Proponent, Written only testimony, SB 366

Chairman Thompson and Members,

I am a proponent to sb 366. The election office can not send out notices to register for early voting pre-filled with personal information.

This was done in the last election and was very upsetting to me. Anyone could have received my personal information. I receive other people's mail all the time. I am sure I do not get mine delivered to me all the time as well.

Thank you for supporting Sb 366.

Debbie Detmer
