Agency Estimate/Governor's Recommendation

The agency's revised FY 1999 expenditure limitation request is \$1,697,802 which is \$15,418 more than the limitation approved by the 1998 Legislature. The agency requests an expenditure limitation increase of \$15,418, which is for the funding of three impaired provider programs (\$12,568 for the Kansas Medical Society, \$1,850 for the Kansas Association of Osteopathic Medicine and \$1,000 for the Kansas Chiropractic Association). The agency expects that projected expenditures for FY 1999 will remain relatively similar to FY 1998 levels. However, fees for professional services will be \$43,270 higher in FY1999. This is primarily due to the agency having to contract for outside attorney services in the amount of \$30,000 to handle pending cases that were managed within the agency prior to the resignation of the agency's Disciplinary Counsel.

The Governor concurs with the agency's request of \$1,697,802 for an expenditure limitation in FY 1999, and this recommendation includes the expenditure limitation increase of \$15,418.

Senate Subcommittee Recommendation

The Senate Subcommittee concurs with the Governor's recommendation, with the following comments and adjustments:

1. The Subcommittee notes the increase in the number of open disciplinary cases the Board handles. Some of the reasons for the increase include a more informed public, more press coverage, more managed-care organizations requiring verification of member providers, better Medicare and managed-care hotlines for people to call and complain, and higher hospital surveillance of doctors. As the table below shows, total cases grew 34.0 percent from FY 1998 to FY 1999, and 28.0 percent from FY 1999 to FY 2000.

Note: For FY 1999, the agency estimates a lower number of total cases closed due to increased length and complexity of the nature of the cases.

2. Add \$158,000 to increase the Board's FY 1999 expenditure limitation for payment of fees and expenses to outside counsel to handle three particular disciplinary cases. The Board was unable to predict or foresee payment of these expenses in FY 1999. The reasons for the unpredictability of these cases stems from the following events. In June of 1998, the Board's Litigation Counsel assumed cases the Disciplinary Counsel had been working on until he resigned. As a result, the Board became concerned that three particular cases together with other cases pending and future, could not be handled by one attorney who would also be directing the investigations of more than 500 open investigative files. The Board decided to authorize the employment of outside counsel to handle the three cases and entered into contract with a Kansas City firm. Through mid January, 1999, the Board paid \$51,136 to outside counsel to handle the three cases. During the latter part of January the Board paid \$52,534. From February 1 through June 30, 1999, the Board expects additional fees and expenses in the amount of \$84,452. Total incurred and projected fees to outside counsel are estimated to be \$188,122 for FY 1999. The Board's revised estimate for FY 1999 included \$30,000 for outside counsel fees and expenses. The Board expects that two of the cases will be concluded in FY 1999, but that the third case will carry over into FY 2000. As a result, the Board requests an additional \$50,000 in attorney fees and expenses for FY 2000 (refer to the FY 2000 Subcommittee Report). The Subcommittee also recommends that the Board request a Governor's Budget Amendment to increase the Board's expenditure limitation.

Senate Committee Recommendation

The Senate Committee concurs with the Senate Subcommittee, but does not recommend that the Board request a GBA to increase the Board's expenditure limitation.

Senate Recommendation

The Senate has not considered this budget.

The Governor recommends an expenditure limitation of \$1,868,649. The recommendation reduces, by \$21,000, the agency's \$41,000 request for a computer consultant. The recommendation includes the enhancement request of \$33,195 for 1.0 FTE special investigator II position.

Senate Subcommittee Recommendation

The Subcommittee concurs with the Governor's recommendation with the following adjustment:

1. Delete \$33,079 based on the recommendation to delete funding for the Governor's recommended employee pay plan adjustments (3.5 percent unclassified merit pool, 2.5 percent classified step movement, 1.0 percent classified base salary adjustment, and longevity bonus payments).
2. Add \$50,000 for attorney fees for outside counsel. As noted in the FY 1999 Subcommittee Report, the \$50,000 for fees and expenses for outside counsel are for concluding the last of the three particular cases the Board has had to refer to outside counsel.
3. The Subcommittee notes S.B. 216, and recommends that pending its passage, its fiscal impact should be reviewed during omnibus. The bill reviews committee compensation and authorizes additional meeting times for the Board's review committees to review disciplinary cases and provides more compensation for those meetings (\$75 per day).
4. The Subcommittee recommends a Post Audit Report on the Board of Healing Arts.

TOTAL	<u>8.8</u>	<u>6.8</u>	<u>0.0</u>

* Includes the deletion of \$6,399 for the Governor's employee pay plan adjustments.

Agency Request/Governor's Recommendation

The Board's FY 2000 budget request is \$456,513, \$81,733 (21.8 percent) more than the agency's FY 1999 estimate. The increase is due largely to enhancements requested for FY 2000 totaling \$75,541.

The Governor recommends FY 2000 expenditures of \$391,028, \$65,485 (14.3 percent) less than the agency request. The Governor recommends only 0.3 FTE position of the 2.3 FTE positions included in the agency's enhancement request.

Senate Subcommittee Recommendation

The Subcommittee concurs with the Governor's recommendation with the following adjustments and observations:

1. The Subcommittee deletes \$6,399 for the Governor's employee pay plan adjustment.
2. The Subcommittee notes that the agency does have pending litigation that could require additional funding and recommends review of the issue at omnibus.
3. The Subcommittee notes that the current turnover rate for the agency is 50 percent, which is a potential disruption to the flow of new and renewal applications through the agency.
4. The Subcommittee notes that the change by the Board in continuing education requirements for Masters Level Psychologists from 60 hours every two years to 25 hours every two years has caused significant problems for the twelve Masters Level Psychologists at Larned State Hospital. The Subcommittee is concerned that

inadequate notice of the change, which became effective December 31, 1998, will result in the loss of licensure for these and other Masters' Level Psychologists seeking renewal in 1999.

5. The Subcommittee recommends that the Behavioral Sciences Board report their response to the problems in license renewal for Masters Level Psychologists following the Board's March 8, 1999 meeting.

Senate Ways and Means Committee Recommendation

The Committee concurs with the Subcommittee recommendations.

House Budget Committee Recommendation

The Budget Committee concurs with the Governor's recommendation with the following adjustments and observations:

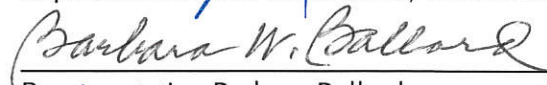

1. The Budget Committee recommends the introduction of legislation allowing the psychology applicants to pay testing fees directly to the testing company. Applicants currently pay their fees to the Board and the Board sends the fees on to the testing company.
2. The Budget Committee recommends that the Task Force on Providers of Mental Health Services and the Behavioral Sciences Regulatory Board review the testimony of Jean Holthaus regarding the licensure process to improve the licensure process.
3. The Budget Committee recommends review of this budget at omnibus, pending legislation to consolidate several of the health care fee boards.

Testimony
before the
HOUSE SOCIAL SERVICES BUDGET COMMITTEE
by Jean Holthaus, current BSRB consumer
March 3, 1999

Chairman Neufeld and members of the Committee, I am Jean Holthaus, LMSW (licensed masters level social worker) for Menninger at Stormont Vail. I work on the Senior Diagnostic Unit. Although I am employed by Menninger, I am here today representing myself, not my employer.

On September 17, 1996, I began clinical supervision, working towards my LSCSW (licensed specialist clinical social worker). Since I had heard numerous stories from frustrated past applicants, I made a meticulous effort to insure that I understood the process. I phoned Cheryl Kinderknecht, Past BSRB Social Work Licensing Specialist on several occasions asking for clarification about BSRB's definition of "clinical." I completed my learning contracts, kept a log of my supervision hours, and stayed current on my payments to my clinical supervisors (\$50.00 per supervision hour). 100 total supervision hours are required for an LSCSW.

On October 22, 1998, I proudly hand delivered my completed LSCSW application with attached documentation to the BSRB office. On December 1, 1998, after no response from BSRB, I contacted BSRB to check on the status of my application. I was told they were "backed up" due to the resignation of 3 staff members. I followed up once again on January 20, 1999, and was told: (1) my work "did not look clinical enough," (2) two of my "clinical supervisors did not attach their logs of scheduled supervision" (this was not requested on the BSRB form), (3) and BSRB requested more information about one of my three supervisor's rankings on their evaluation. Four months (March 2, 1999) and several correspondence later, I received notice from BSRB, granting me authorization to sit for the clinical exam.

I am here today to appeal for three changes in this process:

1. ***Time Factor*** After completion of an LSCSW, many social workers earn advancement in pay grade, are promoted to other positions, and are eligible to apply for 3rd party reimbursement, which may open other job opportunities. In other words, delays from BSRB have multiple affects on the applicant. ***Time is money***, for all parties involved.

2. ***Application Process*** I propose a "user friendly" system wherein candidates receive instructions and direction with clarity and simplicity at the ***beginning*** of the process.

3. ***BSRB Culture*** I propose a paradigm shift in attitudes to a "client-centered," "user friendly," board and organization, designed to replicate core social work values and principles.

Attached is my proposal addressing the above three areas of concern:

Proposal for Changes Within BSRB

“Working Towards a Customer Friendly/Client-Centered BSRB”

- **Re-design the LSCSW application process** to be proactive, such as:
 1. **Explicit clarity at the beginning** of the 2 year clinical supervision process, instead of a time consuming, frustrating, explanation at the end of the process. This could eliminate lengthy delays and time consuming correspondence and phone contact during the final review stage of the application. This might include a BSRB advisor assigned to each applicant to review the clinical setting, job descriptions, clinical contracts, as well as clarify expectations of applicant, and documentation requirements. An initial meeting with clinical supervisor, applicant, and BSRB advisor could be arranged to clarify and insure the applicant and clinical supervisor are “on the right track.”
 2. An **on-going review** of the applicant’s clinical supervision process, perhaps every 4-6 months. This could include BSRB advisors meeting with the applicant and his/her clinical supervisor in a group setting. Clinical supervisors are equally confused as to the requirements.
 3. A **commitment to continually evaluate and improve** the LSCSW application process in the spirit of true social work.
- **Conduct Needs Assessment/Survey** of the “clients.” Ask for feedback from current and past applicants. What was helpful? What would be helpful? Where is change needed?
- **Re-design the LSCSW application process** to replicate core social work values and principles “consistent with the *NASW Code of Ethics*.” (3.09 (d))
 1. **Respect** “Social workers should treat colleagues with respect and should represent accurately and fairly the qualifications, views, and obligations of colleagues.” (2.01 Respect)
 2. **Self-Determination** “Social workers respect and promote the right of clients to self-determination and assist clients in their efforts to identify and clarify their goals.” (1.02 Self-Determination)
- **Initiate a customer-focused training** for BSRB staff, designed to shift attitudes and change language used in: correspondence, phone contact, and instruction packets.

Agency Request/Governor's Recommendation

The agency's request for FY 2000 expenditures of \$623,894 is an increase of \$214,715 (52.5 percent) above the FY 1999 estimate. The request includes an enhancement for 3.0 FTE (two Financial Examiners and one staff attorney), a \$12,000 salary increase for the vacant Director's position, a new publication, increased grants to Housing and Credit, Inc., and office furniture for the new staff.

The Governor recommends \$445,723. The Governor recommends 1.0 FTE for a Financial Examiner and an increase of \$5,991 for the vacant Director's salary. The Governor did not recommend the other enhancements.

Senate Subcommittee Recommendation

The Subcommittee concurs with the recommendations of the Governor, with the following adjustments and observations:

1. The Subcommittee notes that the Acting Consumer Credit Commissioner made a compelling case for an increase in the vacant Consumer Credit Commissioner's salary and for the positions requested by the agency. The Subcommittee also learned that the agency will request a Governor's Budget Amendment to restore these requests in full. The Acting Consumer Credit Commissioner also briefed the Subcommittee on S.B. 271, which would change the way consumer credit is regulated, abolishing the Consumer Credit Commissioner and establishing a Deputy Commissioner of Consumer and Mortgage Lending within the Office of the State Bank Commissioner. The bill has passed the Senate.

The Acting Consumer Credit Commissioner also noted, in response to Subcommittee questions, that fees for lending agencies are lower in Kansas than in most other states. The Subcommittee observes that higher fees may restrict the number of firms doing business in Kansas. The Acting Commissioner said that there currently are minimal requirements on mortgage lenders and that the agency is challenged by recent developments, especially by the proliferation of home equity lenders. The Subcommittee was receptive to the agency's concerns, and recommends that these issues be reexamined at omnibus pending a Governor's Budget Amendment and the final disposition of S.B. 271.

2. Remove \$12,583 for the Governor's FY 2000 employee salary adjustment.
3. The Subcommittee also notes that the Securities Commissioner has served as Acting Consumer Credit Commissioner, without compensation, since May, 1998. The Subcommittee commends him for this service, and encourages consideration be given to compensating him for that service.

Agency Request/Governor's Recommendation

The agency requests \$192,772 for FY 2001 operating expenditures. This is an increase of \$15,650 (8.8 percent) from the revised FY 2000 estimate. The agency requests \$119,823 for the salaries and wages of 3.0 FTE positions. This is an increase of \$6,555 (5.8 percent) from the revised FY 2000 estimate. The agency requests \$66,008 for contractual services. This includes an enhancement of \$500 for inflation and \$5,500 enhancement for publishing a CPA directory which is described below. The agency requests \$2,403 for commodities and \$4,538 for capital outlay which includes an enhancement of \$4,538 for a computer which is described below.

The Board estimates the additional revenue to be \$13,940 with 20.0 percent of that amount (\$2,788) going to the State General Fund. This request is done to streamline and ease the reporting process of peer review for CPAs who perform attest functions by shifting the requirement to the firms.

The Governor recommends \$184,836 for FY 2001 operating expenditures. This is an increase of \$7,190 (4.0 percent) from the Governor's FY 2000 recommendation and a decrease of \$7,936 (4.1 percent) from the agency's FY 2001 request. The Governor recommends \$117,887 for the salaries and wages of 3.0 FTE positions. This is an increase of \$3,595 (3.1 percent) from the FY 2000 recommendation and a decrease of \$1,936 (1.6 percent) from the agency's FY 2001 request. The Governor recommends \$60,008 for contractual services. The Governor does not recommend the \$500 enhancement for inflation nor the \$5,500 enhancement for publishing a CPA directory. The Governor recommends \$2,403 for commodities and \$4,538 for capital outlay. **The Governor recommends the agency's computer enhancement.**

The Governor does not concur with the agency's request to create registration fees for accounting firms.

** Entire reduction for Governor's employee salary adjustment.

Agency Est./Governor's Recommendation

The agency requests an expenditure limitation of \$127,918 in FY 2000 which is an increase of \$21,547 (20.3 percent) above the FY1999 estimate and includes an enhancement package of \$15,539. The enhancement package includes \$4,094 in salaries and wages, \$7,045 in contractual services, and \$4,400 in capital outlay. The requested enhancements would provide funding for an increase the salary of the Administrative Officer, an increase in postage expenses, the attendance of three Board members at a national convention, an extension of each quarterly meeting by one day, the conducting of one disciplinary hearing, and the purchase of computer equipment.

The Governor recommends an expenditure limitation of \$122,049 in FY 2000 which is an increase of \$14,226 (13.4 percent) above the FY 1999 recommendation. The recommendation includes \$73,485 for salaries and wages and \$48,564 for other operating expenditures. The Governor recommends the enhancements concerning the increase for the Administrative Officer; the increases for postage expense; the fees for an attorney, court reporter, and temporary help; and the purchase of computer equipment.

Senate Subcommittee Recommendation

The Subcommittee concurs with the Governor's recommendation with the following adjustments:

1. Delete \$3,178 (all from the agency's fee fund) for the Governor's employee salary adjustment.
2. Concur with Governor's Budget Amendment No. 1, Item 1, which adds \$1,452 from Other Funds to correct an error in salaries and wages.

12-6

3. The Subcommittee expresses concern over the decreasing balance of the agency's fee fund and the fact that the fees are at the statutory maximum. According to the Board's Administrative Officer, much of the decreased balance is due to accreditation sanctions placed on two barber schools by the U.S. Department of Education. During the sanction period, receipts for student licenses and barber examination fees were drastically reduced. The sanctions have been lifted and, according to the agency, receipts should return to normal levels during FY 2000. The Subcommittee recommends that the fee structure be reviewed during the 2000 Legislative Session to determine if the statutory maximums should be increased.

Agency Est./Governor's Recommendation

For FY 1999, the agency estimates expenditures of \$715,596 which is the same as the amount approved by the 1998 Legislature. Of the estimate, \$398,406 is for salaries and wages, \$169,415 for contractual services, \$47,775 for commodities, and \$100,000 for capital outlay. The capital outlay estimate includes funding for computer equipment and software approved by the 1998 Legislature with funding to be released by the State Finance Council following review by the Joint Committee on Information Technology (JCIT). Although JCIT reviewed the project, the item was not included on the State Finance Council's agenda. The funding is still included in the agency's budget, but the proviso would need to be modified to allow expenditure of the funding.

The Governor concurs with the agency's estimate.

Senate Subcommittee Recommendation

The Subcommittee concurs with the Governor's recommendation with the following notation:

1. The 1998 Legislature approved FY 1999 funding for a new computer system with the proviso that the funding be released by the State Finance Council following review by the Joint Committee on Information Technology (JCIT). Agency Request/Governor's Recommendation

The Board of Mortuary Arts request for FY 2001 increases by \$7,163 (3.8 percent) over the FY 2000 amount of \$188,523. This can be attributed to an increase in salaries and wages, contractual services for travel, inspections, hearings, and lease/rent agreements. Also, requested capital outlay expenditures have increased due to the requested purchase of additional computer and office related equipment

The Governor recommends an increase of \$7,197 over the FY 2000 recommendation to maintain current the current level of services, including the inspection of approximately 700 funeral establishments.

The agency requests no enhancements.

Senate Subcommittee Recommendation

The Senate Subcommittee concurs with the Governor, with the following adjustments:

1. Delete \$6,391 based on the recommendation to delete funding for the 2.5 percent classified step movement (\$2,454); longevity bonus payments (\$1,361); a 1.0 percent classified base salary adjustment (\$639); and a 3.5 percent unclassified merit pool (\$1,937) from individual agency budgets.

Agency Estimate/Governor's Recommendation

The Board of Pharmacy estimates current year expenditures of \$477,029, which is \$15,247 less than the amount approved by the 1998 Legislature. The reduction is due to the reclassification of a Public Administrator Service II position to an Office Specialist resulting in the agency's overall salary amount decreasing.

The Governor recommends a decrease of \$17,906 from FY 1999 approved expenditures, while concurring with the current number of FTE positions

Senate Subcommittee Recommendation

The Subcommittee concurs with the Governor's recommendation with the following adjustment:

1. The Subcommittee expresses its concern relating to the long hours some pharmacists are working. There is no Kansas or Federal law that requires an employer to give employees a break or lunch hour. Both Kansas and Federal law state that IF a break is given the break must be at least 30 minutes in duration before it can be an unpaid time period. The Subcommittee considers this a significant issue due to possible health and safety issues relating to length of working hours. Therefore, the subcommittee recommends referral of this issue to the Healthcare Oversight Committee to review this issue during the 1999 Legislative Session and make recommendations to the 2000 Legislature.

Agency Request/Governor's Recommendation

The Board of Pharmacy requests FY 2000 expenditures from the Board of Pharmacy Fee Fund of \$548,259 an increase of \$71,230 (14.9 percent) above the FY 1999 estimate. The increase in the FY 2000 request is in part due to an enhancement request made by the Board of Pharmacy concerning an additional FTE position and employee pay raise upgrades. The budget also reflects a 25 percent decrease in pharmacist licensing fees, because of an increasing surplus in the fee fund in previous years.

Absent requested FY 2000 enhancement package the agency's request represents an increase of \$11,822 (2.5 percent) over FY 1999 estimated expenditures

The Governor recommends expenditures of \$508,449 for FY 2000. Included within that amount, the Governor adds \$20,182 in FY 2000 to increase the Pharmacy Inspector class pay level from pay grade 30 to pay grade 33 and adds \$2,676 to finance a 1.0 percent base salary increase.

Agency Request/Governor's Recommendation

The Board of Pharmacy FY 2001 request is \$17,078 (3.1 percent) above the FY2000 requested budget. As in FY 2000, this is due to the continuation of enhancement requests concerning additional personnel and employee pay grade increases. The budget reflects a 25 percent decrease, as with the FY 2000 request, in pharmacist licensing fees because of an increasing surplus in the fee fund in previous years.

Absent requested FY 2001 enhancement package the agency's request represents an increase of \$13,597 (2.8 percent) above FY 2000 requested expenditures

The Governor recommends expenditures of \$521,865 for FY 2001. Included within that amount, the Governor adds \$20,642 in FY 2001 to increase the Pharmacy Inspector class pay level from pay grade 30 to pay grade 33 and adds \$2,692 to finance a 1.0 percent base salary increase.

The agency's revised FY 1999 expenditure limitation request is \$228,533 which is \$5,596 more than the limitation approved by the 1998 Legislature, which was \$222,937. The revised estimate reflects the increase in the number of board members, from five to nine as added by the 1998 Legislature. As a result, the agency anticipates increases in communication, travel and subsistence, and professional services. The agency requests an expenditure limitation increase of \$5,596 due to new costs associated with four new board members. The Governor concurs.

The Senate Subcommittee concurs with the Governor's recommendation, with the following comment:

The enhancement package includes an increase in salaries and wages to fund a 0.6 FTE Administrative Secretary to work full-time.

The Governor recommends an expenditure limitation of \$251,527, including \$75,245 for salaries and wages and \$176,282 for other operating expenditures. The Governor's recommendation includes the agency's enhancement request to increase the 0.6 FTE Administrative Secretary position to 1.0 FTE. The Governor adds a 1.0 percent classified base salary adjustment in FY 2000.

Agency Estimate/Governor's Recommendation

The agency requests current year expenditures of \$41,634. (**Staff Note:** The agency is most likely under-reporting the amount for contractual services. This was the first year a new Secretary-Treasurer was responsible for producing a budget.) The 1998 Legislature approved an expenditure limitation of \$83,020 for the year ending June 30, 1999. This is a decrease of \$41,665 from the authorized limitation.

The Governor recommends \$70,564 for current year expenditures. This is a decrease of \$12,456 from the approved limitation and an increase of \$28,930 over the agency's request for FY 1999. The recommended amount should allow the agency to maintain current services. The agency's request would have been inadequate to allow the agency to operate.

Senate Subcommittee Recommendation

The Senate Subcommittee concurs with the Governor's recommendation, with the following comments:

1. The Subcommittee complements the Board on the drop in the number of days taken to respond to complaints. In FY 1997 an average of 45 days were needed to respond to complaints. In FY 1998, 14 days were needed, and in FY 1999, the Board estimates it will take seven days.
2. The Subcommittee notes the jump in salaries and wages from \$13,849 for FY 1999 to \$28,132 in FY 2000. The increase of \$14,283 is due to the Secretary position going from a 0.3 position to a 1.0 FTE position, as authorized by the 1997 Legislature. The change in that position was necessitated by 1996 S.B. 684 which allowed optometrists to diagnose and treat adult open-angle glaucoma. The law also

required all optometrists treating patients afflicted with the disease to file with the agency glaucoma management reports. These newly required reports resulted in over 10,500 new written reports handled by the agency annually.

The status of the agency's fee fund, based on the recommendation of the Subcommittee, is reflected in the table below.

Agency Req./Governor's Recommendation

The agency requests FY 2001 expenditures in the amount of \$40,380, which is a decrease of \$2,401, or 5.6 percent, below the prior year's requested expenditures.

The Governor recommends fee fund expenditures of \$74,510, which includes \$200 for a 1.0 percent classified base salary increase.

Senate Subcommittee Recommendation

The Subcommittee concurs with the Governor's recommendation with the following comment and adjustment:

1. The Subcommittee notes the difference in the ending fee fund balance in FY 2001 for both the agency's request of \$250,966 and the Governor's recommendation of \$114,494. The difference of \$136,472 is due to a combination of higher projected receipts forecasted by the agency (\$12,013 over the Governor's recommended projected receipts in FY 1999, \$14,779 in FY 2000, and \$16,696 in FY 2001) and lower requested expenditure requests by the agency (\$28,930 below the Governor's recommendation in FY 1999, \$29,924 in FY 2000, and \$34,130 in FY 2001).
2. Delete \$852 based on the recommendation to delete funding for the Governor's recommended employee pay plan adjustments (3.5 percent unclassified merit pool,
