

MINUTES OF THE SENATE TRANSPORTATION COMMITTEE

The meeting was called to order by Chairman Les Donovan at 8:30 A.M. on February 1, 2007 in Room 527-S of the Capitol.

All members were present except:
Anthony Hensley- excused

Committee staff present:
Hank Avila, Kansas Legislative Research Department
Mike Corrigan, Revisor of Statutes
Maggie Breen, Committee Assistant

Conferees appearing before the committee:
Bruce Kinzie, Revisor of Statutes
Carmen Alldritt, Director of Motor Vehicles

Others attending:
See attached list.

Chairman Donovan opened the hearing on **HB 2041- 95th division the iron men of Metz highway, highway designation.**

Bruce Kinzie, Revisor of Statutes, said the subject matter was handled in 2004. There were a number of military road named that year. The highway was named, in the legislation, according to what was requested at the time. However, when the 95th division got their money together they indicated they wanted the highway to be identified with a different name. The bill has the corrected name. He talked to a representative of the 95th Division Foundation who was delighted that a bill was in progress to change the name to the desired one. (Attachment 1)

As there were no additional conferees, Senator Donovan closed the hearing on **HB 2041.**

Senator Schmidt made a motion to pass the bill out favorably for passage and put on the consent calendar. Senator Wilson seconded. Motion passed.

Chairman Donovan opened the hearing on **SB 147- Disabled veterans license plates, defining disabled veterans.**

He said the bill was requested by Senator McGinn. A constituent wrote a letter (Attachment 2) and asked her to change the definition of disabled from 100% down to 50% or more, for the purpose obtaining tax exempt licenses plates. She was unable to attend the hearing so requested the Chairman explain the bill. He said when he saw the fiscal note he asked Carmen Alldritt to testify as to how these tags work and what fees are paid or not paid. He said Carmen also brought information as to all the speciality tags that are being issued and the related fees.

Carmen Alldritt, said as of yesterday, there are approximately 2,125 of disabled veteran's plates on the road. A individual brings a certification which qualifies them as being 100% disabled. They pay the property tax on their vehicle but no registration fee which is about \$33 on a car and \$43 on a pickup. They do pay the 50 cents reflectorized plate fee. The current policy is they receive one free plate. If they want additional ones, there is a charge. They have no idea how much changing the qualification requirement from 100% disability to 50% disability and up will bump up the numbers on the disabled veteran's plates. Currently the count of regular veteran's plates on the road is 62,000. Her handout covered fees associated with the various plates being issued. Carmen also mentioned she has a bill in the House that deals with the cost of all license plates. (Attachment 3)

Chairman Donovan pointed out that the Combat Wounded Purple Heart recipients still pay a \$30 registration fee plus \$5 county service fee in addition to the 50 cent reflectorized fee.

Carmen answered various question regarding both regular and the different speciality plates.

As there were no additional conferees, Chairman Donovan closed the hearing on **SB 147.** He also reviewed other bills which are or will be in committee.

Chairman Donovan presented the minutes of January 24, January 25, and January 30 for approval.

Senator Schmidt made a motion to approve the minutes as written. Senator Gilstrap seconded. Motion passed.

Meeting adjourned at 9:17 a.m. The next meeting is scheduled for Tuesday, February 6, 2007.

Mr. Bruce Kinzie
Revisor of Statues Office
State Capitol Building
Topeka, KS 66612

Dear Mr. Kinzie:

Subject: 95th Division Highway Signs

Legislation passed by the Kansas State Legislature called for signs Honoring the 95th Division. This law has been codified and may be found, I believe, in Section 68-1060.

The board of directors of the 95th Division Foundation has instructed me to ask for help in changing the wording of the sign as stated by this law. We ask that the wording be changed as follows: **95th Division Highway, The Iron Men of Metz**. This name was given to our Division by Lieutenant General Heinrich Kittel, Germann Army Commandant of the fortress city of Metz, France because of the courage and determination shown when the Division stormed and captured the city. All members of the Division now proudly wear a crest inscripted with that title.

Any help that you can give to having the wording changed will be appreciated.

Sincerely,

Stephen J. Bodnar, 408 W. Nimitz St., Fredericksburg, TX 78624 ph:830-997-4917. E-mail: bodnar@kctc.com

Senator McBinn:

My name is Louis F DeMont.
I'm a Viet-Nam Combat Veteran (U.S. Marines)
I'm also a life member of the Disabled
American Veterans with a 100% disability.
I had been a D.A.V. Volunteer for about
15 years at the VA Medical Center in New
Orleans, La.

After moving to Newton, Kansas from
Metairie La. I enrolled in the VA
Medical Center in Wichita. After speaking
to veterans there, I found that the state
of Kansas has very few benefits for disabled
veterans.

Senator McBinn, I'm writing this
letter to ask if you could sponsor a
bill to get Disabled Veterans who are
50% - 100% Combat disabled veterans the
following benefits

Tax Exempt D.A.V. License plates For 50%-100%
disabled Veterans

Free POW Plates and Purple Heart plates,
also Free admission to all state Parks.

Enclosed is a pamphlet showing benefits

available to Disabled Vets in Ka.

I know a lot of things will have to be done to get such a law passed.

I know the veterans would appreciate any help with this issue and be grateful to you by all veterans from all branches of the services.

I don't think this is too much to ask of the State of Kansas. For what these Veterans and their families have sacrificed for their Country.

Respectfully Submitted

CREATION OF THE
LOUISIANA DEPARTMENT OF VETERANS AFFAIRS

The 1944 Louisiana Legislature, at the request of various Veterans' Organizations, approved Act 98 which created our Louisiana Department of Veterans Affairs for the purpose of administering the affairs of all veterans of the Armed Forces of the United States entitled to benefits in accordance with the laws of the United States and the states thereof.

This law has been amended and re-enacted several times over the years. The statutes are now cited as Louisiana Department of Veterans Affairs laws and are reflected in Section 251 through 261, Title 29, Louisiana Revised Statutes of 1950.

FOREWORD

The following is a resume of Laws passed by various Louisiana Legislature assemblies pertaining to benefits afforded veterans and their dependents in this State.

STATE BENEFITS AVAILABLE
FOR LOUISIANA VETERANS

The State Aid Program - Dependents Educational Assistance.
Section 288 of Title 29 of the Louisiana Revised Statutes of 1950 has been amended and re-enacted to provide financial aid for children and surviving spouses of certain veterans of this state who died in service in the Armed Forces of the United States or died of a service connected disability incurred during a wartime period.

The law provides the same benefits for those children of living veterans who are rated 90% or above disabled, including 100% individual unemployability, by the U.S. Department of Veterans Affairs "Schedule for Rating Disabilities", as a result of a disability or disabilities incurred in service in the Armed Forces of the United States.

The law further requires that the deceased veteran must have been a resident of the State of Louisiana for at least twelve (12) months immediately preceding his entry into service. The living veteran must have resided in the state not less than twenty-four (24) months immediately preceding the child's admission into the Program.

The surviving spouse must use this Program within ten (10) years of the date eligibility is established. A child must be between the ages of sixteen (16) and twenty-five (25).

The eligible person may attend any state supported college, university, trade or vocational technical school and are exempt from paying tuition and school imposed fees, such as laboratory, athletic, medical, nonresident or other special fees. Student imposed fees are not exempt. Students are eligible for four (4) years of schooling to be completed in not more than five (5) years. A small cash allowance is paid if funds are available.

Contact your local Parish Veterans Service Office for more information or to apply for the State Educational Assistance Program.

VETERANS EDUCATION AND TRAINING
STATE APPROVING AGENCY

Congress passed the legislation for Chapter 36 of Title 38 U.S.C. 38. The State Approving Agency's mission is to conduct inspection/approval, supervision and provide technical assistance to those programs of education pursued by veterans and other eligible persons receiving educational benefits under Title 38, U.S. Code and Title 10, U.S. Code Chapter 1606. The goals are to ensure that all programs of education, job training, and flight schools are available to veterans and other eligible persons.

FREE HUNTING AND FISHING LICENSE

Act 417 amends and re-enacts Subsection F of Section 104 and Subsection C of Section 333 of Title 56 of the Louisiana Revised Statutes of 1950 to provide disabled veterans

FREE "X-POW" LICENSE PLATES

121 of the Louisiana Legislature amends Title 47 of the Louisiana Revised Statutes of 1950 to provide for the issuance of special license plates to those veterans who were former Prisoners-of-Wars during a Wartime period as defined by R.S. 29:251.2.

The plates are issued without charge and contain the designation of "X-POW" followed by an appropriate number.

The plates are not subject to renewal requirements by the Louisiana Department of Public Safety, and they are issued upon application to any former Prisoner-of-War in lieu of the regular motor vehicle registration license plates. The application must be accompanied by appropriate verification of the veteran's status as a former Prisoner-of-War.

The plates are permanent and may be transferred from one vehicle to another, provided the Louisiana Department of Public Safety is furnished the necessary information on the other vehicle. More than one plate may be issued to each eligible veteran. This plate may be retained and used by the surviving spouse in the event of the death of the X-POW (Act 824, 1985 Regular Session).

Applications for the above mentioned benefits may be obtained at your local Parish Veterans Service Office.

SPECIAL PRESTIGE LICENSE PLATES FOR CERTAIN VETERANS AND RETIREES

The Louisiana Legislature has authorized the Division of Motor Vehicles to issue prestige license plates to certain Louisiana veterans and retired (military) veterans. These plates will be issued for use on any privately-owned passenger car, pickup truck, or van of the veteran applicant. The cost of these plates are the same as the regular issue. Contact the Office of Motor Vehicles to obtain a detailed list of these prestige plates and the requirements for issuance thereof.

Veterans preference also extends to layoffs over other employees of equal lengths of service and efficiency ratings.
