

Kansas Department of Commerce
TEFFI Development and Expansion Fund Testimony
Rachel Willis, Director of Legislative Affairs
Joint Committee on Fiduciary Financial Institutions Oversight
November 7th, 10:45am
Room 582 N

In 2021, the Technology-enabled Fiduciary Financial Institutions Act established the Technology-enabled Fiduciary Financial Institutions Development and Expansion Fund, which is administered by the Department of Commerce. It requires expenditures from the fund to be for economic development projects in the economic development growth zones in state and for promoting and facilitating the development and growth of trust banks, fidfin activities, and custodial services in Kansas and to locate trust bank office space in an economic growth zone.

After receiving funding, Commerce developed an application for a grant program called SEED – Strategic Economic Expansion and Development (SEED). The purpose of the grant is to support the economic revitalization of Kansas communities under 5,000 population through investments in quality-of-life initiatives. The first application was released to the public in August 2022 and award announcements were made in December 2022.

During the first round, Commerce received 109 applications with a total funding request of \$4.7M. With \$2.7M available for funding, 61 applications were awarded. Below is a list of the 2022 SEED grantees.

County	Organization	Category(s)	Requested Amount

The second round of SEED funding was announced, and an informational webinar was hosted on August 28th, 2023. The application deadline was October 27th, and Commerce received 68 applications requesting a total of \$1.6M. The total amount of available funding this round is \$270,000.

The 2023 SEED grant eligibility requirements include:

- Projects must be in areas with a population of not more than 5,000 people located in the original 78 economic development zones.
- Applicants must be county or municipal governments, economic development organizations, local chamber of commerce, library system, tribal organizations or 501(c)3/501(c)6 non-profit organizations.
- 10 percent match with a minimum request amount of \$10,000 and a maximum award amount of \$25,000.
- Projects must fit into one of the following categories: community vibrancy, childcare and senior programming, libraries or food retail.
- Projects must be completed within 12 months.
- Applicants who have not received a BASE, HEAL or SEED grant will receive bonus points.
- Funds must be used for tangible projects. Funds cannot be used for strategic planning, consultant reviews, community conversations or related activities.
- The funding cannot be used to support one-time programming such as speaker fees, event fees or salaries.

Commerce is completing eligibility reviews and then will conduct merit reviews. During those reviews, the project description, project scope, budget and timeline, as well as pictures and any optional materials or information that was provided by the applicant, will be examined and scored. Award announcements for the second round will be made in December.
