

MINUTES OF THE SENATE COMMERCE COMMITTEE

The meeting was called to order by Chairperson Karin Brownlee at 8:30 A.M. on January 26, 2005 in Room 123-S of the Capitol.

All members were present except:

Jean Schodorf- excused

Committee staff present:

Susan Kannarr, Kansas Legislative Research Department  
Kathie Sparks, Kansas Legislative Research Department  
Helen Pedigo, Revisor of Statutes  
Jackie Lunn, Committee Secretary

Conferees:

Matt Jordan, Department of Commerce  
Steve Kelly, Department of Commerce

Others attending:

See attached list.

Chairperson Brownlee opened the meeting stating the Department of Commerce would be giving a presentation on Tax Incentives and Tax Credits. Chairperson Brownlee recognized Matt Jordan, with the Department of Commerce. Mr. Jordan referred the Committee to a booklet entitled "Available Assistance from the Kansas Department of Commerce" (Attachment 1) which explains the tax incentive programs offered. He also referred to a report entitled "Award Recipient FY01-04 which lists all the state funded programs 2001 through 2004. (Attachment 2) Mr. Jordan asked the Committee if the Department of Commerce could come back at a later date, because he understands that they don't have all the data the Committee wished to see. Mr. Jordan gave a little background on the incentive programs and how they track those programs and report in the annual report. Each of these programs are based on different statutes and have different goals and all play out at different time frames. Some take as many as five years. Mr. Jordan stated he would like to show what was actually happening in each of these programs in regard to performance if the Committee wanted them back. Mr. Jordan asked the Committee to please support **SB 13** which will allow the Department of Revenue to share data with the Department of Commerce allowing the Department of Commerce to better track the programs. In closing he stated he had contacted Chairperson Brownlee this morning and stated he did not have the information the Committee asked for and would like to come back at a later date.

There was discussion on what the procedure was to obtain the incentives and tax credits. Mr. Kelly stated there are variety of programs and each one is set up differently. The final decisions are made by Boards and some by Secretary Fricke. Some agreements are on an annual basis and some are for longer periods of time. Chairperson Brownlee stated they needed more detail and asked them to go through and explain each program and state what steps are taken to track the program and make sure they are meeting all the requirements. The question was raised if any programs ever paid them back. Mr. Kelly stated several companies have paid back, which they must do if they don't meet their requirements of the agreement.

During the discussion Chairperson Brownlee stated that Kansas, Inc. was not doing their job. They should be providing information and reports. The information Kansas, Inc. provided is not sufficient. Mr. Jordan, Department of Commerce, stated confidentiality keeps the Department of Commerce from having access to the data needed to track these programs. Senator Jordan stated the evaluations of Kansas, Inc. have never been thorough enough and the legislature thought they had passed legislation to allow them to do proper reports.

Meeting adjourned at 9:18 a.m. with the next meeting scheduled for Thursday, January 27<sup>th</sup> at 8:30 a.m. in room 123S.

## KANSAS DEPARTMENT OF COMMERCE

The Kansas Department of Commerce (Commerce) is the state's lead economic development organization, responsible for ensuring economic opportunities for all Kansans.

Commerce is comprised of six divisions: Administration, Agriculture Marketing, Business Development, Community Development, Trade Development, and Travel & Tourism Development. Almost 80 percent of the agency's budget is channeled to local communities and businesses throughout the state - much of it in the form of loans and grants designed to benefit the economy and the quality of life in Kansas.

This brochure gives a brief description of the assistance available through Commerce, by division. For additional information, please contact the Department of Commerce at (785) 296-3481, TTY (Hearing Impaired) at (785) 296-3487, e-mail at [admin@kansascommerce.com](mailto:admin@kansascommerce.com), or visit our web site at [www.kansascommerce.com](http://www.kansascommerce.com).

# AGRICULTURE MARKETING DIVISION

## MARKET DEVELOPMENT AND COMMERCIALIZATION LOAN PROGRAM

This competitive loan program focuses on providing financial assistance to producer groups and other entities that utilize and add value to Kansas agricultural commodities. The program provides funding for commercialization projects (equipment, bricks and mortar, etc.) as well as market development projects. Applicants must provide a dollar-for-dollar match. Applications are accepted throughout the year and evaluated on business merit and benefit to Kansas agriculture. Loans are interest free for a period of 24 months. After 24 months, interest then compounds annually at a simple rate, equal to prime +1%. The annual amount for this loan program is \$448,000, and there is no minimum award amount.

## FROM THE LAND OF KANSAS TRADE SHOW ASSISTANCE PROGRAM

The purpose of this program is to assist *From the Land of Kansas (FLOK)* companies in exploring new trade shows that will enhance their marketing program. Program participants must have been a *FLOK* member for at least six months before applying for funds, and must provide sales reports to Commerce on show and post-show sales. The annual amount given for this program is \$18,750. Maximum awards of up to \$250 annually may be given to individual companies.

## FROM THE LAND OF KANSAS BUSINESS ENHANCEMENT FUND PROGRAM

This competitive grant program is designed to be a dollar-for-dollar match for companies to use for business enhancement projects. These projects may include: business development, marketing development, brochure development, web site development, and other projects deemed appropriate by the

Agriculture Marketing Division. Program participants must have been *FLOK* members for at least six months before applying for funds. In addition, companies are asked to provide sales reports to Commerce on a quarterly basis for two years after the funding of the project. The annual amount designated for this project is \$25,000. Maximum awards of up to \$2500 annually may be given to individual companies.

### MORE INFORMATION

For further information about the programs and assistance available from the Agriculture Marketing Division, please contact the Division at (785) 296-3737 or [agprod@kansascommerce.com](mailto:agprod@kansascommerce.com).

Senate Commerce Committee

Attachment 1-4

## BUSINESS DEVELOPMENT DIVISION

### KANSAS ECONOMIC OPPORTUNITY INITIATIVES FUND (KEOIF)

This program is used to address opportunities or emergencies that may have substantial impact on the Kansas economy. Eligible projects may include: major expansion of an existing Kansas commercial enterprise, potential location of a major employer to Kansas, matching a significant federal or private-sector grant, departure or substantial reduction of the operations of a major employer, and the closing of a major federal or state institution. These performance-based loans may have all or a portion of, the principal forgiven over a five-year period if specific employment and payroll commitments are met.

### KANSAS EXISTING INDUSTRY EXPANSION PROGRAM (KEIEP)

This program addresses the expansion needs of existing Kansas businesses. This is a performance-based program that stresses business growth as well as job retention and creation. Companies are required to commit to specific employment and payroll performance levels. These performance-based loans may have all or a portion of the principal forgiven over a five-year period if specific employment and payroll commitments are met.

### HIGH PERFORMANCE INCENTIVE PROGRAM (HPIP)

This program provides tax credits and other incentives to companies that pay above-average wages and have a strong commitment to skill development for their workers. Other requirements may also apply. This program encourages companies to remain competitive through capital investment in facilities and technology, and continued training and education for their employees.

### KANSAS PARTNERSHIP FUND

This fund provides financial assistance to Kansas cities and counties by making low-interest loans for infrastructure projects that attract new business or expand local businesses. This revolving loan fund is available to all cities and counties throughout the state.

### WORKFORCE TRAINING

#### Kansas Industrial Training Program (KIT)

This program provides training assistance to manufacturing, distribution, and regional or national service firms, adding or more new jobs to a new or existing Kansas facility. KIT can pay the negotiated cost of pre-employment, on-the-job, and classroom training expenses. Training-related expenses such as curriculum planning, instructor salaries, travel, training aids, and textbooks can also be paid for through this program.

#### Kansas Industrial Retraining Program (KIR)

This program provides retraining assistance to companies that have one or more employees who are likely to be displaced because of obsolete or inadequate job skills. The KIR program can pay for training costs similar to those eligible under the KIT program. KIR requires matching funds from the participating company.

#### Investments in Major Projects and Comprehensive Training (IMPACT)

This program has two major components: State of Kansas Investments in Lifelong Learning (SKILL) and the Major Project Investment (MPI) funds. SKILL funds are used for workforce training costs and can cover training costs similar to the KIT program. MPI funds cover other expenses associated with business expansion or relocation. Under some circumstances, IMPACT may be used as a job retention tool.

MORE INFORMATION

For further information about the programs and assistance available from the Business Development Division, please contact the Division at (785) 296-5298 or busdev@kansascommerce.com.

COMMUNITY DEVELOPMENT DIVISION

COMMUNITY DEVELOPMENT BLOCK GRANTS (CDBG)

These funds are received from the Department of Housing and Urban Development (HUD) through annual allocation. All CDBG activities must meet one of three national objectives: benefit to low- to moderate-income persons, elimination or prevention of slum and blight, or urgent need. Cities and counties are eligible applicants.

Community Facilities

Projects may consist of, but are not limited to, fire protection, bridges, community/senior centers, streets, architectural barrier removal, natural gas and electrical systems, health, mental health, and other public facilities activities. The maximum award is \$400,000, with a funding ceiling of \$2,000 per beneficiary. Grants are awarded through an annual competitive process.

Water/Sewer Grants

The maximum award is \$400,000 with a funding ceiling of \$2,000 per beneficiary. Grants are awarded through an annual competitive process.

Urgent Need Grants

Urgent Need grants address an immediate threat to health or safety resulting from a sudden and severe natural or other disaster where there are no local resources to address the need. The maximum amount awarded is \$400,000 per grant. Applications must be received within six months of the occurrence.

Senate Commerce Committee

1-26-05

Attachment 1-6

### **Downtown Revitalization Grants**

These grants are used for improvements within a defined original business district of a city. Design standards and a designated downtown manager are required. The maximum amount awarded is \$200,000 per grant, with an equal public and private match. Applications are received on an as-needed basis throughout the year.

### **Comprehensive Development Grants**

Comprehensive Development grants address community needs identified by a community planning process that can be resolved through the utilization of multiple Commerce programs. Applications are due by February 1 and must be awarded by March 31 of each year.

### **KAN STEP Grants**

These grants require the use of volunteers to match CDBG funds. A 40 percent savings must be demonstrated to be eligible. The maximum amount awarded for this grant is \$400,000, with a funding ceiling of \$2,000 per beneficiary. The funding is an open cycle. Eligible activities include water and sewer lines and public buildings.

### **Housing Rehabilitation Grants**

Homeowner and rental properties must be brought to code condition using these grants. Up to \$17,000 per unit can be used for rehabilitation, plus allowances per unit for removal of lead-based paint. Target areas are encouraged. The maximum amount awarded is \$400,000 through an annual competition.

### **Neighborhood Development Grants**

Neighborhood Development grants combine housing rehabilitation activities with public infrastructure to revitalize defined neighborhoods. Housing activities must comprise a minimum of 40 percent of the requested amount. The maximum amount awarded is \$600,000 through an annual competition.

### **Economic Development Grants/Loans**

Eligible activities include infrastructure, land acquisition, fix assets, and working capital.

#### ***Regular Grants/Loans***

Grants are made to cities and counties, which in turn loan fun to developing businesses. Repaid funds are returned to the state revolving loan fund. Funds may also be used for infrastructure on a loan/grant basis. The funding ceiling is \$35,000 per job created or retained with a maximum of \$750,000. Matching funds are required. Six rounds of competition are held annually.

#### ***Section 108 Loan Guarantee***

These guarantees are used for economic development projects that cause the creation or retention of permanent, full-time employment. The funding ceiling is \$35,000 per job with a maximum guarantee of \$7 million. These are processed on an as-needed basis.

#### ***Third Party Loan Guarantee***

This tool allows the state to provide a guarantee to a third party that loans funds to an eligible economic development project. This maximum awarded per job is \$35,000. The maximum loan guarantee is 75 percent of the principal up to a ceiling of \$1 million.

#### ***Micro-loan Program***

The maximum amount awarded to one county or a multi-county applicant is \$100,000. The maximum loan to a business is \$25,000, and the business must have five or fewer employees. Applicants must have planned the loan review process in advance and training of all entrepreneurs is required of the recipients. This is an annual competitive process.

## COMMUNITY ASSISTANCE SERVICES

These grants are provided using Economic Development Initiative Funds (EDIF) generated through the proceeds of the Kansas Lottery.

### Main Street

#### Incentives Without Walls Loans/Grants

Available to designated Kansas Main Street downtown areas, funds are available in two competitive and one open round per year. The maximum allowance is \$15,000 per community per round. Funds can be used for a variety of downtown issues. Applications are made through the local designated Main Street program.

#### Community Capacity Building Grants

The purpose of this program is to encourage collaborative community development planning and plan implementation activities in metropolitan and non-metropolitan communities in Kansas. Metropolitan communities are communities located within Douglas, Johnson, Leavenworth, Sedgwick, Shawnee, and Wyandotte counties. Funds can be used for cities, counties, downtowns, neighborhoods, special districts, and regions, with a maximum award amount of \$25,000 per applicant.

#### Community Service Tax Credits

The Kansas Community Service Program Act authorizes tax credits for cash, property, and/or service contributions for qualified community services that benefit children and families, health care, or crime prevention. A total of \$4.1 million in tax credits is authorized per fiscal year.

## Flood Mitigation Assistance (FMA) Program

FMA is a competitive program whereby the Department of Commerce identifies and prioritizes communities to assist with the reduction or elimination of repetitive flood damages to buildings, manufactured homes, and other National Flood Insurance Program (NFIP) insurable structures. FMA is a pre-disaster program funded by the FEMA premiums paid to NFIP. Two types of grants are available: planning and project grants. As funding becomes available, Commerce invites eligible communities to submit applications.

### MORE INFORMATION

For further information about the programs and assistance available from the Community Development Division, please contact the Division at (785) 296-3485 or [comdev@kansascommerce.com](mailto:comdev@kansascommerce.com).

## TRADE DEVELOPMENT DIVISION

### KANSAS INTERNATIONAL TRADE SHOW ASSISTANCE PROGRAM (KITSAP)

This program encourages Kansas companies to explore foreign markets through participation in trade shows. Upon approval prior to the trade show, the program will reimburse one-half of a company's eligible direct expenses, not to exceed \$3,500 per foreign show and \$1,500 per domestic show that attracts foreign buyers. A company may not exceed \$3,000 for domestic shows or \$7,000 in total combined financial assistance during the state's fiscal year.

### EXPORT FINANCE COUNSELING

The program goal is to assist Kansas businesses in securing financing for export transactions. By working with a Kansas company who is looking for export financing or working capital, the division staff has the ability to make recommendations that will guide them to the best programs and services available within the financial community. Sources of capital include commercial bankers, the U.S. Small Business Administration, and the U.S. Export-Import Bank.

### MORE INFORMATION

For further information about export-specific assistance available from the Trade Development Division, please contact the Division at (785) 296-4027 or ksintl@kansascommerce.com.

## TRAVEL & TOURISM DEVELOPMENT DIVISION

### ATTRACTION DEVELOPMENT GRANTS

This program provides assistance in the promotion of tourism and development or enhancement of quality tourist attractions and/or tourism products within the state of Kansas. Grant funds are used for a wide variety of activities necessary to expand the tourism product base, including projects focusing on infrastructure, technology, and events/promotion. Applicants must provide in leveraged funding at least 60 percent of the total grant project cost.

### MORE INFORMATION

For further information about the assistance available from the Travel & Tourism Development Division, please contact the Division at (785) 296-6777 or rnicol@kansascommerce.com.
