SB 128 – Ad Astra Opportunity Tax Credit

Proponent Testimony

Written Only Testimony

Trevor Jacobs

Fort Scott, Kansas

Senate District # 12

Honorable Chairwoman Tyson, Vice-Chair Peck, Ranking Minority Holland, and Committee Members:

Thank you for allowing me to present my written testimony to you and taking the time to read it.

I believe this tax credit that is being proposed in SB 128 would be extremely helpful to families who may need monetary assistance to see their children have a better educational experience in their lives.

The Ad Astra Opportunity Tax Credit is a voluntary tax credit that may allow the availability for other alternative educational choices.

I believe that this bill allows Kansans to see their tax dollars work for them. We know that not all cookie cutter curriculum and classroom procedures work for every child in the state of Kansas. This promotes other alternative opportunities for other options, it also promotes the freedom for the people of Kansas to make affordable choices for their children's education.

I urge your support for SB 128.

Thank you,

Trevor Jacobs
