB 2757 and HB 2760.

First, HB 2757 provides for the issuance of a temporary
embalming permit to be issued by the Board of Mortuary Arts
to an out of state licensed embalmer for a maximum of 30 days
for the following purposes:

- 1) for teaching purposes involving continuing education
- 2) or in emergency or disaster purposes.

Second, HB 2760 is clean-up legislation properly defining a
funeral and branch establishment and the personal supervision
and responsibility of a licensed funeral director.

A branch funeral home has an establishment license but the
funeral director is responsible for its operation and his
license is the one we look to if laws, rules and regulations
are violated.

I would stand for questions.

H.B. 2757

H.B. 2757 was introduced by the House Public Health and Welfare Committee at the request of the Kansas State Board of Mortuary Arts. It would allow the board to issue temporary embalming permits to individuals licensed in other states in two cases:

- 1) teaching purposes involving an approved continuing education program, or
- 2) in emergency or disaster situations.

An example of a teaching situation would be if an out-of-state expert wanted to conduct an embalming seminar in Kansas where an embalming procedure demonstrating a particular technique was to occur.

A couple of examples of emergency or disaster situations would be an air crash--such as the situation in Sioux City, Iowa a few years back--or a tornado--where the number of fatalities involved were more than local funeral homes could handle. These situations in Kansas communities would be examples of when a temporary embalming permit could be useful.

H.B. 2760

H.B. 2760 was introduced by the House Public Health and Welfare Committee at the request of the Kansas State Board of Mortuary Arts. This bill does four basic things:

- 1) adds branch establishments to statutes previously omitted;
- 2) specifically requires an individual (funeral director) holding a funeral establishment license to apply for a branch establishment license;
- 3) refers funeral branch establishment licenses to the statute containing board actions, and
- 4) includes failure to pay any required fee as a reason for licensure action.

Department of Health and Environment

The Honorable Roy Ehrlich
Chairman, Senate Health and Welfare Committee
Room 138 North
Statehouse
Topeka, Kansas 66612

Dear Senator Ehrlich:

Attached is information clarifying questions arising from today's hearing on H.B. 2759. Please feel free to share these materials with your committee. In addition, a current list of early intervention programs in the state and a map indicating their coverage is included as a response to questions about services in rural areas.

Please contact me at extension 0461 or Judy Moler at extension 1329 if we may be of further assistance

Sincerely,

Azzie Young, Ph.D.

UPDATED INFORMATION ON
KANSAS INFANT-TODDLER SERVICES

KANSAS DEPARTMENT OF HEALTH AND ENVIRONMENT

BUREAU OF FAMILY HEALTH

BACKGROUND Public Law 99-457 (Amendments to the Individuals with Disabilities Education Act, formerly Education of the Handicapped Act) was passed in 1986. This legislation included a provision to serve families included a provision to serve families whose infants and toddlers are disabled (Part H, Infant-Toddler program). States were given 5 years to plan, develop, and implement this program, which serves children from birth through 2 years.

LEAD AGENCY In Kansas, the lead agency appointed by the Governor is the Department of Health and Environment; however, it is incumbent upon all state agencies serving children and families to work on an interagency basis to provide a comprehensive, coordinated statewide system of early identification and intervention services.

COORDINATING COUNCIL Even before the 1986 legislation, Kansas was ahead in working collaboratively across agencies, through the establishment of the Coordinating Council on Early Childhood Developmental Services in 1984. This interagency group includes the Commissioners of Health and Environment and Education, the Secretary of Social and Rehabilitation Services, parents, service providers, Governor's office representative, training institutions, and members-at-large.

SERVICES PROVIDED Currently, Kansas is in Year IV of the 5-year phase-in plan for implementation. Early identification services include screening and evaluation of physical, cognitive, communication, social and emotional, and adaptive development. Family services coordination (case management) and a written Individual Family Service Plan are also provided for families whose children are eligible because they meet the criteria for developmental delay or have a diagnosed disability.

ELIGIBLE POPULATION In January 1992, states currently serving this population (birth through 2 years) reported that their average number of children was approximately 1%. In Kansas, this percentage translates to an estimated figure of 1,158 children.

RATIONALE

The Infant-Toddler program (Part H) is based on the need to:

- * Enhance the development of infants and toddlers with disabilities and to decrease their potential for developmental delay
- * Reduce need for institutionalization, special education, and related services during school years
- * Maximize potential for independent living after 18 years of age
- * Enhance the capacity of families to meet the special needs of their infants and toddlers with disabilities or developmental delays

BUDGET INFORMATION

Because this program is relatively new, it is difficult to determine exact cost estimates for programs serving infants and toddlers with disabilities and their families. During Year IV, approximately \$743,000 in Federal Part H grant monies have supported the program. Kansas has defined the eligible population quite narrowly by not including children at risk for developmental disabilities. For 1992-93, the budget below reflects the current plan for maximizing Federal grant monies:

Coordinating Council support	\$62,970
Partial salary support for 4 positions, travel, office supplies, communications	
Administrative support	178,764
Salary support for 4 positions, travel, office supplies, communications, printing	
Planning, Development, and Implementation	125,000
Parent Center contract, local interagency coordinating council system, regional coordinators, personnel training, public awareness activities	
Direct services	545,206
Contracts with local early intervention programs	
Indirect costs	182,389
TOTAL (BASE AMOUNT, 7/1/92)	\$1,094,329
MAXIMUM AMOUNT AFTER REALLOTMENT, 9/1/92 *	\$1,552,288
TOTAL IF SGF OF \$500,000 ARE APPROVED *	\$2,052,288

* NOTE: It is anticipated that almost all the reallocation and SGF monies will be allocated for direct services and made available to local communities to assist them to expand, enrich, support, or begin early identification and intervention programs.

KANSAS INFANT-TODDLER SERVICES [PART H OF PUBLIC LAW 102-119]
Kansas Department of Health and Environment (KDHE)
Bureau of Family Health
Services for Children With Special Health Care Needs

WHAT IS
PL102-119?

Part H in the 1991 amendments to the Individuals with Disabilities Education Act is based on the need:

- To enhance the development of infants and toddlers with disabilities and to decrease their potential for developmental delay.
- To reduce need for institutionalization, special education and related services during school years.
- To maximize potential for independent living after 18 years of age.
- To enhance the capacity of families to meet the special needs of their infants and toddlers with disabilities or developmental delays.

WHAT IS
HAPPENING IN
KANSAS?

Fifth-year funding is requested for 1992-93. Fourth-year funding from the Federal Part H Grant program is being used in 1991-92 for:

- Partial funding of numerous community-based programs to provide evaluations, family services coordination, and written Individualized Family Service Plans (IFSPs) for eligible children.
- Providing printed materials, training, and information to other agencies, programs, and individuals as needed.
- Contracting with the Families Together Parent Center for parent education regarding the importance of early identification and early intervention, parent rights, etc.
- Contracting with Children's Rehab Unit for NICU referral system, physician training, technical assistance to programs, and evaluations.
- Supporting the Make A Difference Information Network (1-800-332-6262).
- Supporting the Coordinating Council on Early Childhood Developmental Services.
- Supporting a Benefits Coordination Program to assist individual families and local community programs in accessing all available funding and resources.
- Providing enhancement grants and technical assistance to communities for developing or enhancing local interagency coordinating councils.

WHAT SERVICES
ARE PROVIDED?

Early identification services include screening and evaluation in the areas of physical, cognitive, communication, social and emotional, and adaptive development.

Family services coordination (case management) and a written IFSP are required elements in 1991-92 for infants and toddlers with disabilities and their families.

Early intervention services may include family services coordination, family counseling, speech-language pathology, audiology, nutrition, psychological services, social work, special instruction, nursing services, medical services for diagnostic and evaluation purposes, transportation, some health services, occupational and physical therapy, vision, assistive technology devices and services, and others as needed.

WHY USE AN
INTERAGENCY
APPROACH?

To provide the wide range of comprehensive services described in Part H, all existing agencies (state, regional, county, local) will need to collaborate and plan together to use available resources effectively and to prevent duplication of services. This coordination can best be accomplished by an interagency council at the local community level. KDHE will be glad to answer questions or provide technical assistance to communities interested in forming or strengthening a local interagency coordinating council.

WHERE LOCAL INTERAGENCY COORDINATING COUNCILS?

Most areas of Kansas have a local interagency coordinating council whose members work together to plan, develop, and implement the system most appropriate to their region. To find out about the local council in your area, call 1-800-332-6262.

WHAT MUST PROGRAMS PROVIDE?

Programs for infants and toddlers with disabilities and their families are guided by the rules and regulations of PL 102-119 and the Procedure Manual for Infant-Toddler Services in Kansas (1991). To request a copy free of charge, call 1-800-332-6262.

WHAT SERVICES ARE AVAILABLE TO CHILDREN AND FAMILIES?

Three major state agencies work collaboratively to develop and implement Part H: the Kansas State Board of Education, Kansas Department of Social and Rehabilitation Services, and Kansas Department of Health and Environment.

Several Kansas Department of Health and Environment programs offer services to children/families also served by the Infant-Toddler Program:

Program	Contact Name	Tel. #
Children and Families	Linda Kenney	296-1303
Family Planning	Jo Spangler	296-1304
Health & Environment Education:		
1. Films	Barbara Taylor	296-1215
2. Literature	Gladys Bloomfield	296-1214
Health Promotion	Paula Marmet	296-1207
Healthy Start/Lay Home		
Visitor Program	Mary Ann Humphries	296-1234
Immunizations	John Scott	296-5593
Make A Difference		
Information Network	Joe Johnson	1-800-332-6262
Maternal, Infant & Child Health	Rita Kay Ryan	296-1306
Nutrition and WIC Program	Roni Beshears	296-1321
Services for Children With		
Special Health Care Needs	Cassie Lauver	296-1313

WHO SHOULD YOU CONTACT FOR MORE INFORMATION?

- State Infant-Toddler Services points of contact are:
- * Marnie Campbell, Infant-Toddler Services Coordinator 296-6135
 - * Lorraine Michel, Speech-Language-Vision-Hearing, Coordinator 296-6134
 - * Judy Moler, Executive Director to the Coordinating Council on Early Childhood Developmental Services 296-1522
 - * Elaine Washburn, Benefits Coordinator 296-6761
 - * Linda Kenney, Acting Director 296-1300
- Bureau of Family Health, Landon State Office Bldg.,
10th Floor, 900 SW Jackson, Topeka, KS 66612-1290
