

Committee on Local Government

March 22, 2023

Position: Proponent

Written Testimony for SB 312

Dear Members of the Committee on Local Government:

Please stand for my rights as a future land owner in Kansas, and vote YES on SB 312. I currently own a home and intend to purchase land in the near future. If I am unable to be guaranteed protections, why would I want to invest in this state?

Before any corporation, utility, or government entity exercises its powers of eminent domain, they MUST have UNANIMOUS approval by the land owner's local board of county commissioners.

Protect our property rights by giving us local control over eminent domain.

I urge you to vote in favor of this bill.

Thank you.

Benee Hudson

Overland Park
