Mr. Chairman and Members of the Committee:

The Secretary of State requests introduction of two committee bills.

1. Advance voting bill—

This bill would accomplish two things:

a. It would require the county election officer to check the signatures on the envelopes of advance ballots returned by mail and challenge ballots if the signatures do not match the registration records.

b. It would require a person assisting a sick, physically disabled or illiterate voter to specify the reason the voter needs assistance when the person files an affidavit of assistance.

2. Electronic election abstract bill—

This bill would allow counties' election abstracts to be filed with the Secretary of State by secure electronic transmission.

Thank you for your consideration.
