

MINUTES OF THE SENATE WAYS & MEANS COMMITTEE.

The meeting was called to order by Chairperson Dave Kerr at 11:00 a.m. on January 20 in Room 123-S of the Capitol.

All members were present except:

Committee staff present: Alan Conroy, Chief Fiscal Analyst, KLRD  
Norman Furse, Revisor of Statutes  
Michael Corrigan, Asst. Revisor of Statutes  
Rae Anne Davis, KS Legislative Research Department  
Debra Hollon, KS Legislative Research Department  
Judy Bromich, Administrative Assistant to the Chairman  
Ronda Miller, Committee Secretary

Conferees appearing before the committee:

Meredith Williams, Executive Secretary, Kansas Association of Public Employees  
Pat Beckham, KPERS Consulting Actuary, Milliman & Robertson, Inc.

Others attending: See attached list

Mr. Meredith Williams appeared before the Committee and briefly reviewed copies of a document which included the KPERS mission statement, the membership of the Board of Trustees (Attachment 1), and KPERS accomplishments, initiatives, and monthly reports (Attachment 2). He reported that KPERS had undergone their fifth consecutive financial audit with a clean opinion. Over the last five year period, KPERS started with assets of \$5.16 billion, received \$1.66 billion in contributions, issued 3 million benefits checks totaling \$2 billion, had a net investment income of \$5.18 billion, had assets of \$9.63 million as of June 30, 1999, and had an asset base of \$10.42 billion as of January 14, 2000. He briefly reviewed KPERS investment performance report for December, 1999, the December financial statement, and the monthly litigation status report (Attachment 3). He stated that in the last 30 days the Board has accepted 3 settlement offers totaling \$41.625 million; total settlements are now \$69 million with a net after all fees and expenses just under \$42 million. Secretary Williams told Committee members that he believes most of the litigation will be finished in the next year. In answer to a question, he stated that attorney fees total just under 25% of the settlements.

Secretary Williams introduced Pat Beckham who reviewed the actuarial performance of both the Retirement and the Death and Disability programs as of June 30, 1999 (Attachment 4). In reviewing the latter, Ms. Beckham pointed out that the actual liability as of June 30, 1999 totals \$148.4 million based on actuarial assumptions (Attachment 4-12). In comparison, the assets used to finance the liabilities total \$189.9 million (Attachment 4-13). She stated that part of the excess is needed to help fund the shortfall between the 0.62% contribution rate (the true cost of providing benefits) and the statutory rate of 0.6%.

Ms. Beckham explained the impact of the "smoothing mechanism" on the assets of the Death & Disability program if it were retroactively implemented in 1995 (Attachment 4-14). There was lengthy discussion regarding the policy decision to place a moratorium on state contributions to the program. Following debate, Ms. Beckham stated that there would be 100% coverage for all potential debts of the Death & Disability claims and the program would include a reserve of \$22 million to provide additional protection against claims. There was some discussion regarding the Governor's recommendation to freeze the contribution rate in FY 2001.

Ms. Beckham proceeded to briefly review the Retirement system within KPERS. (Attachment 4-5) In

CONTINUATION SHEET

SENATE WAYS & MEANS COMMITTEE MINUTES

answer to a question, Ms. Beckham stated that virtually all public systems use some type of smoothing mechanism with a 4 year or 25% being the most common.

It was moved by Senator Salmans and seconded by Senator Ranson that bill draft 9rs1597 be introduced as requested by the State Treasurer. The motion carried on a voice vote.

Senator Ranson moved and Senator Morris seconded that the minutes of January 12, 2000 as amended and the minutes of January 13, 2000 be approved. The motion carried on a voice vote.

Copies of subcommittee assignments were distributed to members (Attachment 5).

The Chairman announced that because of the challenges presented by the FY 2001 budget, he would call members into his office in pairs to discuss approaches to solving budget issues.

The meeting was adjourned at 12:00 p.m. The next meeting will be January 21, 2000.

# KANSAS PUBLIC EMPLOYEES RETIREMENT SYSTEM FISCAL YEAR 1999 ACCOMPLISHMENTS

## General

- Agency received Public Pension Principles Achievement Award.
- Received Certificate of Achievement for Excellence in Financial Reporting.
- Unqualified Audit Opinion with no findings or recommendations.

## Legislation

- Bank restrictions constitution amendment to appear on ballot.

## Benefits Administration

- Paid out over \$552 million in member benefits. Issued over 600,000 monthly retirement checks on a timely basis.
- Conducted expanded series of retirement seminars at locations around the state; developed new handbook and theme; attracted over 5,500 participants; added a series of KP&F seminars and developed handbooks for KP&F and the Retirement System for Judges.
- Processed 3,359 retirement applications, an 11 percent increase from FY 98.
- Answered 82,000 member phone calls.
- Updated & standardized forms; improved distribution, including internet access.
- Developed procedures to implement 1998 legislation including compliance.
- Provided personal assistance to thousands of members, employers, and beneficiaries; a much appreciated service in this age of automation.
- Helped design, test and implement new computer programs to handle the new, more complex service purchases on the AS400; this year's annual statements reflect all the member's service purchases.
- Held Designated Agent's Seminars around the state; hired two additional part time Field Representatives to work in Western Kansas and Central Kansas; met one on one with members around the state to provide individual benefits counseling.
- Developed formal process for reviewing and promulgating administrative regulations; phase one effort is now complete and amendments to existing regulations are in effect.
- Employer affiliation process brought under control with consistent forms and procedures. Governmental issue settled.
- Streamlined administrative appeals process.
- Completed major project revising and updating KPERS internal and external forms and brochures and placing the forms on the KPERS web site. Created "communications web" between KPERS employees to facilitate forms updating.

Attachment # *2*

- First meeting of the Employer Council held in February.
- Successfully completed open enrollment for optional group life insurance for local employers.
- Extensive work with new KU Hospital Authority.

### **Fiscal Services**

- Voucher approval authority increased from \$500 to \$ 1,000.
- Established and enrolled 100 percent of employers in KPERS EFT system; established EFT data and statistics measurement system to track contributions and check for noncompliance; and implemented daily cash management procedures transferring monies received from local employers via EFT, to custodial bank on a same day basis.
- Implemented procedures to improve the FITW reconciliation process.
- Converted to DTC Tradesuite for in-house trade affirmations.
- Implemented new investment trade and accounting software for assets managed in-house.
- Began test operations for a \$800 million in-house index portfolio.
- All investment managers now filing monthly reports electronically, facilitating efficient reconciliation with custodian.
- Completed annual reporting of 1,348 employers and 158,278 members.
- Implementation of procedures for assessing lump sum payables to employers subject to 15 percent rule.
- Implemented improved software functions with Lawson and QED.
- Substantial progress in reconciliation and integration of multifunctional files within agencies.

### **Human Resources**

- Used KSIP savings to award performance bonuses to classified staff.
- Established first incentive compensation program for selected unclassified staff.
- Successfully implemented ShaRP upgrade.

### **Investments**

#### **Total Fund**

- Total fund return of 11.2% exceeded the policy index by 60 basis points, implying “value added” of over \$55 million.
- Total fund return in excess of the actuarial discount rate of 3.2%, implying improvement in the health of the System of nearly \$295 million.
- Successfully implemented the new asset allocation. This process involved the movement of over \$2.7 billion dollars, involving thirteen managers and fourteen

portfolios. The transfers between portfolios and custodian were flawless, and occurred at a minimum of expense and negative impact to the total System.

- As a part of the new asset allocation, a cash securitization strategy was internally developed and implemented within the current System structure at no cost. After only six months of operation, this strategy added value in excess of \$7 million.
- A comprehensive risk measurement system was developed internally, allowing the Board to create and monitor a System-wide risk budget. It also creates a platform for greater structural control and analysis of the total System and manager returns, allowing for greater accountability and risk control within the aggregate portfolio. KPERS is one of a handful of public pension plans to have successfully implemented this analysis and technology, and the only one our size in the nation to have done so.
- All but one of the System's managers or investment partners were visited on-site.
- A successful consultant search was initiated and conducted entirely by staff.
- A successful small cap search was initiated and conducted primarily by staff.
- Reports and analysis for the Board and its Committees have been streamlined and improved. Electronic reporting is now available from all managers, augmenting electronic reporting to the Board.

#### Publicly Traded Securities

- A redundant manager was eliminated, as well as a non-productive domestic equity portfolio.
- A manager warning system and manager tracking enhancements were developed.
- Successfully negotiated a new performance based fee with one domestic manager, substantially improving the System's risk-to-overhead relationship.
- The dedicated cash portfolio was successfully managed internally, providing for operational cash needs of the System and creating substantial fee savings.
- The distributed securities portfolio was productively managed, generating gains on sale of over \$3 million. In addition, an option over-writing program (initiated and managed internally) generated over \$850,000 in premium income for the portfolio. Through internal management of this portfolio, fee savings of approximately \$300,000 were realized.
- Successfully managed investment overhead, holding total security management fees flat year-over-year. As a percent of assets managed, fees declined from 24.5 basis points to 22 basis points.

#### Real Estate

- A new real estate investment strategy was successfully developed and adopted. This strategy will provide for future investments in a more efficient and effective manner.
- After considerable negotiations, the parking garage at 612 Jackson was successfully purchased, securing parking for the tenants of 611 Kansas, including KPERS employees and customers.
- Ward Parkway shopping center was successfully sold.

- Staff conducted a successful real estate consultant search.
- Successfully retained a proxy voting service for the internally managed REIT portfolios.
- Achieved stated goal in management of the active REIT portfolio, producing returns in excess of the index of 90 basis points, inferring approximately \$777,000 in relative value.
- Achieved stated goal in management of the passive REIT portfolio, producing returns in excess of the index of 110 basis points, inferring approximately \$1.8 million in added value.
- Through internal management of both REIT portfolios, produced fee savings estimated at \$375,000 for the fiscal year.
- Streamlined internal operations, including the dissolution of several redundant title holding companies. Accounting reconciliations were moved from quarterly to monthly, improving efficiency and timeliness of reporting.
- Asset management plans and appraisals were successfully completed without any negative surprises.

#### Alternative Investments

- Moved ten investments in the direct placement portfolio from external managers to internal management. Successfully filled three Board seats of portfolio companies on behalf of the System.
- Exited ten old investments, representing \$10.9 million in sales proceeds on a \$5 million dollar cost basis. Sold 13 distributed stock positions, and successfully liquidated one older partnership. Four partnerships have deposited their final holdings in escrow in anticipation of distribution.
- As a consequence of internal management efforts and dispositions, one manager was eliminated, generating cost savings of \$360,000 per year. The remaining manager's contract was renegotiated, resulting in savings of \$120,000 per year.
- Met with over 20 partnership groups under investment consideration, with ultimate recommendation and acceptance of 11 partnerships and investment commitments of over \$175 million.
- Stayed on target with regard to pace and diversity of investments in the new program.
- The initial phase of the new program has been nearly completed, resulting in a diversified group of high quality fund managers.
- Developed comprehensive customized reports and reporting for the new portfolio to meet accounting needs, statutory monitoring and annual report demands. Created on-line access to portfolio data with on-site printing capabilities.

#### Other

- Began search for outside securities litigation counsel to fulfill fiduciary responsibilities under the Private Securities Litigation Reform Act.
- Created Power of Attorney protocol for investment staff.

## **Information Resources**

- Operating systems available over 99 percent of normal business hours.
- Extensive Y2K efforts documented; KPERS is compliant.
- Acquired a facilitator/oversight manager for the Imaging/Workflow project.
- Developed an internet Board book.
- Integrated Records Center operation into the Information Resources work unit.
- Acquired and installed new desktop workstations for 53 staff members.
- Quadrupled the capacity of the network file server; tripled the capacity of the AS400; and installed numerous software upgrades.
- Maintained and improved the KPERS webpage.
- Automated six new service buyback processes.

# KANSAS PUBLIC EMPLOYEES RETIREMENT SYSTEM

## FISCAL YEAR 2000 INITIATIVES

### Legislation

- Conduct educational campaign on bank restrictions constitutional amendment.
- Participate in plan design debate.
- Amend Retirement Act to provide that all lump sum death benefits are life insurance.

### Benefit Administration

- Develop and track performance measures; participate in peer performance evaluation.
- Continue implementation of compliance legislation.
- Develop and implement paperless system with SBL.
- Increase retiree participation in direct deposit program.
- Improve annual statement to include optional insurance information; modify format to self-enclosed mailer.
- Automate roll-overs.
- Continue retirement seminars and develop a series for those 5-10 years from retirement.
- Explore possibility of co-education ventures with Department of Administration and Deferred Compensation.
- Implement an ongoing, random sample member/customer service satisfaction survey.
- Organize two meetings of the Employer Council.
- Emphasis on auditing current employers for eligibility as "governmental."
- Develop needed administrative regulations.
- Create a QEBA (qualified excess benefit arrangement).
- Complete open enrollment for Optional Group Life Insurance for State Agencies.
- Implement self-directing phone answering system.

### Fiscal Services

- Review Optional Group Life Insurance procedures for local units.
- Obtain Business Procurement Card.
- Continue progress in the reconciliation and integration of computer systems.
- Continued development of Internal Investment software, as more investments are brought in-house.
- Training and continuing education for staff with an emphasis on software training in PC applications and AS 400 software.
- Development of Fiscal Service Section performance reporting model.
- Assist in developing proposals for various DB/DC hybrid alternatives.
- Develop plan sponsor comparisons of relevant data using PENDATA.

- Refined EFT procedures to allow employers to post a payment to a date in the future.
- Identify processes for potential E-Commerce and internet applications.
- Seek increased authority for Stars and SHaRP to streamline processing.
- Comprehensive review of personnel and organizational structure.
- Develop consistent procedures to handle adjustments to employer and employee's contributions.

### **Human Resources**

- Award performance-based bonus payments to classified staff using KSIP savings.
- Training and continuing education for staff.
- Restructure new employee orientation program and employee handbook.

### **Investments**

#### **Publicly Traded Securities**

- Convert the S&P 500 portfolio to internal management, generating \$250,000 in fee savings, improving our ability to align and manage cash flows and exposures and creating a more challenging and rewarding work environment for the internal managers
- Develop and manage a Treasury Inflation Protected Securities portfolio. The TIPS portfolio will be used as a part of the fixed income portfolio and will provide high real returns and an effective inflation offset for liabilities. Internal management will generate approximately \$300,000 in fee savings, improve our ability to align and manage liability offsets and create a more challenging and rewarding work environment for the internal managers.
- Develop and implement alternative domestic equity strategies to compliment the existing asset allocation strategy and risk/reward platform. These will include modified dynamic completeness portfolios and (potentially) absolute return (option overwrite) strategies.
- Organize and distribute an electronic manager database to include performance, commentary and strategy for use by the Board of Trustees and other interested parties.
- Continue to refine and assess the current risk budget, seeking at all times to achieve the most efficient implementation strategy available. This will include the development of an ongoing monitoring schedule for manager active risk profiles and aggregate asset class risk measures.
- Continue to refine and assess the effectiveness of the internally managed dedicated cash portfolio.

### Real Estate

- Identify and acquire additional real properties to help bring the portfolio in line with the NCREIF objectives of diversification and exposure.
- Dispose of non-NCREIF properties or properties with less desirable attributes, including the Overland Park International Trade Center and the Sherman, Texas property.
- Consider non-core opportunities within the adopted strategy as appropriate.
- Continue to improve the performance of the enhanced REIT portfolio.

### Alternative Investments

- Reduce pre-1991 portfolio investments.
- Effectively manage the distributed securities portfolio.
- Complete and solidify the core group of general partner relationships; consider and process re-ups as appropriate; develop and implement the AIP Business plan, which will include strategies to improve total performance through the management of the core relationships, monitoring and oversight and overhead management.

### Other

- Develop an ongoing liability valuation estimate for communication to the Board regarding surplus objectives.
- Retain counsel for the Private Securities Litigation Reform Act.
- Expand use of Internet to give members access to basic account information.

### Information Resources

- Implement imaging and workflow project systems; integrate benefit process programs to streamline workflow.
- Expand use of Internet to give members access to basic account information.
- Allow employers to fill out and transmit forms over e-mail; extract membership information electronically from SHaRP.
- Begin E-Commerce relationship with employers on K-17's and enrollments.

- 2) Net Asset Value is the market value of investments plus accrued receivables less accrued payables. The cash portion of the portfolio is managed by Payden & Rygel.
- 3) Alternative investment assets are priced at adjusted cost or market value. The values for assets priced at adjusted cost will be updated annually as of June 30. Therefore, total return reflects cash returns on adjusted cost basis, including, gains realized on the sale of assets, as well as the unrealized gain/loss on securities priced at market value. Assets priced at cost recognize realized gains or losses resulting from sales totally in the month of the sale transaction.
- 4) The Total Cash Equivalents return includes the assets in the direct placement funding account.

**Remaining Depositions:**

**For KPERS:** Defendants' experts.

**For Defendants:** Plaintiff's experts.

**F. Recent Developments:** On May 20, 1998, KPERS filed a Motion for Relief from Judgment Pursuant to Rule 60(b)(6). On August 19, 1998, the Court denied KPERS' Motion for Relief From Judgment. On August 31, 1998, KPERS filed a Notice of Appeal. On October 5, 1999, the U.S. Court of Appeals issued its opinion, affirming the district court's ruling (see G.3, below).

The Morgan, R&K and Shook Hardy Defendants filed Amended Bills of Costs on October 12 and 21, 1999. On October 28, 1999, KPERS filed its objections. Also on October 28, 1999, the Blackwell Sanders defendants filed a Second Amended Bill of Costs and KPERS filed its objections on November 1, 1999. On November 9 and 10, 1999, respectively, the Morgan Defendants filed a response to KPERS's objections to the amended bills of costs and the Blackwell Sanders defendants filed a reply in support of its second amended bill of costs. On December 10, 1999, KPMG Peat Marwick notified the Clerk that it would not be filing an amended bill of costs, and would rely on its previously filed bill of costs.

On May 3, 1999, the Court entered an order directing the parties to submit a joint proposed scheduling order 30 days after the Eighth Circuit Court of Appeals rules on KPERS's appeal of the Rule 60(b)(6) motion. On November 5, 1999, KPERS filed a motion to extend the time to file a joint scheduling order until the expiration of the time for KPERS to file a petition for *certiorari* with the United States Supreme Court and, if that petition is filed, until 30 days after the Supreme Court rules. On December 15, 1999, the Court issued an Order Granting KPERS's motion.

KPERS has reached an agreement with the Shook Hardy and Blackwell

KPERS has reached an agreement with the Shook Hardy and Blackwell Sanders defendants to settle all claims against those defendants.

**G. Related Cases:**

1. *KPERS v. Blackwell Sanders, Case No. 95-0819-CV-W-9, U.S. District Court for the Western District of Missouri.*

This case concerns KPERS' investment in Home Savings. KPERS originally filed this action in the Shawnee County Kansas District Court on January 6, 1995. On September 11, 1995, Blackwell Sanders filed a third-party petition against the RTC. The RTC then removed the case to the United States District Court for the Western District of Missouri, where it was assigned to Judge Bartlett.

The district court enjoined KPERS from bringing any actions against Blackwell Sanders involving the Home Savings investment outside the Western District of Missouri.

The Blackwell Sanders Defendants filed a proposed bill of costs. All briefing on the proposed bill of costs is complete.

KPERS has reached an agreement to settle all claims against the Blackwell Sanders defendants.

2. *KPERS v. Russell, et al., Case No. 95-0820-CV-W-9, U.S. District Court for the Western District of Missouri.*

This case concerns KPERS's investment in Home Savings. KPERS originally filed this action in the Shawnee County, Kansas District Court on August 23, 1995, against defendants Michael Russell, Reimer & Koger Associates, Inc., Kenneth H. Koger, Shook, Hardy & Bacon, and Patrick McLarney, individually and as a representative of all parties who are partners of Shook, Hardy & Bacon. On September 11, 1995, Shook Hardy filed an answer and third-party petition against the Resolution Trust Corporation. The RTC removed the case to the U.S. District Court for the Western District of Missouri, where it was assigned to Judge Bartlett.

The district court enjoined KPERS from bringing any actions against Shook Hardy involving KPERS's investment in Home Savings.

In January, 1998, the Court entered final judgment in favor of the Shook Hardy Defendants. On August 19, 1998, the Court denied KPERS's Motion for Relief from Judgment. On August 31, 1998, KPERS filed a

Notice of Appeal. On October 5, 1999, the U.S. Court of Appeals issued its Opinion, affirming the district court's ruling (see G.3, below).

On November 4, 1999, KPERS, Reimer & Koger, Ken Koger and Michael Russell filed a stipulation dismissing all claims against the remaining defendants without prejudice. On November 30, 1999, the Court issued an Order dismissing the case with prejudice. On December 20, 1999, the Court issued an Amended Order dismissing the case without prejudice.

3. KPERS's appeal of the federal district court order denying plaintiff's motion for relief from judgment entered in favor of the defendants in Case No. 92-0922-CV-W-9 and Case No. 95-0819-CV-W-9 (Appeal Case No. 98-3528).

On October 5, 1999, the court issued its Opinion, affirming the district court's ruling.

On December 30, 1998, the Blackwell Sanders Defendants and Peat Marwick Defendants filed Motions for Sanctions and Double Costs. KPERS responded to both Motions and defendants replied. On January 7, 1999, the Court entered an order indicating it would consider the motion with the appeal. Following the Court of Appeals' decision, the Morgan and Shook Hardy Defendants also filed motions for sanctions and double costs.

The Morgan, Peat Marwick, Shook Hardy and Blackwell Sanders Defendants have filed bills of costs. KPERS objected to Blackwell Sanders' Bill of Costs. The R&K Defendants have asked the Court for leave to file a bill of costs and a motion for sanctions.

KPERS has reached an agreement with the Shook Hardy and Blackwell Sanders defendants to settle all claims against those defendants.

On January 3, 1999, KPERS filed a Petition for Certiorari with the United States Supreme Court.

4. KPERS's appeal of the federal district court order awarding costs and fees to the R&K Defendants and Peat Marwick Defendants in Case No. 92-0922-CV-W-9 (Appeal Case Nos. 97-1880WMKC and 97-2811WMKC).

On January 14, 1999, the U.S. Court of Appeals affirmed the District Court Order awarding costs and fees to the R&K and Peat Marwick Defendants. On October 4, 1999, the Court assessed double costs and attorneys' fees against KPERS and its attorneys. On October 13, 1999, the Peat Marwick Defendants submitted a fee affidavit in support of the award. On November 8, 1999, the Court entered an Order granting the R&K

defendants' motion for double costs and damages in the form of attorneys' fees against KPERS and its attorneys. On November 16, 1999, the R&K defendants submitted a fee affidavit in support of the award.

## June 30, 1999 Actuarial Valuation

---

- Determine actuarial contribution rates
- Disclose asset/liability measures
- Analyze experience
- Report on trends

3

## Actuarial Cost Method

---

Mathematical technique which assigns costs to specific years.

4

## **Actuarial Cost Method**

---

**Normal Cost: Cost assigned to current year by actuarial cost method.**

**Actuarial Liability (AL): Portion of actuarial present value of future benefits attributable to prior service under the actuarial cost method.**

5

## **Actuarial Value of Assets**

---

**Methodology used to assign a value to the current assets in the Fund for valuation purposes.**

6

## Unfunded Actuarial Liability (UAL)

---

**UAL=Equals Difference between Actuarial Liability and Actuarial Value of Assets**

**Impacted by:**

- Experience Gains/Losses
- Change in Assumptions
- Changes in Benefit Structure
- Contributions Actually Made

7

## Experience Gain/Loss

---

- Difference between actual experience and that anticipated by the actuarial assumptions during the period between two valuation dates.
- Measured as difference between actual UAL and expected UAL.

8

## Amortization of UAL

---

- Pay off current present value amount with periodic payments of interest & principal .
- KPERS payment calculated as level % payroll so dollar amount of payment increases 4% each year.
- KPERS amortization period set statutorily at 40 years, measured from 1993.
