Without objection bill was introduced as requested by Bob Alderson regarding redefinition of Cereal Malt Beverages. [HB 2330]

Chairman Mays re-opened the hearing on **HB 2038 - Lottery extension.**

Representative Mayans provided details of Wichita's continual struggle to attract air carriers to provide convenient and affordable airfares in order to compete with surrounding airports. He stated many area residents drive to Kansas City or Oklahoma City airports despite Wichita, the "Air Capital of the World," being the largest airport in Kansas. He noted the economic benefit would impact the entire south-central and western Kansas areas which would occur if funding to lower airfares thus increasing traffic through the Wichita airport. He proposed to create an airport improvement service facility fund with proceeds from the Lottery sales by increasing the Economic Development Initiatives Fund from \$50 million to \$55 million to assist Wichita and other smaller airports throughout Kansas. He plans to offer an amendment presently being drafted during the debate when brought before the House in session

The hearing on **HB 2038** was closed.

The committee meeting adjourned at 1:50 p.m. The next schedule meeting is January 29, 2001.
