Chairman Proctor and Members of the Election Committee,

I am submitting my testimony supporting SB208. I highly support the removal of any and all remote ballot drop boxes. I feel voting is a right, but responsibilities come along with that right. It is up to the person to make sure their mail in ballot is returned by the deadline on election day. Ballots can be returned to the county clerk or election commissioner office, any early remote voting location, and any polling location on election day. If you can drive, run, walk, fly, or swim to a remote ballot box, you can do the same and get your ballot to these monitored polling locations. In this day and age, fraud is always a possibility. Why allow for another possible point of fraud, when people can drop off at secure polling locations. Again, I am voicing my support to pass SB208 favorably out of committee.

Respectfully,

Brett Anderson
Precinct 623 Committeeman
Sedgwick County
