

Hello. I am writing to express my support for SB 128. Private education has played an important part in my life. My parents sacrificed financially to send me to Berean Academy in Elbing, KS. I am blessed to be able to send my own children to the same school. My husband works long hours of overtime to be able to afford the private school tuition. SB 128 would be life changing for us, giving my husband more time with his family and less financial stress on us all.

Please support SB 128 and thank you for serving the state of Kansas!

Respectfully,

Megan Potter
