Opponent, SB 314

Respected Chairman Gossage and Committee Members,

I oppose SB 314.

When SB 315 is so thorough and complete, why would anyone think SB 314 is a good idea? It is possible SB 314 would allow for the religious exemption for the China virus shot only and would repeal the statute that gives us religious exemptions for all vaccines. Why would anyone, any of you, vote YES for this? Please don't.

Please vote NO on SB 314.

Most Sincerely,

Jill O'Connor
