

Dear Madam Chairwoman Tyson and Members of the Senate Assessment and Taxation Committee,

I fully support SCR 1610 and urge you to do the same.

We have worked all our lives to be able to have our house paid for when we retired so we could be in our children and grand childrens lives. We were able to do so while living in a 1375 sq foot house 2 bedrooms living room, kitchen combined. Home Depot cabinets, laminate countertops and a plastic shower surround. Our retirement income is fixed with no other outside source of income. Now in our 70s we could be forced to move to another state just to able to survive. Leaving behind our treasures which are our children and grandchildren. Please support this action not only for us but all the other senior citizens that have done their part and paid all their taxes.

Sincerely

Danny & Kimberly Goodsell
