

Dear Madam Chairwoman Tyson and members of the Senate Assessment and Taxation Committee,

I fully support SCR 1610 and urge you to do the same. I'm 74 and my wife is 80 years old. I'm retired and my wife is still working. She has copd and is struggling to work every day. We want to end our days living in this house and property. We have worked all our lives paying taxes. We've paid off everything. But the taxes on real estate are going to force us out of our home. They're going so high we can't afford them and higher insurance too. Please support SCR1610.

Thanks for your time.
