

SESSION OF 2009

SUPPLEMENTAL NOTE ON HOUSE BILL NO. 2003

As Amended by House Committee on
Higher Education

Brief*

HB 2003 would make a variety of technical amendments to statutes governing postsecondary technical education. Specifically, the bill would codify provisions that have been included in appropriations bills *provisos* regarding development of a funding model for postsecondary technical education, update references to federal law, and replace outdated or unnecessary terminology.

Background

The bill was introduced by the Legislative Educational Planning Committee at the request of the Kansas Board of Regents.

At the House Higher Education Committee hearing on the bill, a representative of the Kansas Postsecondary Technical Education Authority presented testimony in support of the bill. No opponents presented testimony to the House Committee.

The House Committee amendments were technical.

The fiscal note prepared by the Budget Division for the bill states that enactment of the bill would not have a fiscal effect.
