MINUTES OF THE HOUSE COMMITTEE ON APPROPRIATIONS.

The meeting was called to order by Chairperson Phil Kline at 1:30 p.m. on February 2, 1998 in Room 514-S of the Capitol.

All members were present except:

Committee staff present: Shannon Nichols, Leah Robinson, Legislative Research Dept;
Jim Wilson, Mike Corrigan, Revisor of Statutes Office;
Helen Abramson, Administrative Aide; Linda Swain, Appropriations Secretary

Conferees appearing before the committee:

Representative Joann Freeborn
Sarah Holbert, CEO, CARES, Inc.
Randy Tongier, Audit Manager, Legislative Post Audit
Susan K. Duffy, Associate Director, Administrative Services, Kansas State Historical Society
Thaine Hoffman, Director, Architectural Services

Others attending: See attached list

Hearing on HB 2613 - Conveyance of certain state real estate located in Cloud County by the governor.

Representative Joann Freeborn spoke on behalf of Kansas CARES, Inc. , a not-for-profit corporation . She introduced Sarah Holbert, CEO, CARES, Inc. and noted some of the Board of Directors were also present. Representative Freeborn spoke on behalf of **HB 2613** requesting transfer of property from the State of Kansas to CARES (Attachment 1). Representative Freeborn spoke concerning the history of the property and requested the state issue a quitclaim deed to CARES, Inc. stating the State of Kansas has no interest in the property.

CEO Sarah Holbert, spoke briefly on the CARES organization, it's purpose and it's intentions for the school property. (Attachment 2)

There were no other conferees, the hearing on **HB 2613** was closed.

Hearing on HB 2611 - Heritage trust fund, historic preservation grant program.

Randy Tongier, Audit Manager, Legislative Division of Post Audit, explained **HB 2611** was introduced by the Legislative Post Audit Committee in response to audit recommendations made by the compliance and control audit of the State Historical Society (Attachment 3). He explained how the bill would make three changes to current state law regarding administration of the Heritage Trust Fund Program, which provides financial assistance to renovate, repair, or maintain property listed on the National or State Registers of Historic Places. Questions followed his presentation.

Susan Duffy, Associate Director, Kansas State Historical Society introduced Carl Magnason, Program Director and Courtney Swann, the Program Architect. Director Duffy gave testimony (Attachment 4) questioning the value of **HB 2611** and whether the change in wording (from for-profit corporations to for-profit entities) would create ambiguities in the administration of the fund. She noted the audit concerns have since been addressed in other ways which makes this bill unnecessary, and passing the bill could seriously reduce the potential to assist historic properties in rural areas going against the intent of the original legislation.

After questions by the committee, the hearing was closed.

Hearing on HB 2603 - State energy conservation improvement projects, increasing annual limitation.

Thaine Hoffman, Director, Architectural Services spoke in favor of the bill, which would increase the current limitation from \$5M to \$10M. The presentation (Attachment 5) addressed concerns previously expressed at the 1/27/98 Appropriations meeting. He pointed out the need for including water conservation projects in the program.

A discussion followed. The needs were stressed for: Evaluation of state agency energy costs and possible savings, to be identified by audit surveys or in-house evaluation; and a program which would encourage incentives for voluntary involvement. Representative Kline, volunteered, as Chair for the Joint Committee on State Building Construction to request information on current square foot/energy costs ratio

from each of the Regent's institutions.

With no further questions, the hearing was closed.

Jim Wilson recommended a technical amendment to **HB 2613** that would remove the requirement that the attorney general approve the title to the property as only a quit claim deed was to be issued.

A motion was made by Representative Mollenkamp, seconded by Representative Packer, to recommend that the bill **HB 2613** be amended with the technical amendment and that the bill be passed as amended. There was no discussion. The motion carried.

A motion was made by Representative Dean, seconded by Representative Helgerson, that a bill requested by the state fair board to combine their non-fair days fee fund with the state fair fee fund be introduced by the committee. Motion carried.

Representative Holmes spoke concerning a handout (Attachment 6) of the Agency Vacancy List of October 3, 1997. It lists approximate 2800 vacancies in state agencies. There appear to be errors and inconsistencies in the report. A new report has been requested and is forthcoming. The listing is a tool for use by the committee and subcommittees for budgeting purposes. Hopefully, in the process, it will be possible to update the list for a more realistic picture of agency vacancies.

Representative Feuerborn made a motion, seconded by Representative Helgerson, to introduce a bill providing for a 2.5% COLA in the pay plan for state employees. The motion carried.

Representative Dean made a motion, seconded by Representative Pottorff that a bill be introduced by the committee, requiring at least one alumnus from each institution under the Board of Regents, be a member of the Board of Regents. The motion carried.

Representative Reinhardt made a motion, seconded by Representative Helgerson, to recommend that **HB 2534** be amended to update statutory citations to the 1997 Supplement of the Kansas Statutes Annotated, as recommended by staff, and that the bill be passed as .amended. The motion carried

A motion was made by Representative Helgerson, seconded by Representative O'Connor, to accept the minutes of January 29. Motion carried.

The meeting was adjourned at 2:40 p.m.

The next meeting is scheduled for Monday, February 3, 1998.

Re: House Bill 2613

Dear Mr. Kline:

I am the attorney for C.A.R.E.S., Inc., and it is my Title Company that has worked on the title insurance for the real estate transaction between C.A.R.E.S., Inc., and the Unified School District 333 of Concordia, Kansas. I have worked with Joann Freeborn regarding the information for the House Bill 2613. I will try to explain to you what the problem is concerning this real estate located in Concordia, Kansas:

1. On September 19, 1877, there is a Patent from the United States of America to Milton Reasoner which includes the real estate in question. A copy of this Patent is enclosed as Exhibit "A".
2. On February 10, 1875, there is a Deed from Milton Reasoner, Mayor of the City of Concordia, to the School District No. 4, which conveys the real estate in question. A copy of this Deed is enclosed as Exhibit "B".
3. On March 5, 1874, there is a Deed from School District Number Four to the State of Kansas conveying the real estate in question. A copy of this Deed is enclosed as Exhibit "C".
4. On September 16, 1996, Unified School District No. 333, quitclaimed all of their interest on the real estate in question and other real estate to C.A.R.E.S., Inc. A copy of this Deed is enclosed as Exhibit "D".

The problem is the Deed to the State of Kansas, referred to in Paragraph No. 3 above and attached as Exhibit "C". The best we can

determine, is that the State of Kansas never took possession of the property and has never claimed or used any interest in this property. The real estate was used for a school until the school was closed and the property was deeded to C.A.R.E.S., Inc., in 1996.

All we are requesting, is for the State to issue a QuitClaim Deed to C.A.R.E.S., Inc., stating that the State of Kansas has no interest in this property and that whatever interest the State of Kansas appears to have, it is relinquishing to C.A.R.E.S., Inc.

Please let me know if you have any questions or need any further information concerning this matter.

Sincerely,

Scott R. Condray
Attorney at Law

To the Chairman and Members of the Committee:

CARES, Inc. is a not-for-profit corporation located in Concordia, Kansas. As a center for independent living, the staff of CARES oversees several programs that provide services to residents of North Central Kansas. Some of those programs are reimbursable services provided in consumers homes through monies made available by Social Rehabilitation Services for care and/or training of persons on the PD Waiver, HI Waiver, MR/DD Waiver and through the Area Agencies on Aging for services to the elderly.

A program that is available nationwide, is the Canine Assistance Program. CARES trains and places service dogs, signal dogs, therapy dogs, emotional support dogs and seizure alert dogs to persons who qualify.

In September 1996, CARES was given possession of an elementary school that was donated to the corporation by USD 333. The goal is to use the 2 1/2 story school building as a regional office building for those non-profit organizations providing services to persons primarily in North Central Kansas, such as the Family Resource Center, Lutheran Social Services, Kansas Childrens Service League, CARES, etc.

The written requests for grants from numerous foundations which will provide for the financial support to renovate and make the building totally accessable are almost complete and other donations are being solicited. However, a barrier has been the ability to obtain a clear title for the property. We ask that the Kansas Legislature approve the changing of the title to CARES, Inc. in order that we can continue with our goal of renovating this building and making it an asset to the people of North Central Kansas and CARES, Inc.

Sincerely,

Sarah Holbert, CEO and the CARES, Inc. Board of Directors

HOUSE BILL 2611

Presentation to the House Appropriations Committee February 2, 1998

Randy Tongier, Audit Manager
Legislative Division of Post Audit

House Bill 2611 was introduced by the Legislative Post Audit Committee in response to audit recommendations made by the compliance and control audit of the State Historical Society. The bill would make three substantive changes to current State law regarding administration of the Heritage Trust Fund Program. That Program provides financial assistance to renovate, repair, or maintain property listed on the National or State Registers of Historic Places. The three changes are as follows:

- Current State law places more stringent eligibility requirements and specific matching requirements on grants to for-profit corporations, making it relatively more difficult for those organizations to qualify for grants. House Bill 2611 would make those requirements apply also to other types of for-profit entities (for example, partnerships). That change would provide for consistent treatment of all for-profit entities. It also would prevent a for-profit applicant from avoiding the more stringent requirements merely by choosing a form of organization other than a corporation.
- To limit speculation in historical property that might be assisted by Heritage Trust Fund grants, current State law provides for repayment (recapture) of 20% of a grant for each year of a five-year period that the grantee fails to maintain ownership of the property, with that five-year period starting when the project funded by the grant is completed. (For example, if a grantee sold renovated property one year after the renovation project was completed, that grantee would have to repay 80% of the grant.) House Bill 2611 would start that five-year period of potential repayment when the grant is awarded. That change would prevent the possibility of a grantee quickly selling the property benefitted by the grant, but avoiding repayment altogether, simply by selling the property immediately before the project is completed.
- Finally, current State law provides no exception to the repayment provision, even though circumstances warranting an exception could arise. For example, a grantee might want to transfer property to a local historical society, but wouldn't be able to do so without being required to repay grant moneys. House Bill 2611 would exempt transfers of rehabilitated buildings to a county or local government, a county or other local historical society, or a private not-for-profit organization without repayment of grant moneys.

Testimony for House Bill 2611

I am here to give testimony on House Bill No 2611 which seeks to amend the act that established the Heritage Trust Fund. The fund, which is administered by the Kansas State Historical Society, provides matching grants for the preservation of properties listed on the State or National Register of Historic Places. We have assembled a good track record with the program. All told, we have awarded seventy-five grants to locations throughout the state. These grants have served to preserve important historic properties, to raise awareness regarding community pride, and in some cases, stimulated local economic growth and heritage tourism.

The bill in question does not propose a major revision in the original statute. We would like to raise the question whether the proposed amendments are necessary and whether they would create ambiguities in the administration of the fund.

Under the current statute, for-profit corporations must provide a dollar-for-dollar match for Heritage Trust Fund grants. To receive assistance the owner must prove that the rehabilitation of the property is not feasible without assistance or that the property is endangered. To date, the only grant we have provided to a for-profit corporation has been to the Garden of Eden, Inc. In Lucas. At \$5,080, this also was the smallest grant to be awarded through the program.

The proposed amendment would impose the same requirements on all "for-profit entities". We have discussed this with our representative from the Attorney General's Office and he has concurred that the revision would introduce a high degree of ambiguity to the current statute. As it now stands, "for-profit corporation" presents a well-defined category. "For-profit entity," however, is open to a wide range of interpretation. For example, since farms and ranches are by their nature profit-making ventures, it would appear that farms and ranches, including houses fall under the restrictions (the 50-50 matching requirement) of this new category. It is our belief this provision would seriously reduce our potential to assist historic properties in rural areas and goes against the intent of the original legislation. The preservation of many historic properties often lies in finding those properties new uses and retaining them in private hands. We believe placing a higher hurdle for these entities would reduce the potential of this program as an incentive for such ventures.

*Appropriations
2-2-98
Attachment #*

The second issue concerns the revision of the recapture provision. Currently we are required to recapture all or part of the grant funds if a grant recipient disposes of a property within five years of closing out an HTF grant. During the audit a concern was raised that a property could be disposed of during the course of a grant without triggering the recapture provision. We consulted with our representative from the Attorney General's Office who confirmed that under the contract we had in place we would be able to sue for a return of funds if ownership was relinquished prior to the completion of a project. We have also added a clause in our grant agreements that the Kansas State Historical Society would recapture all grants funds if a transfer of ownership takes place during the course of a grant project without written permission of the agency. We therefore believe the proposed amendment seeks to correct a potential problem that has already been handled administratively.

HOUSE BILL 2603

ENERGY CONSERVATION BOND PROGRAM (K.S.A. 75-37,111 et seq.)

February 2, 1998

House Bill 2603 proposes to increase the \$5 million annual limit on energy conservation bonds that can be issued. Since this program reduces utility costs and therefore taxes, the more projects we do, the more we save. I do feel that an increase would be helpful. The problem is that we work with \$5 million in projects, but since there is a cut off date, agencies aren't ready to proceed. If they are not ready to proceed with their project and it is too late to substitute, we end up with less than the full issue. We have been reluctant to over book (plan for more projects than the limit). If we had a higher limit, we could work with that and at least get the \$5 million. I therefore support HB 2603.

There was concern about the provision to allow higher limits with approval of the Finance Council. The Finance Council is primarily legislators and we certainly don't see it as easy approval. However, I doubt we would need this provision anyway.

Another problem is that only energy costs can be considered. As I explained last week, in western Kansas, water is a precious commodity and needs to be conserved. More efficient cooling towers, etc., save water and the water savings should be included. I would ask that this be included in House Bill 2603. I doubt that provision would be very controversial.

A similar concern is that in some cases, such as automatic controls on boilers, salaries could be saved. Neither the present legislation nor HB 2603 would allow these savings to be used in the justification. However, since this is more controversial, I would not ask that this be included.

That ends my comments on the bill itself. Last week, I noted that KDFA was working on a line of credit approach that would allow us to proceed without waiting up to a year for bonds to be sold. That would be a great help in making the program attractive.

I also indicated that there needed to be more incentive for the agencies to use the program. In response to Representative Helgerson's questions, I talked with the program administrator. He indicated that it wasn't so much that we had projects ready to go and agencies would not proceed, but that there just wasn't the motivation to instigate projects. I asked if there were examples of projects that were planned but the agency backed out. His first comment was no, but after further pressing, he did list three and the first one was not a Regents institution. My comment again is that it is not that they are not willing to proceed, but that we need their enthusiasm for the project, and right now, there isn't much in it for them.

In answer to Representative Helgerson's suggestion that we survey the state buildings to identify the most needy projects, I found that it has not been done. ESU has done the best job of using the program and cutting utility costs, but that was based upon their knowledge of the problem areas. Bill Hartman has done an excellent job on that. KUMC has done a systematic survey of their campus and are working to correct the problems. Using their cost for the study and increasing it for travel and smaller facilities, the cost for a state wide survey would be approximately \$1.8 million. I would love to have money appropriated to do that, but no doubt there are more critical needs. I think we are on the right track in trying to make the program attractive enough that they want to use it. It should be a win-win situation
