

To Whom It May Concern,

This past year we looked at Jakes Fireworks for a fundraising opportunity for Humboldt high school wrestling.

My wrestling team operated a firework stand this past year in Humboldt Kansas provided by Jakes Firework's. When the word got out the proceeds went to help support the wrestling team the community stepped up big, we profited close to \$4,000.00 to help buy singlets, warmups and equipment for the team.

Here's a glimpse of what we've accomplished

We were able to buy new warm-ups and new singlets for both the boys and girls wrestling team.

The plan for 2025 is to buy a new wrestling mat which costs around \$10,000.00. If we could sell fireworks for a couple more days in July, I believe this would be achievable.

Jakes Fireworks made everything possible for my wrestling team. Without this opportunity my team would still be wearing 10-year-old uniforms. My saying is "look good wrestle good."

Sincerely,

Kent Goodner

Humboldt's Head Boys and Girls Wrestling Coach
