Overview of Kansas ElderCount

Chairperson Boston then recognized Ms. Mercedes Bern-Klug, MSW, Director, Kansas ElderCount, Center of Aging, University of Kansas, who gave an overview of ElderCount. Inspired by Kids Count, a project of Kansas Action for Children and a national-state partnership tracking the well being of children, Ms. Bern-Klug explained that the purpose of Kansas ElderCount is to design and produce a chart book describing key measures of older adult well-being at the county level. She also stated that ElderCount is going to emphasize mapping.

Next to come before th Committee for ElderCount was Mr. Sam Markello, Vice President - Quality Improvement for Kansas Foundation of Medical Care, who gave an overview of the health variables. He stated the charge of the Health Sub-Committee was to identify indicators of health and well being among the elderly (age 65+) of Kansas.

Ms. Rosemary Chapin, Professor, Kansas University Social Welfare, gave an overview of Community Living Variable stating the Community Living indicator monitors the status of the vast majority of elders who continue to live in the community even when they have long term care needs. She also stated that the ElderCount Advisory Committee is working to develop future indicators to highlight their financial contributions and participation in volunteer activities as well as in the work force.

Last to speak was Ms. Debra Zehr, Vice President, Kansas Association of Homes and Services for the Aging, spoke on the nursing home data collection group. A joint written copy of the overview is (Attachment 2) attached hereto and incorporated into the Minutes by reference.

TO: Senate Committee on Public Health and Welfare

FROM: Lawrence T. Buening, Jr. *LTB*
Executive Director

DATE: January 22, 2002

RE: Request for introduction of bills

On behalf of the State Board of Healing Arts, I request that the Committee authorize the introduction of the two attached bill proposals. Bill Request #1 amends two statutes under the Healing Arts Act and one statute under the Podiatry Act. This proposal would allow, but not require, the Board to pay review committee members for time expended reviewing records outside of the committee meetings. It also would amend the statute to enable the Board to obtain experts to review cases and provide testimony without obtaining competitive bids or "sole source authority" from the Director of Purchases. Bill Request # 2 amends the definition of medicine and surgery and also adds another category of individuals who are not to be construed to be engaged in the practice of the healing arts.

Thank you for your consideration of this request. Please feel free to contact me if you have any questions or desire any additional information.
