

SESSION OF 2003

SUPPLEMENTAL NOTE ON HOUSE BILL NO. 2118

As Recommended by House Committee on
Transportation

Brief*

HB 2118 pertains to antique vehicle license plates issued prior to 1921. Unlike plates issued in 1921 and thereafter, plates issued from 1913 to 1920 were not embossed with the year of expiration. This bill would allow the display on an antique vehicle of a Kansas license plate issued the same year the vehicle was manufactured. The bill also would remove the requirement of notary certification on assignments of title for antique vehicles.

The bill would take effect from and after its publication in the *Kansas Register*.

Background

Representative Bob Bethell and a Topeka resident testified in support of the bill. No opponents presented testimony to the House Transportation Committee.

The Department of Revenue indicates that the bill would have no fiscal effect on its operations or on state revenues. The Department reports the number of 1921 or earlier vehicles is small and would not create administrative problems.
