**Subject:** Member Choice to Switch between Managed Care Plans

We are an agency dedicated to improving the health of Kansans. This includes providing Medicaid members a choice in Managed Care Plans.

In the January 16<sup>th</sup> hearing of the Senate Committee on Public Health and Welfare, a question was raised about how often members of Medicaid managed care plans are allowed to change their plan and how long they must wait for those changes to take effect.

By federal law, a person who is eligible for Medicaid has to have a period of time to make a choice of available plans. In Kansas, we have continuous open enrollment. When a person becomes eligible for Medicaid they are immediately covered on a fee-for-service basis. They are sent an enrollment packet with a minimum of 15 days to make a choice. If they do not make a choice, they are defaulted through the month-end automatic assignment process. After selecting or being assigned to a managed care plan, members may make a change from that plan by calling in to 1.866.305.5147. There is no limit on how often changes can be made, but it is important to note the change has to coincide with month-end, and sometimes takes until the end of the second month before it is effective.

Please contact Luke Thompson at 296-7762 or myself at 296-3512 if you have any further questions.

SUBSTITUTE for SENATE BILL No. 82

AN ACT concerning the healing arts act; amending K.S.A. 65-2802 and K.S.A. 2006 Supp. 65-2872 and repealing the existing sections.

*Be it enacted by the Legislature of the State of Kansas:*

Section 1. K.S.A. 65-2802 is hereby amended to read as follows: 65-2802. For the purpose of this act the following definitions shall apply:

- (a) The healing arts include any system, treatment, operation, diagnosis, prescription, or practice for the ascertainment, cure, relief, palliation, adjustment, or correction of any human disease, ailment, deformity, or injury, and includes specifically but not by way of limitation the practice of medicine and surgery; the practice of osteopathic medicine and surgery; and the practice of chiropractic.
- (b) "Board" shall mean the state board of healing arts.
- (c) "License" shall mean a license to practice the healing arts granted under this act.
- (d) "Licensed" or "licensee" shall mean a person licensed under this act to practice medicine and surgery, osteopathic medicine and surgery or chiropractic.
- (e) "Healing arts school" shall mean an academic institution which grants a doctor of chiropractic degree, doctor of medicine degree or doctor of osteopathy degree.
- (f) Wherever the masculine gender is used it shall be construed to include the feminine, and the singular number shall include the plural when consistent with the intent of this act.

Sec. 2. K.S.A. 2006 Supp. 65-2872 is hereby amended to read as follows: 65-2872.

The practice of the healing arts shall not be construed to include the following persons:

- (a) Persons rendering gratuitous services in the case of an emergency.
- (b) Persons gratuitously administering ordinary household remedies.
- (c) The members of any church practicing their religious tenets provided they shall not be exempt from complying with all public health regulations of the state.
- (d) Students while in actual classroom attendance in an accredited healing arts school who after completing one year's study treat diseases under the supervision of a licensed instructor.
- (e) Students upon the completion of at least three years study in an accredited healing arts school and who, as a part of their academic requirements for a degree, serve a preceptorship not to exceed ~~90~~ 180 days under the supervision of a licensed practitioner.
- (f) Persons who massage for the purpose of relaxation, muscle conditioning, or figure improvement, provided no drugs are used and such persons do not hold themselves out to be physicians or healers.
- (g) Persons whose professional services are performed under the supervision or by order of or referral from a practitioner who is licensed under this act.
- (h) Persons in the general fields of psychology, education and social work, dealing with the social, psychological and moral well-being of individuals and/or groups provided they do not use drugs and do not hold themselves out to be the physicians, surgeons, osteopathic physicians or chiropractors.
- (i) Practitioners of the healing arts in the United States army, navy, air force, public health service, and coast guard or other military service when acting in the line of duty in this state.
- (j) Practitioners of the healing arts licensed in another state when and while incidentally called into this state in consultation with practitioners licensed in this

state.

(k) Dentists practicing their professions, when licensed and practicing in accordance with the provisions of article 14 of chapter 65 of the Kansas Statutes Annotated, and amendments thereto, and any interpretation thereof by the supreme court of this state.

(l) Optometrists practicing their professions, when licensed and practicing under and in accordance with the provisions of article 15 of chapter 65 of the Kansas Statutes Annotated, and amendments thereto, and any interpretation thereof by the supreme court of this state.

(m) Nurses practicing their profession when licensed and practicing under and in accordance with the provisions of article 11 of chapter 65 of the Kansas Statutes Annotated, and amendments thereto, and any interpretation thereof by the supreme court of this state.

(n) Podiatrists practicing their profession, when licensed and practicing under and in accordance with the provisions of article 20 of chapter 65 of the Kansas Statutes Annotated, and amendments thereto, and any interpretation thereof by the supreme court of this state.

(o) Every act or practice falling in the field of the healing art, not specifically excepted herein, shall constitute the practice thereof.

(p) Pharmacists practicing their profession, when licensed and practicing under and in accordance with the provisions of article 16 of chapter 65 of the Kansas Statutes Annotated, and amendments thereto, and any interpretation thereof by the supreme court of this state.

(q) A dentist licensed in accordance with the provisions of article 14 of chapter 65 of the Kansas Statutes Annotated who administers general and local anesthetics to facilitate medical procedures conducted by a person licensed to practice medicine and surgery if such dentist is certified by the board of healing arts under K.S.A. 65-2899, and amendments thereto, to administer such general and local anesthetics.

(r) Practitioners of the healing arts duly licensed under the laws of another state who do not open an office or maintain or appoint a place to regularly meet patients or to receive calls within this state, but who order services which are performed in this state in accordance with rules and regulations of the board. The board shall adopt rules and regulations identifying circumstances in which professional services may be performed in this state based upon an order by a practitioner of the healing arts licensed under the laws of another state.

New Sec. 3. The healing arts act and any other provision of law prohibiting practice of the healing arts by a general corporation shall not apply to a healing arts school approved by the board if the healing arts school is a non-profit entity under section 501(c)(3) of the internal revenue code of 1986, is accredited by the state board of regents, and as part of its academic requirements provides clinical training to its students under the supervision of persons who are licensed to practice a branch of the healing arts in this state.

Sec. 4. K.S.A. 65-2802 and K.S.A. 2006 Supp. ~~65-2872~~ are hereby repealed.

Sec. 5. This act shall take effect and be in force ~~from~~ and after its publication in the statute book.

Dear Senator Barnett:

SUBJECT: Fiscal Note for SB 82 by Senate Committee on Public Health and Welfare

In accordance with KSA 75-3715a, the following fiscal note concerning SB 82 is respectfully submitted to your committee.

SB 82 would allow unlicensed healing arts schools that are approved by the Board of Healing Arts and the Board of Regents to practice the healing arts. The unlicensed healing arts school must be non-profit organizations that provide clinical training to their students under the supervision of persons who are licensed by the Board of Healing Arts.

The Board of Healing Arts and the Board of Regents state that the passage of SB 82 would have no fiscal effect on their operations.

Sincerely,

Duane A. Goossen

Testimony Presented To  
The Public Health & Welfare Committee  
by Senator John Vratil  
January 25, 2007  
concerning Senate Bill 82

Good afternoon. Thank you for the opportunity to come before the Senate Public Health and Welfare Committee in support of Senate Bill 82 which would amend the Kansas Healing Arts Act to add certain healing arts schools to the list of entities covered by the act.

The Cleveland Chiropractic College of Kansas City, Missouri, is recognized as a major chiropractic institution. It holds both regional and specialized accreditation and offers both baccalaureate and Doctor of Chiropractic degree programs. In order to accommodate anticipated growth, the College purchased property in Overland Park.

Currently, the Kansas Healing Arts Act identifies approximately 18 types of different entities which are lawfully allowed to present themselves publically as having the authority or skill to practice the healing arts in our state. The current Act would prevent an institution, such as the Cleveland Chiropractic College, from offering a clinical program. Senate Bill 82 proposes to rectify the situation by adding to the list of lawful entities two additional categories.

The first category includes any healing arts school which meets three criteria: 1. It is a nonprofit entity under section 501 ( c ) ( 3 ) of the internal revenue code. 2. It is approved by the State Board of Regents. 3. Its academic requirements include clinical training supervised by persons who are licensed under the Kansas Healing Arts Act.

The second category includes any professional corporation or limited liability company lawfully organized and operated under either the Professional Corporation Law of Kansas or the Kansas Revised Limited Liability Act, whichever is applicable. Additionally, the corporation or company must be operated for the specific purpose of rendering professional services covered by the healing arts act.

Passage of Senate Bill 82 will enable the Cleveland Chiropractic College to move its campus to Overland Park.

Re: 2007 Senate Bill No. 82

Dear Senator Barnett:

Thank you again for your time on January 11 when we visited about the efforts of Cleveland Chiropractic College to relocate to Kansas. As I indicated, the Board supports this effort. We have worked with representatives of the college for several months to determine whether the Kansas healing arts act includes legal barriers to relocation.

We understand Cleveland Chiropractic College is a not-for-profit general corporation that has been approved by the State Board of Regents to confer degrees in this state. The school will provide clinical training to students by allowing them to provide services under the supervision of licensed chiropractors.

In our opinion, there is a potential legal issue that should be resolved through legislation so that the college may engage in the clinical aspects of training. Kansas has long adhered to the "corporate practice doctrine." That common law doctrine prohibits a general corporation from engaging in learned professions, including the healing arts, either by employing or by contracting with licensed professionals to provide professional services on behalf of the corporation. Kansas courts do not distinguish between for-profit and not-for-profit corporations in discussing the prohibition. This principle finds support in Kansas statutory law, which provides that only licensed individuals may practice the healing arts, and only licensed individuals may own or operate an office or location for such professional practice. See K.S.A. 65-2803, 65-2867.

There are strong policy reasons for enforcing the corporate practice prohibition, even though many states have abandoned it over the years. A general corporation is usually led by a board of directors having a duty to make a profit for shareholder investors. But this duty to investors would not always be in the interests of public health and safety, where the duty is owed to the patient. Also, the courts noted decades ago that individuals attend professional school and pass licensing exams, which respectively teach and measure the duties of a professional relationship, in order to obtain permission from the state to offer professional services. The members of a general corporation's board of directors do not always have that benefit.

Our statutes do allow licensed individuals to practice through professional business entities, such as professional corporations or limited liability companies. Forming a professional business entity does not change the professional duty that the licensee owes the patient, and does not insulate the licensee from civil liability. The statutes limit ownership of professional business entities to "qualified persons," a term that is defined in the statutes. Generally, licensed individuals, other professional entities, and specific inter vivos trusts are "qualified" to own shares of a professional corporation. Thus, unlicensed persons are not allowed to invest in a professional business entity.

The corporate practice prohibition does not apply to hospitals. The state licenses hospitals to provide medical care, and their duty to patients is well established. Also, the doctrine has not been applied to organizations such as the Kansas University Medical School, which is established by statute.

The Board continues to support the policy decision that corporations should not practice the healing arts without specific and narrowly crafted statutory authority. We also recognize that the evils that the corporate practice doctrine seeks to prevent would not arise by the operation of a clinic in Kansas by an approved non-profit healing arts college. The services provided by students would not be motivated by profit or duty to investors, and the services would be supervised by persons who are trained, examined and licensed.

We urge the adoption of specific authority for appropriate teaching facilities to give students clinical experience in Kansas. We will be happy to provide additional assistance as we are able.

Respectfully,

Mark W. Stafford  
General Counsel

Chairman, Senate Health & Welfare Committee  
From: Dr. Carl S. Cleveland, III D.C., President  
Cleveland Chiropractic College  
RE: SB 82  
Date: January 25, 2007

Mr. Chairman and members of the Senate Health & Welfare Committee:

As President of Cleveland Chiropractic College, it is my pleasure and honor to provide this written testimony to the Senate Health & Welfare Committee.

Cleveland Chiropractic College (of Kansas City) is seeking to relocate its administrative offices, educational facilities and on-campus student clinical training center from its current site in the Southtown neighborhood of Kansas City, Missouri to a new facility in order to accommodate forecasted enrollment growth and space needs related to its program expansion.

Cleveland Chiropractic College and its limited liability company have entered into agreements for the purchase of the Farmers' Insurance building and the surrounding acreage on which it is located in Overland Park, Kansas, at 10850 Lowell Avenue and an adjacent office building at 8205 W 108<sup>th</sup> Terrace. These acquisitions represent a total combined acquisition of 175,000 square feet on approximately 34 acres. It is the intent of Cleveland Chiropractic College to relocate its administrative offices, educational program, and student services to these buildings in Spring 2008. The College operations will include an on-campus student clinical training center that operates under a public clinic model, at which students will receive practical experience providing chiropractic care under the direction of Kansas-licensed Doctors of Chiropractic as part of the College's curriculum.

Cleveland Chiropractic College, founded by the Cleveland family in 1922, is a multi-campus system with campuses located in Kansas City, Missouri and Los Angeles, California. Cleveland Chiropractic College is accredited by the North Central Association of Colleges and Schools and offers degree programs leading to an Associate of Arts in Biological Sciences, a Bachelor of Science in Human Biology, and a Doctor of Chiropractic degree, which is a four-year program.

The Doctor of Chiropractic program prerequisites for admission include at minimum, 90 semester hours of undergraduate coursework leading to a baccalaureate degree, with one academic year in each of the science areas of Biology, General Chemistry, Organic Chemistry, Physics, and additional hours in humanities and social sciences.

The chiropractic program at Cleveland Chiropractic College is accredited by the Council on Chiropractic Education. Upon graduation, Cleveland Chiropractic College students are eligible for licensure in all 50 states including eligibility for licensure by the Kansas State Board of Healing Arts. Cleveland Chiropractic College has received degree-granting authority in the State of Kansas through the Kansas Board of Regents, effective December 28, 2004.

Cleveland Chiropractic College is incorporated as a Missouri non-profit corporation and is exempt from taxation pursuant to Section 501(c)(3) of the Internal Revenue Code of 1986, as amended. Cleveland Chiropractic College is qualified to do business as a foreign corporation in the State of Kansas.

Approximately 8000 graduates of the Cleveland Chiropractic College multicampus system practice in 50 states and 14 foreign countries. The current combined undergraduate and Doctor of Chiropractic enrollment consists of 864 students. Currently 472 students are enrolled at the Kansas City campus, of which approximately 84% are from outside of the Kansas City metropolitan area. These students will generate revenue for local businesses by renting apartments, and frequenting restaurants, grocery stores, and entertainment venues within in the Johnson County, Kansas community. The Cleveland Chiropractic College Kansas City student clinical training center provides nearly 45,000 patient visits annually. Currently, the Kansas City campus employs over 100 staff and faculty members, and generates approximately \$16 million in federal financial aid, which directly impacts the local Kansas City community. The yearly gross revenue for the Kansas City campus is \$9.5 million. Over \$5 million is paid annually in wages and benefits to employees. Cleveland Chiropractic College donates \$285,000 in health services to the Kansas City community annually.

The College's total investment in the Overland Park properties will represent in excess of \$26 million and will provide a facility to accommodate the College's projection for increased enrollment to 750 students by 2010.

Cleveland Chiropractic College requests your support of SB 82, which would exempt the student clinical training center operated by Cleveland Chiropractic College from the "corporate practice of medicine doctrine", which is more fully discussed herein. Cleveland

Chiropractic College has worked with Mark Stafford, the general counsel for the Kansas Board of Healing Arts, on SB 82, which would accomplish this result for Cleveland Chiropractic College and other Section 501(c)(3) educational institutions granting degrees in the healing arts that are similarly situated.

The following is a summary of the “corporate practice of medicine doctrine” and how its application prevents Cleveland Chiropractic College from operating its student clinical training center within its existing non-profit, Section 501(c)(3) corporate structure.

As a general rule, the corporate practice of medicine doctrine under Kansas law prohibits a corporation from employing physicians to render professional services (e.g. medical or chiropractic care). The rationale for prohibiting employment of physicians by a corporation is derived from the concept that individual physicians, and not corporations, should be licensed to practice medicine, chiropractic or any other healing arts. The basic premise is that the interests of a corporation and the needs of a patient result in a divided loyalty of the physician which impairs the patient’s confidence in the physician. Kansas Statute Annotated 17-2708 relating to professional corporations, however, takes precedence over any law which prohibits a corporation from rendering any type of professional service such as chiropractic care. Under the Kansas statutes, a professional corporation (but not a non-profit corporation) can be established to practice medicine, chiropractic or any other healing art provided that the stockholders of such corporation are licensed to practice the applicable healing art under the laws of Kansas.

As discussed above, Cleveland Chiropractic College is a non-profit corporation and an organization qualifying under Section 501(c)(3) of the Internal Revenue Code of 1986, as amended, that is an educational organization which maintains a faculty and a curriculum and has a regularly enrolled body of students. Cleveland Chiropractic College confers a Doctor of Chiropractic degree and, as part of its curriculum, operates a student clinical training center at which its student interns, under the supervision of licensed chiropractors, perform chiropractic patient care for the public in order to obtain practical experience necessary to graduate and be eligible for state chiropractic licensing examinations. The State of Missouri, where Cleveland Chiropractic College is currently located, has not adopted the “corporate practice of medicine doctrine”; and therefore, Cleveland Chiropractic College is able to operate the student clinical training center within its existing non-profit, Section 501(c)(3) corporate structure.

Due to the corporate practice of medicine doctrine, however, Cleveland Chiropractic College will not be able to operate the student clinical training center within its existing corporate structure. As a Section 501(c)(3) organization and a Missouri non-profit corporation, it cannot qualify as a professional corporation under Kansas law (and this would also be the case if it became a Kansas non-profit corporation) since it cannot have individuals as stockholders. At a significant cost to Cleveland Chiropractic College, it would have to form a professional corporation under Kansas law to operate the student clinical training center, find (and continue to have throughout its existence) Kansas licensed chiropractors to serve as nominal stockholders of the new corporation, and qualify the new corporation as a Section 501(c)(3) organization with the Internal Revenue Service. A management contract would need to be established between Cleveland Chiropractic College and the new corporation, and the faculty, who are currently employed by Cleveland Chiropractic College, would also have to become employees of the new corporation. Legal issues relating to continued qualification of tax-exempt bond financing under federal tax law of the facility owned by Cleveland Chiropractic College

(tax-exempt bond financing is being used by Cleveland Chiropractic College to acquire and rehab the Farmers' facility it is acquiring in Overland Park) in which the student clinical training center would be operated and real estate property tax exemptions would also need to be addressed.

In order to avoid the uncertainties and costs relating to the application of the corporate practice of medicine doctrine to the student clinical training center, Cleveland Chiropractic College respectfully proposes that SB 82 be adopted so that an organization that operates such a student internship clinic and meets the criteria set forth in SB 82 can operate its student clinical training center within its existing non-profit, Section 501(c)(3) corporate structure.

Respectfully submitted by

SUBJECT: Fiscal Note for SB 104 by Senate Committee on Public Health and Welfare

In accordance with KSA 75-3715a, the following fiscal note concerning SB 104 is respectfully submitted to your committee.

Under current law, the Board of Nursing comprises six registered professional nurses, two licensed practical nurses, one licensed mental health technician, and two members of the general public. SB 104 would change the Board by replacing the licensed mental health technician with an additional member of the general public.

The Board of Nursing indicates that the enactment of SB 104 would have no fiscal effect on the operations of the agency.

RE: S.B. 104 Membership of the Kansas State Board of Nursing

Chairman Barnett and Members of the Committee,

My name is Jane Anne Conroy. I am a Nurse Practitioner from Emporia and President of the Kansas State Board of Nursing (KSBN). I am providing testimony in support of S.B. 104 on behalf of the KSBN.

The Board of Nursing is currently comprised of 11 members who include six (6) Registered Nurse (RN), two (2) Licensed Practical Nurses (LPN), one (1) Licensed Mental Health Technician (LMHT), and two (2) public members.

The Board of Nursing is requesting that the LMHT position be deleted and replaced with another public member position.

The profession of LMHT has been declining over the last several years. Fifteen years ago, in 1992, there were 1125 LMHTs in Kansas. As of December 31, 2006 only 175 had renewed their license. Kansas does not have an educational institution that provides an education for a student to become a mental health technician. Since May 2001 until present, the position of LMHT on the Board of Nursing has been vacant for 26 of those 68 months. The position is currently vacant.

The Board of Nursing is asking that this position become a public member who has not been involved in providing health care. Historically the public members that have been appointed to the Board have been hospital and nursing home administrators. These members have been very beneficial and important Board members but the Board would like a third public member to be a consumer who has not been involved in providing health care.

Although the Board regulates nursing in Kansas, there are currently six (6) RNs and two (2) LPNs. Together they constitute a majority of the Board. The meetings have been streamlined from 20 days per year to 8 days per year. Several years ago, the Committees

of the Board were decreased from 10 to 7 which guarantee that there is nursing representation on every Committee.

We ask for favorable action on this legislation. Thank you for your time and consideration and I will stand for questions.

## S.B. 104 Composition of the Board of Nursing

*January 31, 2007*

Chairman Barnett and members of the Senate Public Health and Welfare Committee, thank you for this opportunity to present on the policy issue related to S.B. 104. My name is Carolyn Middendorf M.S.N., R.N. and I am representing The KANSAS STATE NURSES ASSOCIATION.

The KANSAS STATE NURSES ASSOCIATION supports changing the composition of the Board of Nursing by eliminating the LMHT position on the Board and replacing that representative with another category of licensee. With less than 200 LMHT's in the state, it has been increasingly more difficult for the Governor's office to recruit an appointee that is willing to serve, and in fact, the past 3 years the position has been vacant/not in attendance more than present for meetings and contributing to the work of the Board.

KSNA would like to see that this licensee position that is being eliminated be filled with another RN on the Board of Nursing instead of a "public member" as proposed in current S.B. 104. See the Ballon attached with these changes. We would ask that this position be in the RN "service" category to represent the practicing RN's throughout the state. The reality of the situation related to appointees of the Board of Nursing is that the Board also is challenged to maintain public members.

Here is a record of vacancies and attendance of the public members at the agencies meetings the past 3 years:

Audit of KSNB Minutes

	2004	Barbara Open Position Stec	Janice McCarl	Carrie Jones-William

Notes

Of the minutes reviewed Barbara Stec was absent 56% of the time

Of the minutes reviewed there was a vacant public member position 53% of the time

Of the minutes reviewed there was 14% of the time that the board met without any public member present

Historically, regulatory agencies were created with members of the respective profession to bring the expertise and experience needed for writing regulations, enforcing standards of practice and disciplining licensees. Currently the Board of Nursing has 7 Committees (Education, Practice, LPN-IV Advisory, ARNP, Continuing Education, Investigative, and Finance) that meet regularly. All of these committees have non-Board members serving on them, except Investigative and Finance, to assist with the work of the agency, because the workload demands more RN's, ARNP's to serve. The Board carefully assigns non-Board members to each Committee with a delicate balance to ensure that the Board members serving have the majority on each Committee, however, for many years they have recognized the need to include other RN's to complete their work.

Thank You for consideration of our comments.

20 desires to renew such license shall file with the board, on or before the  
21 date of expiration of such license, a renewal application together with the  
22 prescribed biennial renewal fee. Every licensee who is no longer engaged  
23 in the active practice of nursing may so state by affidavit and submit such  
24 affidavit with the renewal application. An inactive license may be re-  
25 quested along with payment of a fee which shall be fixed by rules and  
26 regulations of the board. Except for the first renewal ~~period for a license~~  
27 *that expires within 30 months* following licensure ~~by examination or for~~  
28 *renewal of a license that expires within* the first nine months following

31 application evidence of satisfactory completion of a program of continuing  
32 nursing education required by the board. The board by duly adopted rules  
33 and regulations shall establish the requirements for such program of con-  
34 tinuing nursing education. Continuing nursing education means learning  
35 experiences intended to build upon the educational and experiential bases  
36 of the registered professional and licensed practical nurse for the en-  
37 hancement of practice, education, administration, research or theory de-  
38 velopment to the end of improving the health of the public. Upon receipt  
39 of such application, payment of fee, upon receipt of the evidence of sat-  
40 isfactory completion of the required program of continuing nursing ed-  
41 ucation and upon being satisfied that the applicant meets the require-  
42 ments set forth in K.S.A. 65-1115 or 65-1116 and amendments thereto  
in effect at the time of initial licensure of the applicant, the board shall

verify the accuracy of the application and grant a renewal license.

(b) Any person who fails to secure a renewal license within the time specified herein may secure a reinstatement of such lapsed license by making verified application therefor on a form provided by the board, by rules and regulations, and upon furnishing proof that the applicant is competent and qualified to act as a registered professional nurse or licensed practical nurse and by satisfying all of the requirements for reinstatement including payment to the board of a reinstatement fee as established by the board. A reinstatement application for licensure will be held awaiting completion of such documentation as may be required, but such application shall not be held for a period of time in excess of that specified in rules and regulations.

(c) Each licensee shall notify the board in writing of a change in name or address ~~or of a conviction of any felony or conviction of a misdemeanor as specified by the board~~ within 30 days of the change or ~~conviction~~. Failure to so notify the board shall not constitute a defense in an action relating to failure to renew a license, nor shall it constitute a defense in any other proceeding.

Sec. 2. K.S.A. 65-1132 is hereby amended to read as follows: 65-1132. (a) All certificates of qualification issued under the provisions of this act, whether initial or renewal, shall expire every two years. The expiration date shall be established by rules and regulations of the board. The board shall ~~mail an application~~ *send a notice* for renewal of a certificate of qualification to every advanced registered nurse practitioner at least 60 days prior to the expiration date of such person's license. Every person who desires to renew such certificate of qualification shall file with the board, on or before the date of expiration of such certificate of qualification, a renewal application together with the prescribed biennial renewal fee. Upon receipt of such application and payment of any applicable fee, and upon being satisfied that the applicant for renewal of a certificate of qualification meets the requirements established by the board under K.S.A. 65-1130 and amendments thereto in effect at the time of initial qualification of the applicant, the board shall verify the accuracy of the application and grant a renewal certificate of qualification.

(b) Any person who fails to secure a renewal certificate of qualification prior to the expiration of the certificate of qualification may secure a reinstatement of such lapsed certificate of qualification by making application therefor on a form provided by the board, upon furnishing proof that the applicant is competent and qualified to act as an advanced registered nurse practitioner and upon satisfying all of the requirements for reinstatement including payment to the board of a reinstatement fee as established by the board.

Sec. 3. K.S.A. 65-1155 is hereby amended to read as follows: 65-

(1)

(A)

or

(B) a conviction of any felony or misdemeanor, that is specified in rules and regulations adopted by the board, within 30 days from the date the conviction becomes final.  
(2) As used in this subsection, "conviction" means a final conviction without regard whether sentence was suspended or probation granted after such conviction. Also, for the purposes of this subsection, a forfeiture of bail, bond or collateral deposited to secure a defendant's appearance in court, which forfeiture has not been vacated, shall be equivalent to a conviction.

education, administration, research or theory development to the end of improving the health of the public.

Upon receipt of such application and evidence of satisfactory completion of the required program of continuing education and upon being satisfied that the applicant meets the requirements set forth in K.S.A. 65-4203 and amendments thereto in effect at the time of initial licensure of the applicant, the board shall verify the accuracy of the application and grant a renewal license.

(b) Any licensee who fails to secure a renewal license within the time specified may secure a reinstatement of such lapsed license by making verified application therefor on a form prescribed by the board together with the prescribed reinstatement fee and, satisfactory evidence as required by the board that the applicant is presently competent and qualified to perform the responsibilities of a mental health technician and of satisfying all the requirements for reinstatement. A reinstatement application for licensure will be held awaiting completion of such documentation as may be required, but such application shall not be held for a period of time in excess of that specified in rules and regulations.

(c) Each licensee shall notify the board in writing of a change in name or address or of a conviction of any felony or conviction of a misdemeanor as specified by the board within 30 days of the change or conviction. Failure to so notify the board shall not constitute a defense in an action relating to failure to renew a license, nor shall it constitute a defense in any other proceeding.

Sec. 5. K.S.A. 65-1117, 65-1132, 65-1155 and 65-4205 are hereby repealed.

Sec. 6. This act shall take effect and be in force from and after its publication in the statute book.

Dear Senator Barnett:

SUBJECT: Fiscal Note for SB 105 by Senate Committee on Public Health and Welfare

In accordance with KSA 75-3715a, the following fiscal note concerning SB 105 is respectfully submitted to your committee.

Under current law, the Kansas Board of Nursing mails applications to all licensees who need to renew their licenses. SB 105 would amend current law to require the Board to "send a notice" for licensure renewal. Licensees who receive their nursing license in Kansas are not required to have continuing nursing education for the first renewal after licensure by exam, while individuals who receive their nursing license in another state are. Passage of SB 105 would amend current law so that out-of-state licensees would no longer be required to have continuing nursing education for the first renewal period after licensure by exam.

Currently, licensees must report any felony or misdemeanor convictions on their renewal form. SB 105 would amend current law to require licensees to report any felony or misdemeanor convictions within 30 days of the conviction.

SB 105 would not require the Board to increase fees or hire additional staff. The Board of Nursing would continue to mail licensure renewal notices.

Sincerely,

A handwritten signature in cursive script that reads "Duane A. Goossen".

KATHLEEN SEBELIUS, GOVERNOR

Senator James Barnett  
Chairman, Senate Public Health and Welfare Committee  
Capitol building, Topeka, Kansas 66612

RE: S.B. 105 License renewals and notice of conviction of felonies or misdemeanors.

My name is Jane Ann Conroy. I am a Nurse Practitioner from Emporia and President of the Kansas State Board of Nursing (KSBN). I am providing testimony in support of S.B. 105 on behalf of the KSBN.

Currently, the statute requires the Board of Nursing to mail an application for renewal at least 60 days prior to the expiration date of the license. The procedure for the last eight years has been to mail the application 90 days in advance of the expiration date.

The Board of Nursing initiated on-line renews in 2001 although the percentage renewing on-line remained low. In 2004 the on-line renewal was 40.6%. In 2005 the Board of Nursing began to mail the "Notice" of application for renewal to the nurses and gave instructions of renewing on-line or how to request a renewal form. The on-line renewal jumped to 61% in 2005 and 67% in 2006. The revision in S.B. 105 would change the language from "mail an application" to "send a notice".

If a licensee is renewing their license for the first time after licensure by examination and their original state of licensure was Kansas, they are not required to have continuing nursing education. If a licensee is renewing for the first time after licensure by examination and their original state of licensure was any state other than Kansas, they "are" required to have continuing nursing education. This change in language would treat all licensees renewing for the first time after licensure by examination the same and not require nursing education.

The final requested change to this statute would require a licensee to notify the Board of Nursing within 30 days of any felony conviction or conviction of a misdemeanor as specified by the Board. Licensees currently report conviction of misdemeanors and felonies to the Board of Nursing on renewals, initial application, and reinstatements, thus up to two years may pass before the Board would be aware of the conviction. The actions underlying the conviction may be indicative of behavior that is a danger to the public or consumers of health care.

The Board of Nursing is requesting these three changes be made in K.S.A. 65-1117, 65-1132, 65-1155 and 65-4205 so that all professions regulated by the KSBN are consistent.

We ask for favorable action on this legislation. Thank you for your time and consideration and I will stand for questions.

## S.B. 105 Changes to the Nurse Practice Act

*January 31, 2007*

Chairman Barnett and members of the Senate Public Health and Welfare Committee, thank you for this opportunity to present on the policy issue related to S.B. 104. My name is Terri Roberts J.D., R.N. and I am representing The KANSAS STATE NURSES ASSOCIATION.

S.B. 105 makes a number of changes to the Nurse Practice Act that have been discussed for a couple of years. KSNA supports these changes including the provision related to new nurses who endorse into Kansas shortly after taking state board exams and being licensed in another state. This will reduce the misunderstandings for the GN's as we often refer to them, regarding their first licensure period. With the changes on lines 26 and 27 on page 1 these new grads will not have to obtain the 30 hours of CNE in the first renewal period and will be treated just like the Kansas GN's who license here first.

KSNA recognizes that the agency would like to improve efficiencies by making everyone aware and encouraging on-line licensure renewal. We support that concept, hence removing the language on lines 17, page 1; line 23 page 2; and line 23 page 3 so that the Board of Nursing will only be required to send a "notice" to licensees.

There is one area in the proposed legislation that is not in concert with the current Nurse Practice Act statute regarding licensure, KSA 65-1120 (a)2 and we would ask for consideration to bring this into alignment. The agency is suggesting on line 14 on page 2 and line 20 ON page 4 that they receive notification from all 42,000 licensees for any "misdemeanor conviction". We believe this is not needed and that only those "involving illegal drug use", as specified in the current Nurse Practice Act need be reported. We would ask for your consideration of this proposed amendment.

Thank You.

1 verify the accuracy of the application and grant a renewal license.

2 (b) Any person who fails to secure a renewal license within the time  
3 specified herein may secure a reinstatement of such lapsed license by  
4 making verified application therefor on a form provided by the board, by  
5 rules and regulations, and upon furnishing proof that the applicant is  
6 competent and qualified to act as a registered professional nurse or li-
