SB446

Proponent

Written Only

Chairman Thompson and Members of the Senate Federal & State Affairs Committee,

I am submitting my testimony in being a proponent of SB446. I highly support the regulation of foreign adversaries being investors and owning land in the state of Kansas. We live in a different world these days. The US has been under attack from the outside as well as the inside. The southern border is wide open. Hard telling who or what has made its way inside the country as well as the state of Kansas. I feel it is time to start saying no to investors who are deemed to be a threat to our state's safety. This isn't a race or nationality issue; it is a matter of protecting our own interests and safety. I believe the state has the right to do so. Again, I am voicing my support for bill SB446.

Respectfully,

Brett Anderson
